(57) **CLAIM**

I claim the ornamental design for a communication device, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the communication device; FIG. 2 is a front elevational view of the communication device; FIG. 3 is a back elevational view of the communication device; FIG. 4 is a top elevational view of the communication device; FIG. 5 is a bottom elevational view of the communication device; FIG. 6 is a right side elevational view of the communication device; and, FIG. 7 is a left side elevational view of the communication device.

The broken line showing of a portion of the human form in FIGS. 2 and 6 is for illustrative purposes only and forms no part of the claimed design.
