(57) **CLAIM**

The ornamental design for a body for hand held machine tool, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a body for hand held machine tool showing our new design.

FIG. 2 is a left side elevational view of the body for hand held machine tool shown in FIG. 1.

FIG. 3 is a right side elevational view of the body for hand held machine tool shown in FIG. 1.

FIG. 4 is a top view of the body for hand held machine tool shown in FIG. 1.

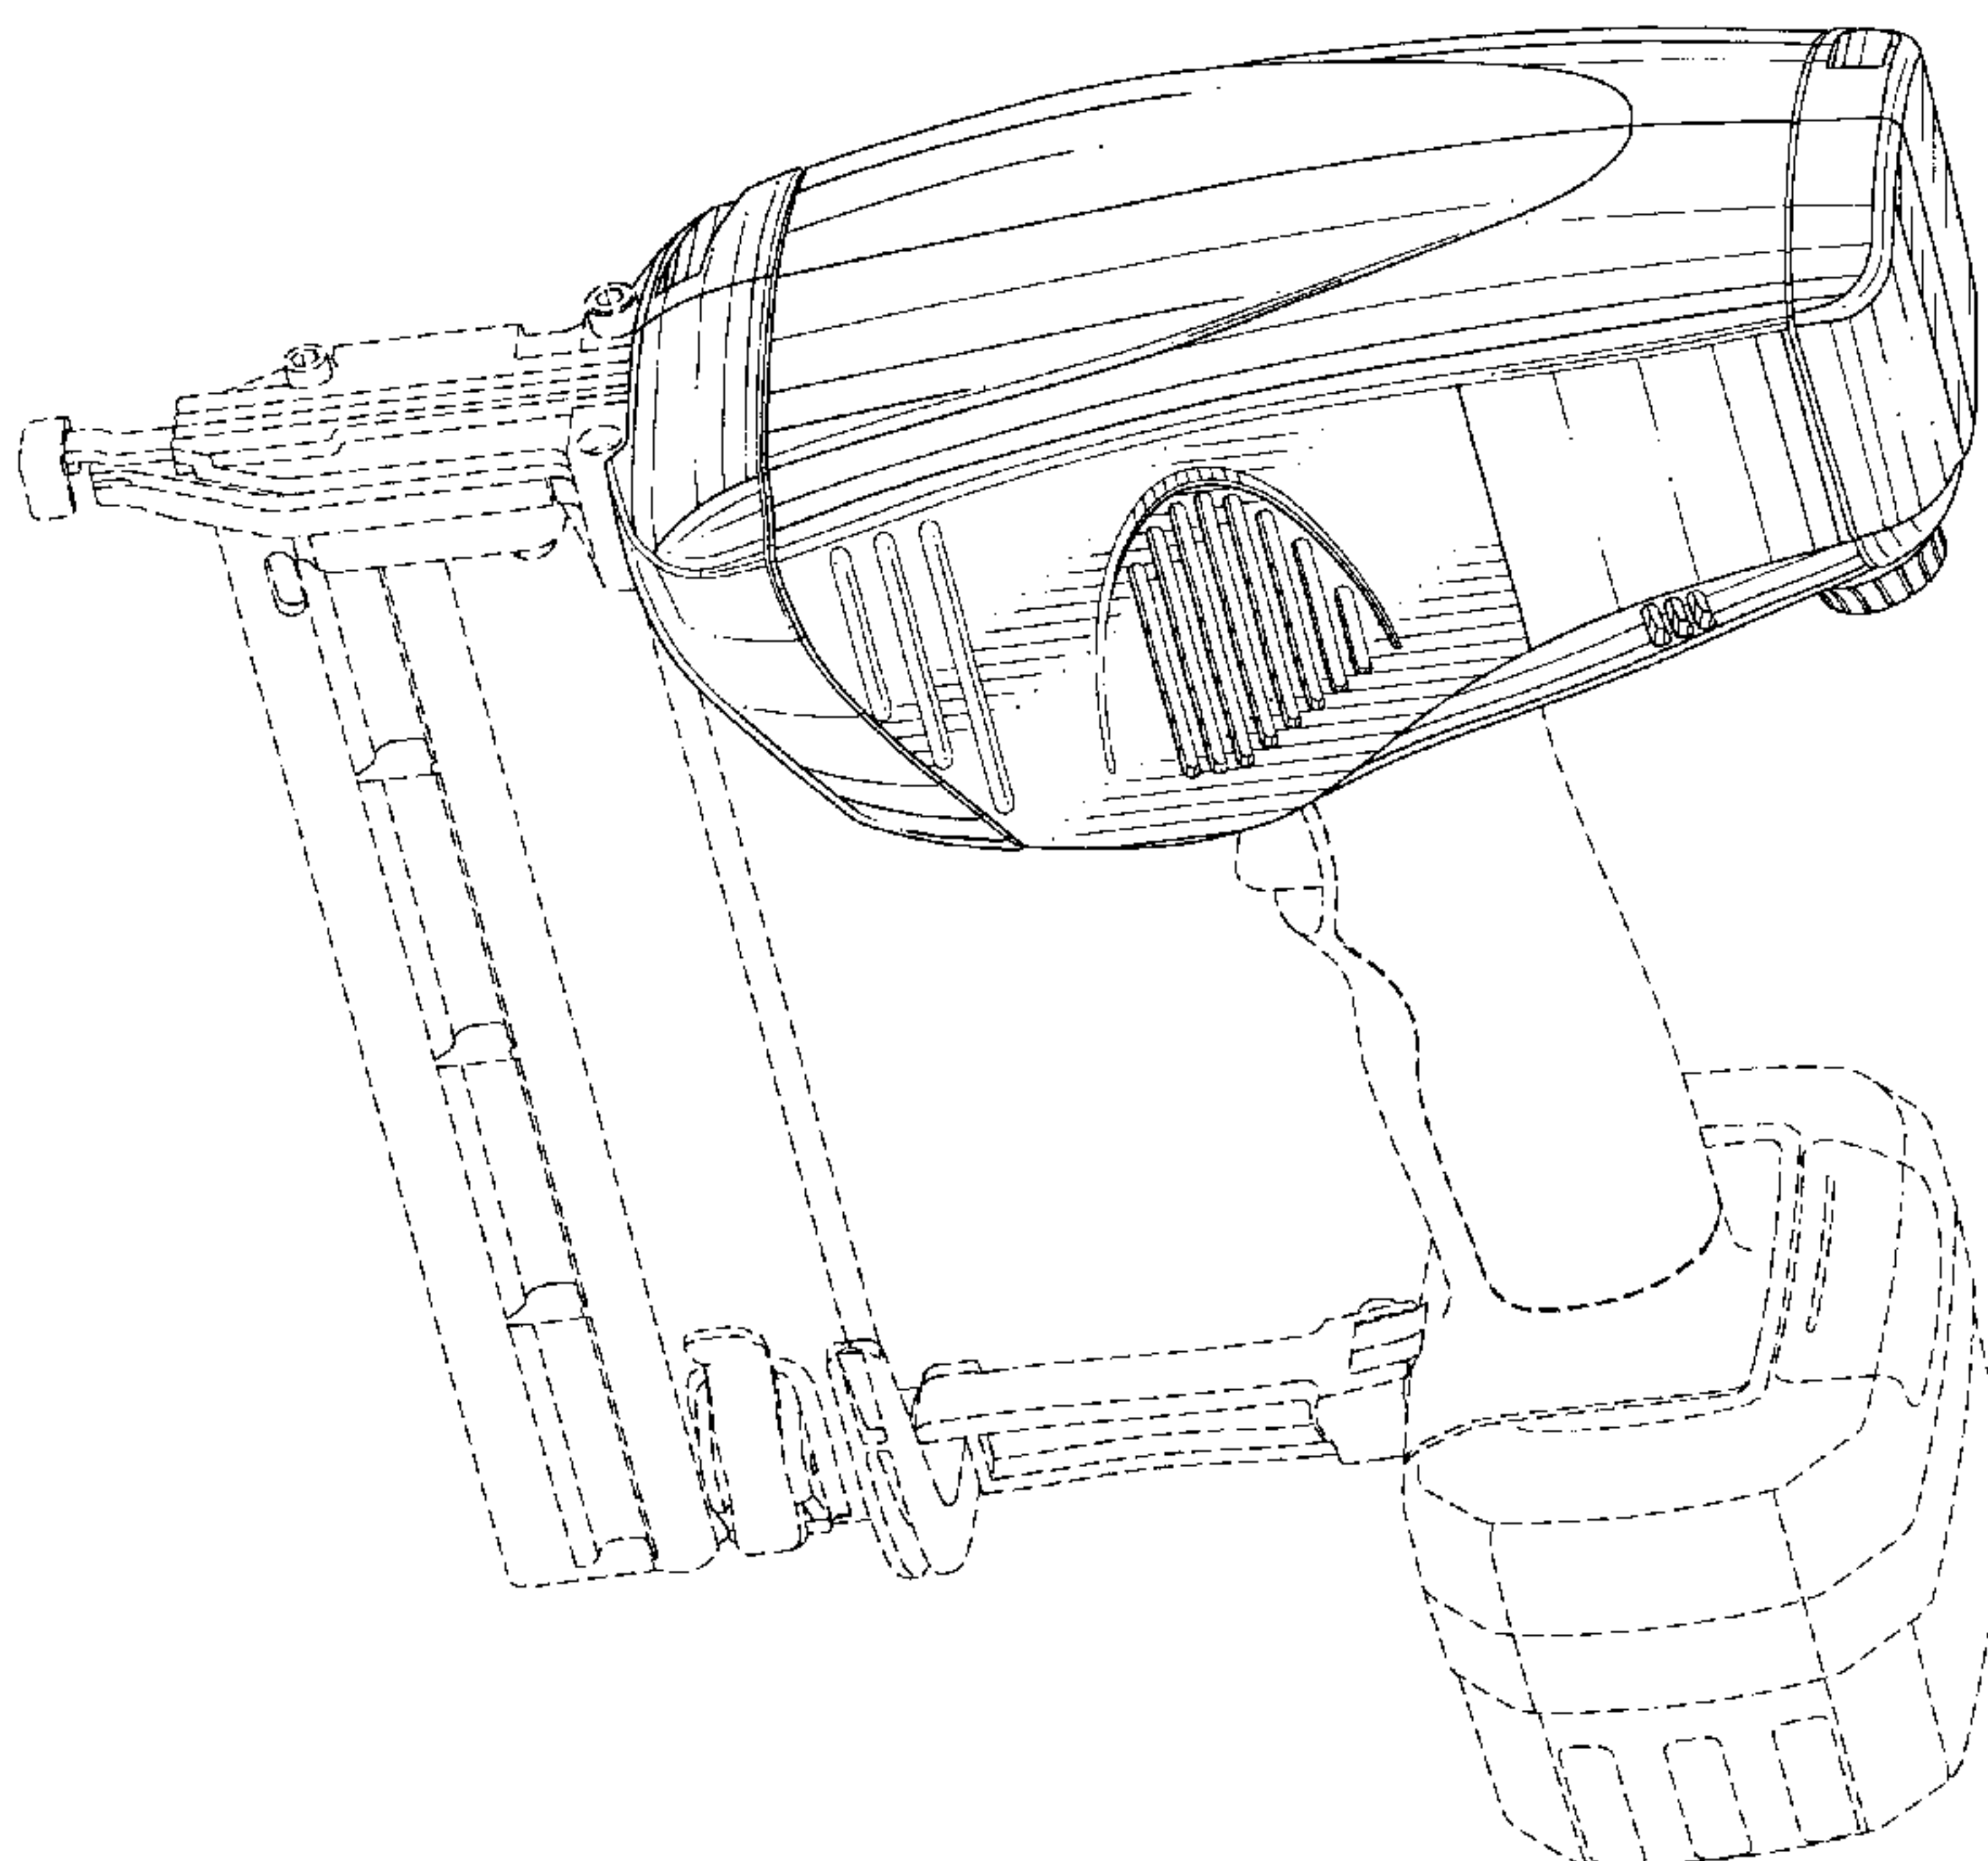

FIG. 5 is a bottom view of the body for hand held machine tool shown in FIG. 1.

FIG. 6 is a rear elevational view of the body for hand held machine tool shown in FIG. 1; and,

FIG. 7 is a front elevational view of the body for hand held machine tool shown in FIG. 1.

The broken lines in the drawings are for illustrative purposes only and form no part of the claimed design.
