(57) **CLAIM**

The ornamental design for a combined torch holder and driving cap, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a combined torch holder and driving cap, showing my new design, this view showing a drive cap being suspended from a clamp screw by its flexible strap; FIG. 2 is a top plan view thereof with the driving cap removed for clarity of the illustration; FIG. 3 is a bottom view thereof; FIG. 4 is a left side view thereof, this view also showing the driving cap and flexible strap, in dashed outline, in an alternate seated and driving position, the right side view being a mirror image thereof; FIG. 5 is a rear view thereof and showing the driving cap in the alternate and driving position; and, FIG. 6 is a rear view of the driving cap being removed from the torch holder for clarity of the illustration.
