(57) **CLAIM**

The ornamental design for the combined ceiling fan and up light and down light, as shown and described.

DESCRIPTION

This application is related to and certains common subject matter with U.S. Application Ser. No. 29/142,805, filed concurrently herewith, now pending.

FIG. 1 is a perspective view from below of the combined ceiling fan and up light and down light in accordance with my design;

FIG. 2 is an enlarged perspective view from below of the combined ceiling fan and up light and down light in accordance with my design;

FIG. 3 is a greatly enlarged perspective view from below of the combined ceiling fan and up light and down light in accordance with my design;

FIG. 4 is a bottom plan view of the combined ceiling fan and up light and down light in accordance with my design;

FIG. 5 is a top plan view of the combined ceiling fan and up light and down light in accordance with my design;

FIG. 6 is a top plan view of the combined ceiling fan and up light and down light in accordance with the design illustrated in FIG. 5 with the translucent light cover removed for purposes of viewing the lighting below the cover;

FIG. 7 is a top plan view of the combined ceiling fan and up light and down light in accordance with the design illustrated in FIG. 6 with the translucent light cover removed and the lighting illuminated;

FIG. 8 is a greatly enlarged partial top plan view of the combined ceiling fan and up light and down light;

FIG. 9 is a greatly enlarged partial top plan view of the combined ceiling fan and up light and down light in accordance with the design illustrated in FIG. 8, with the translucent light cover removed for purposes of viewing the lighting below the cover;

FIG. 10 is a greatly enlarged partial top plan view of the combined ceiling fan and up light and down light in accordance with the design illustrated in FIG. 9 with the translucent light cover removed and the lights illuminated;

FIG. 11 is a side view of the combined ceiling fan and up light and down light in accordance with my design;

FIG. 12 is a front view of the combined ceiling fan and up light and down light in accordance with my design; and,

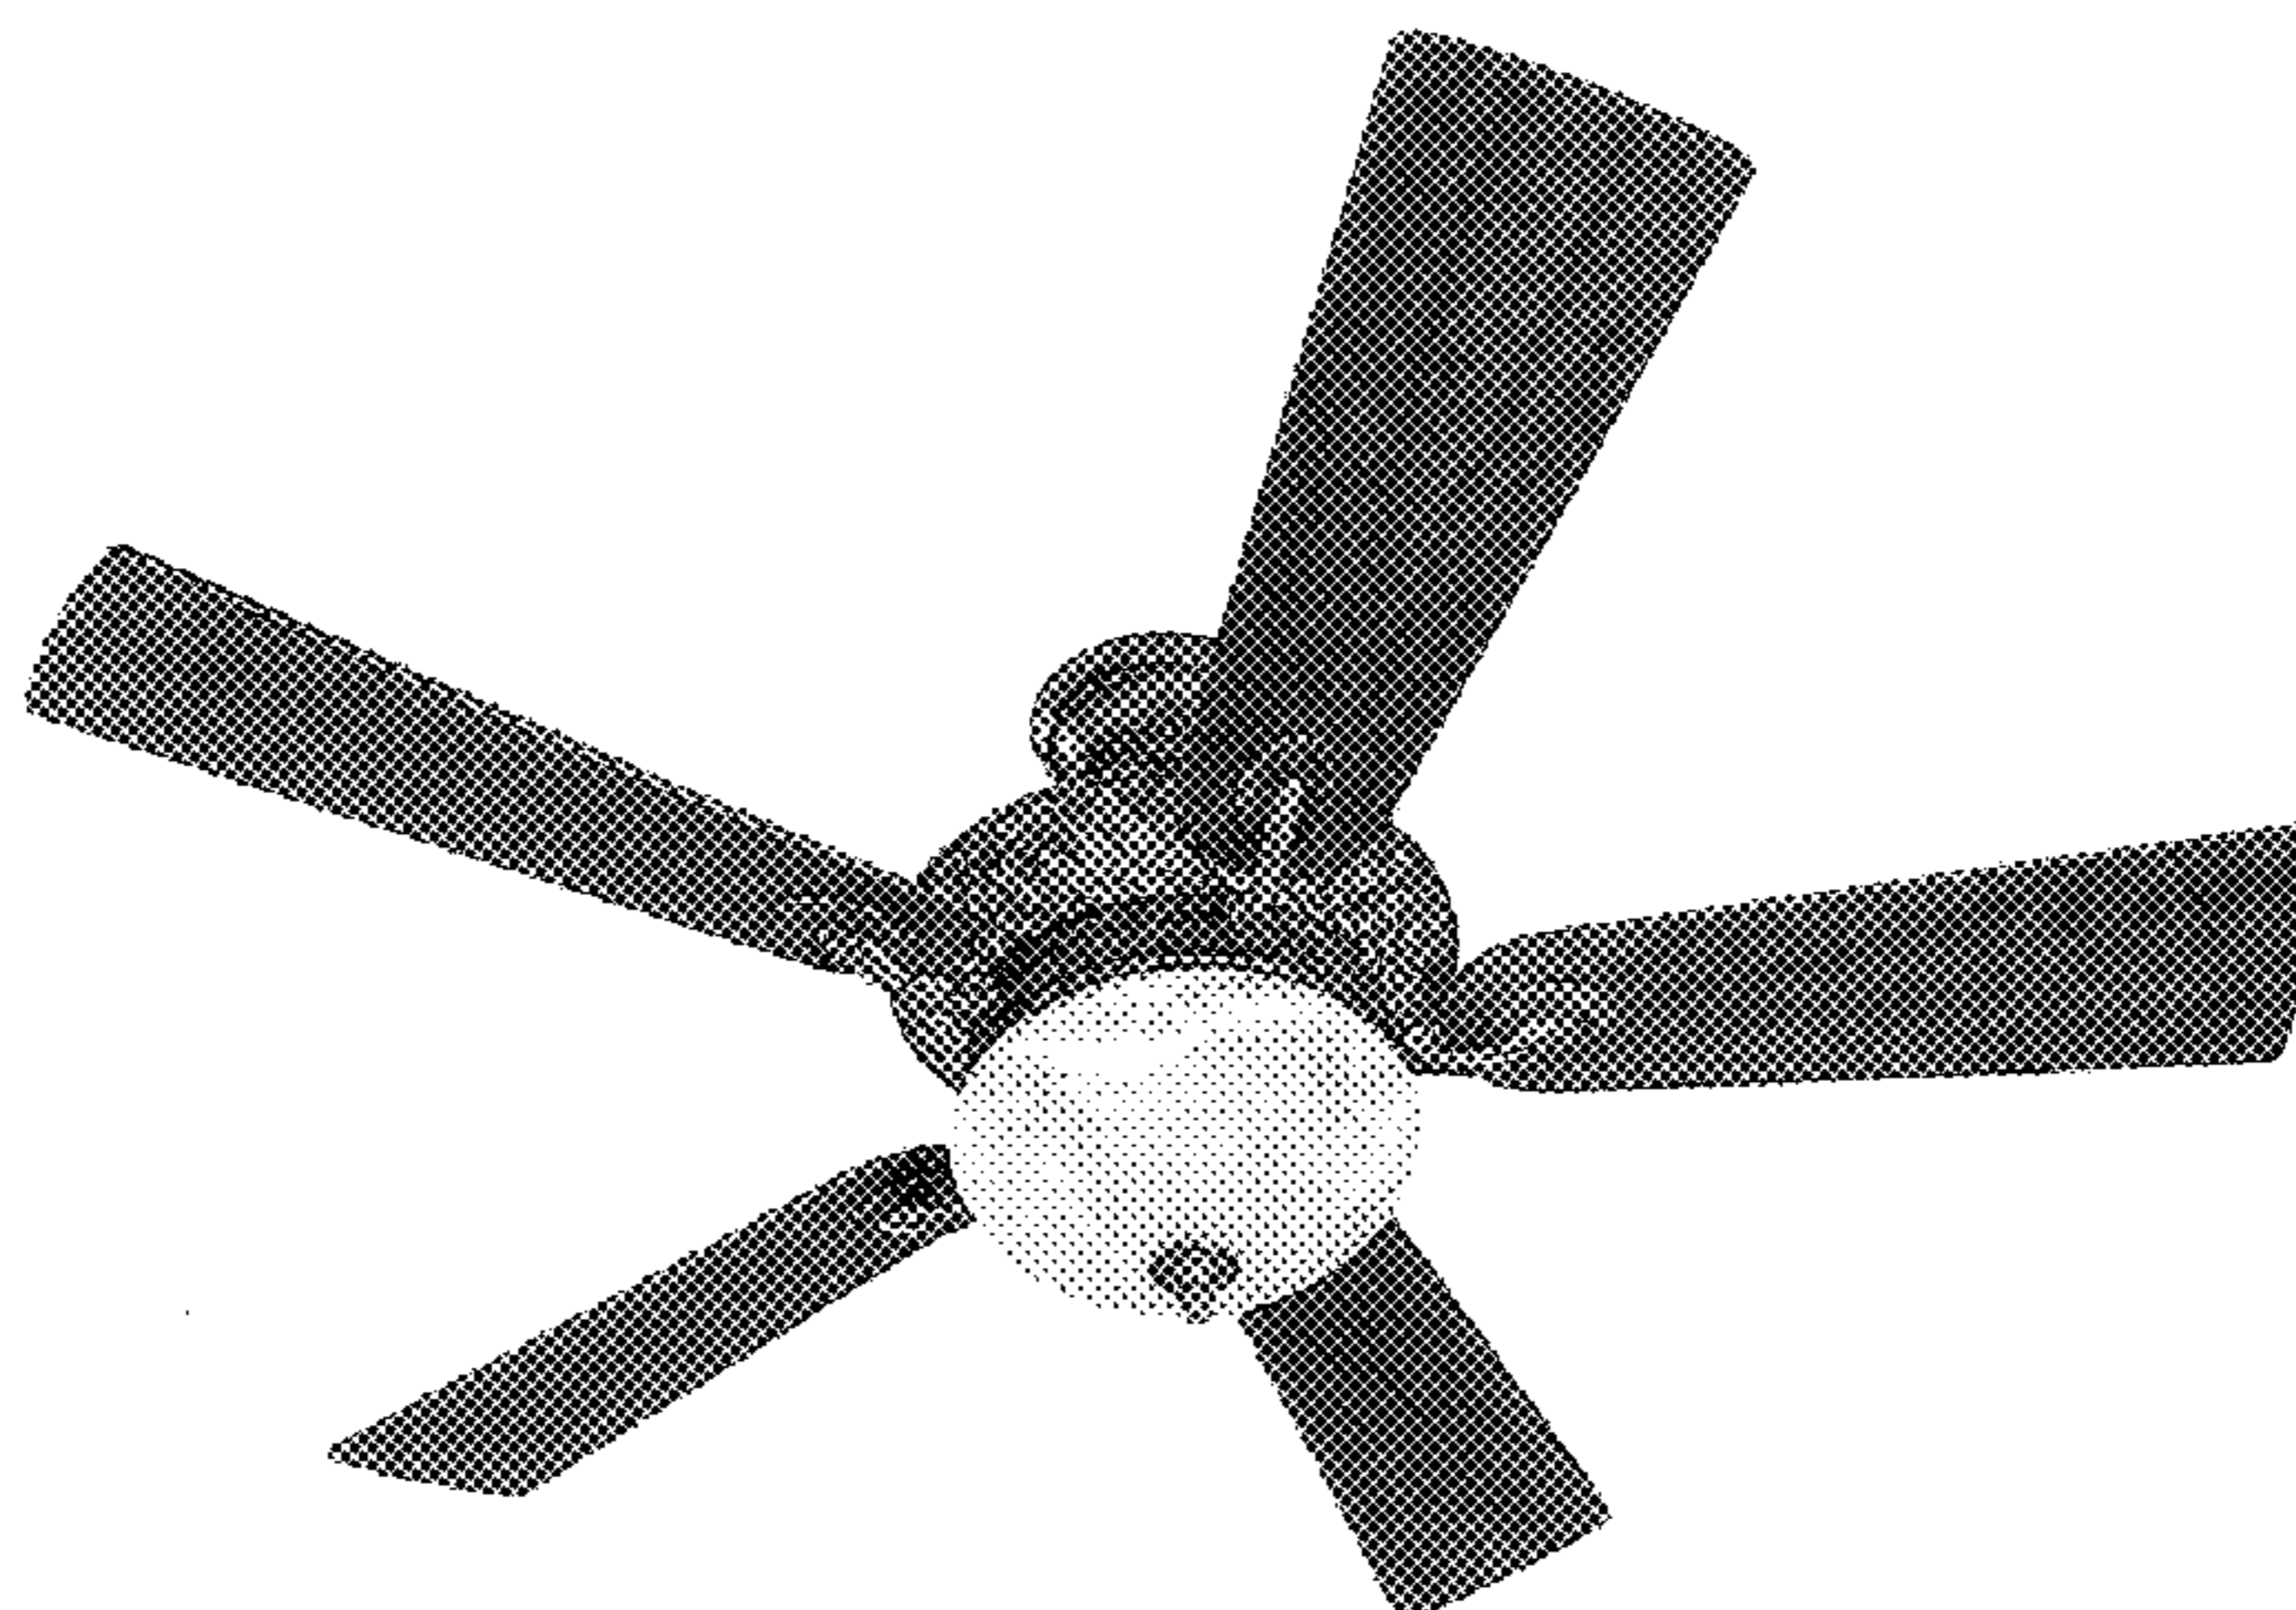

FIG. 13 is a greatly enlarged partial front view of the combined ceiling fan and up light and down light in accordance with my design.

The front and rear elevational views are mirror images of each other except for the position of the blades.

The left and right side elevational views are mirror images of each other except for the position of the blades.

The electric wiring extending from the upper portion of the ceiling fan in FIGS. 6, 7, 9 and 10 forms no part of the claimed design and applicant expressly disclaims any right to said subject matter.
