(57) **CLAIM**

The ornamental design of a headrest or seat back entertainment display, as shown and described.

DESCRIPTION

FIG. 1 is the front view of the headrest or seat back entertainment display of our new design;

FIG. 2 is the back view of the headrest or seat back entertainment display of our new design;

FIG. 3 is the top side view of the headrest or seat back entertainment display of our new design;

FIG. 4 is the bottom side view of the headrest or seat back entertainment display of our new design;

FIG. 5 is the right side view of the headrest or seat back entertainment display of our new design;

FIG. 6 is the left side view of the headrest or seat back entertainment display of our new design;

FIG. 7 is the trimetric view of the headrest or seat back entertainment display of our new design;

FIG. 8 is an expanded detailed view of the front view of the headrest or seat back entertainment display of our new design;

FIG. 9 is an expanded detailed view of the back view of the headrest or seat back entertainment display of our new design;

FIG. 10 is an expanded detailed view of the top side view of the headrest or seat back entertainment display of our new design;

FIG. 11 is an expanded detailed view of the bottom side view of the headrest or seat back entertainment display of our new design;

FIG. 12 is an expanded detailed view of the right side view of the headrest or seat back entertainment display of our new design;

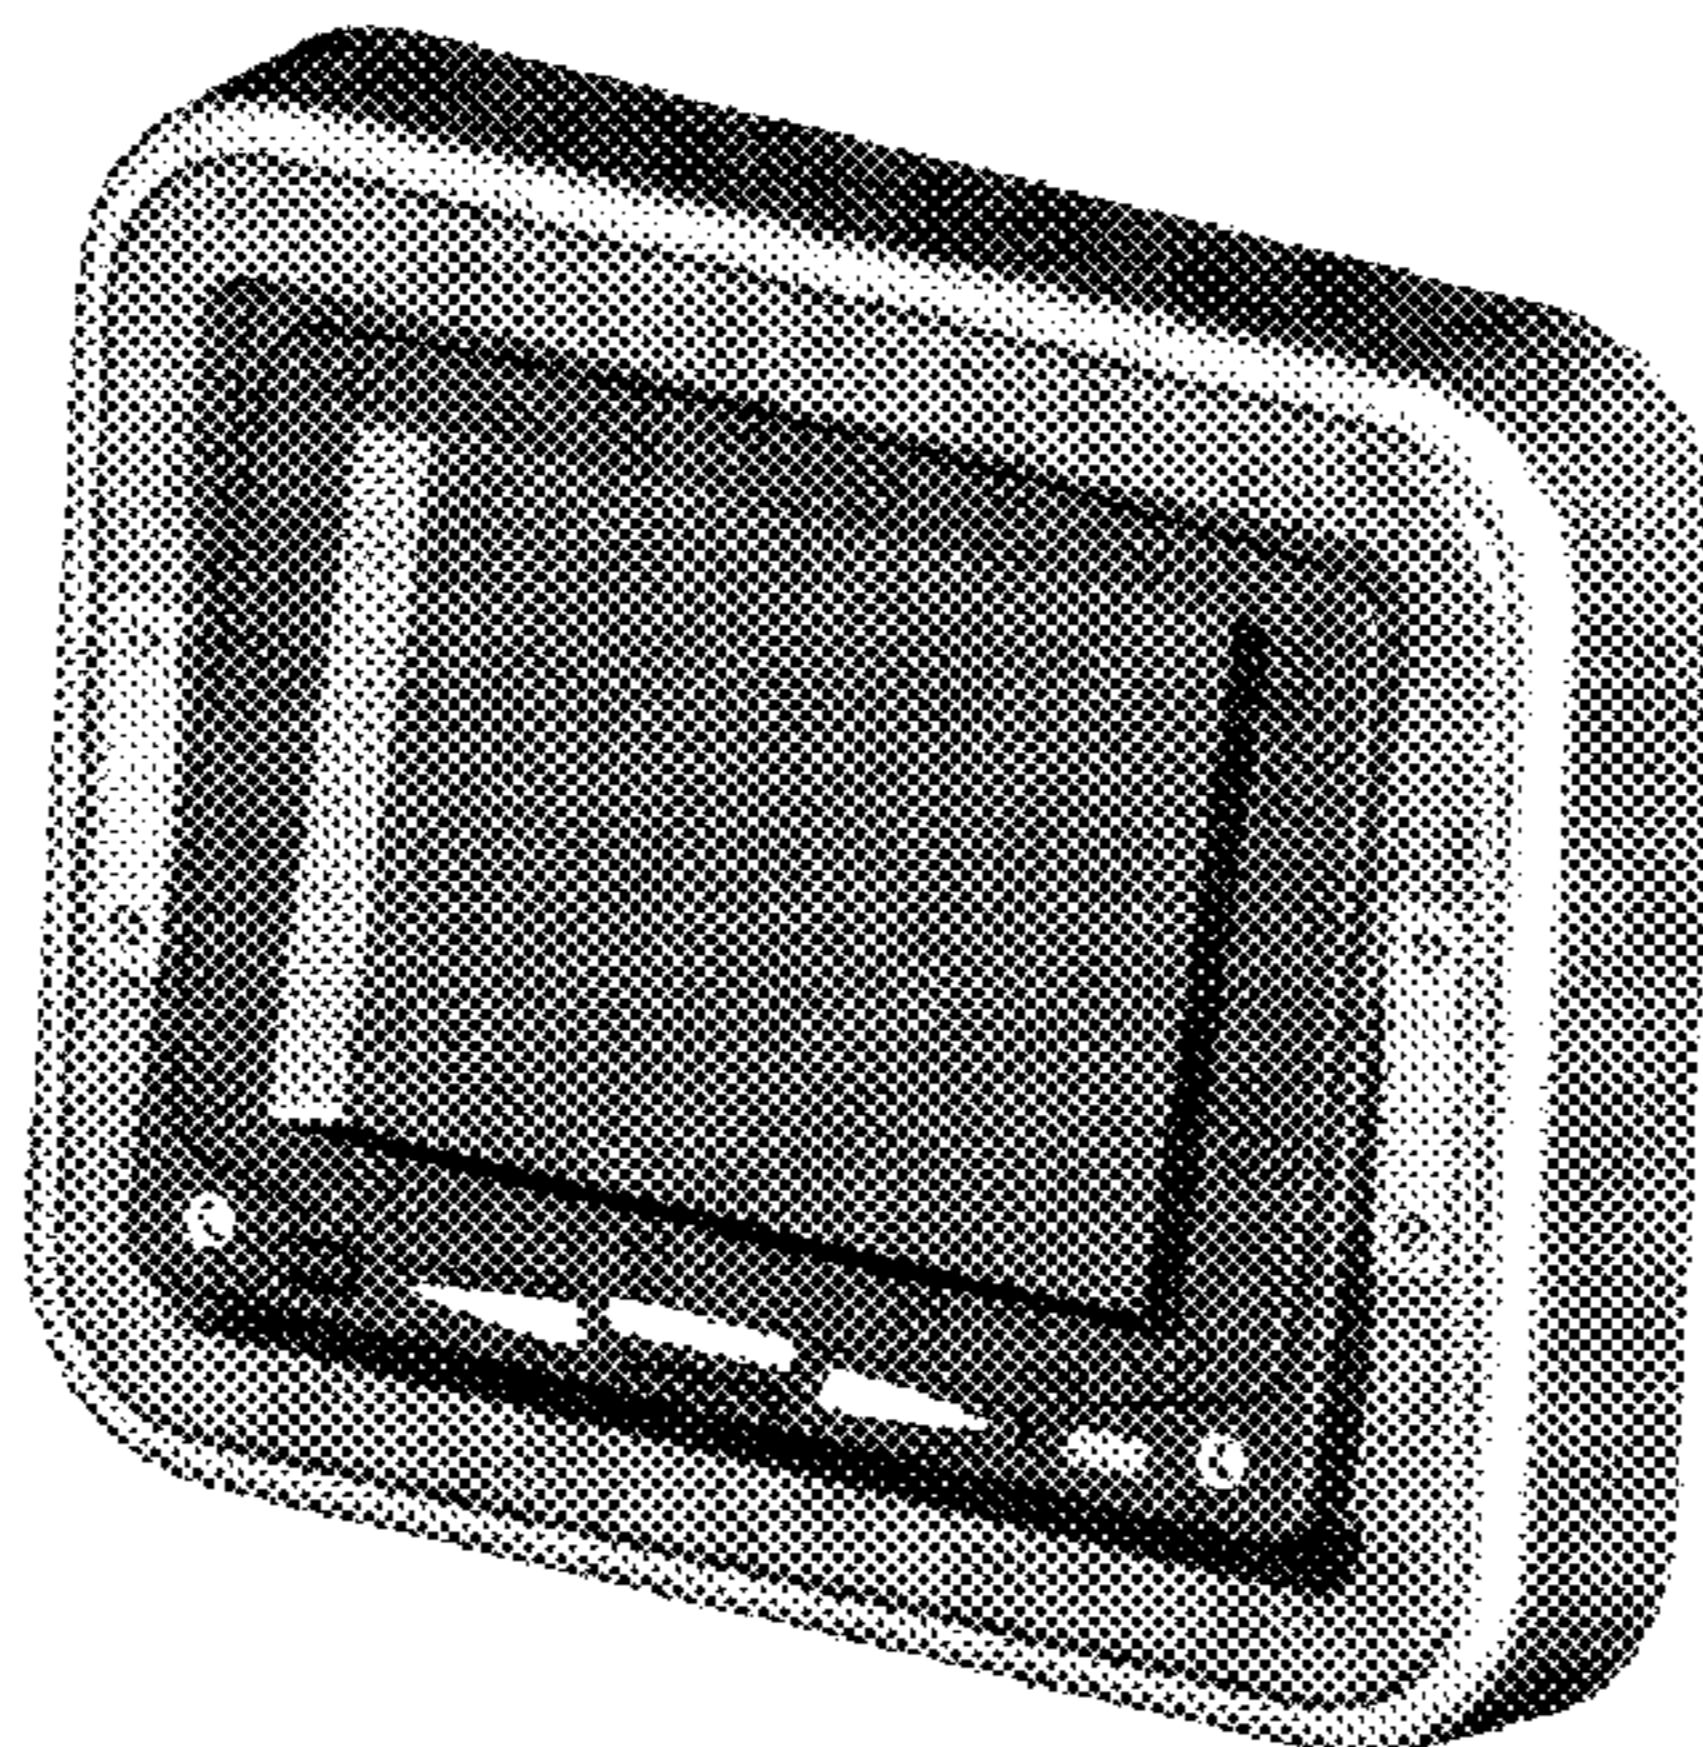

FIG. 13 is an expanded detailed view of the left side view of the headrest or seat back entertainment display of our new design;

FIG. 14 is an expanded detailed view of the trimetric view of the headrest or seat back entertainment display of our new design;

FIG. 15 is a detailed view of the trimetric view of the headrest or seat back entertainment display of our new design with the display screen rotated out at the bottom; and,

FIG. 16 is a detailed view of the trimetric view of the headrest or seat back entertainment display of our new design with the display screen rotated out at the top.
