(57) **CLAIM**

The ornamental design for a bag holder, as shown and described.

DESCRIPTION

FIG. 1 is a diagrammatic perspective view of a first embodiment of the bag holder having a tongue portion shown in broken lines. A bag is shown in broken lines representing environmental association matter for illustrative purposes only and forming no part of the claimed invention.

FIG. 2 is a front elevational view thereof, the rear elevational view being a mirror image of the front view of the first embodiment.

FIG. 3 is a top plan view of the first embodiment.

FIG. 4 is a bottom plan view of the first embodiment.

FIG. 5 is a left side elevational view of the bag holder of the first embodiment.

FIG. 6 is a right side elevational view of the bag holder of the first embodiment.

FIG. 7 is a diagrammatic perspective view of a second embodiment of the bag holder in full lines with a bag shown in broken lines representing environmental association matter for illustrative purposes only and forming no part of the claimed invention; and,

FIG. 8 is a front elevational view of the second embodiment, the rear elevational view being a mirror image of the front view.
