(57) **CLAIM**

The ornamental design for a counting device, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a counting device, showing the top, the left side and the front of our new design;

FIG. 2 is an elevational view of the front of the counting device;

FIG. 3 is an elevational view of the back of the counting device;

FIG. 4 is an elevational view of the left side of the counting device;

FIG. 5 is an elevational view of the right side of the counting device;

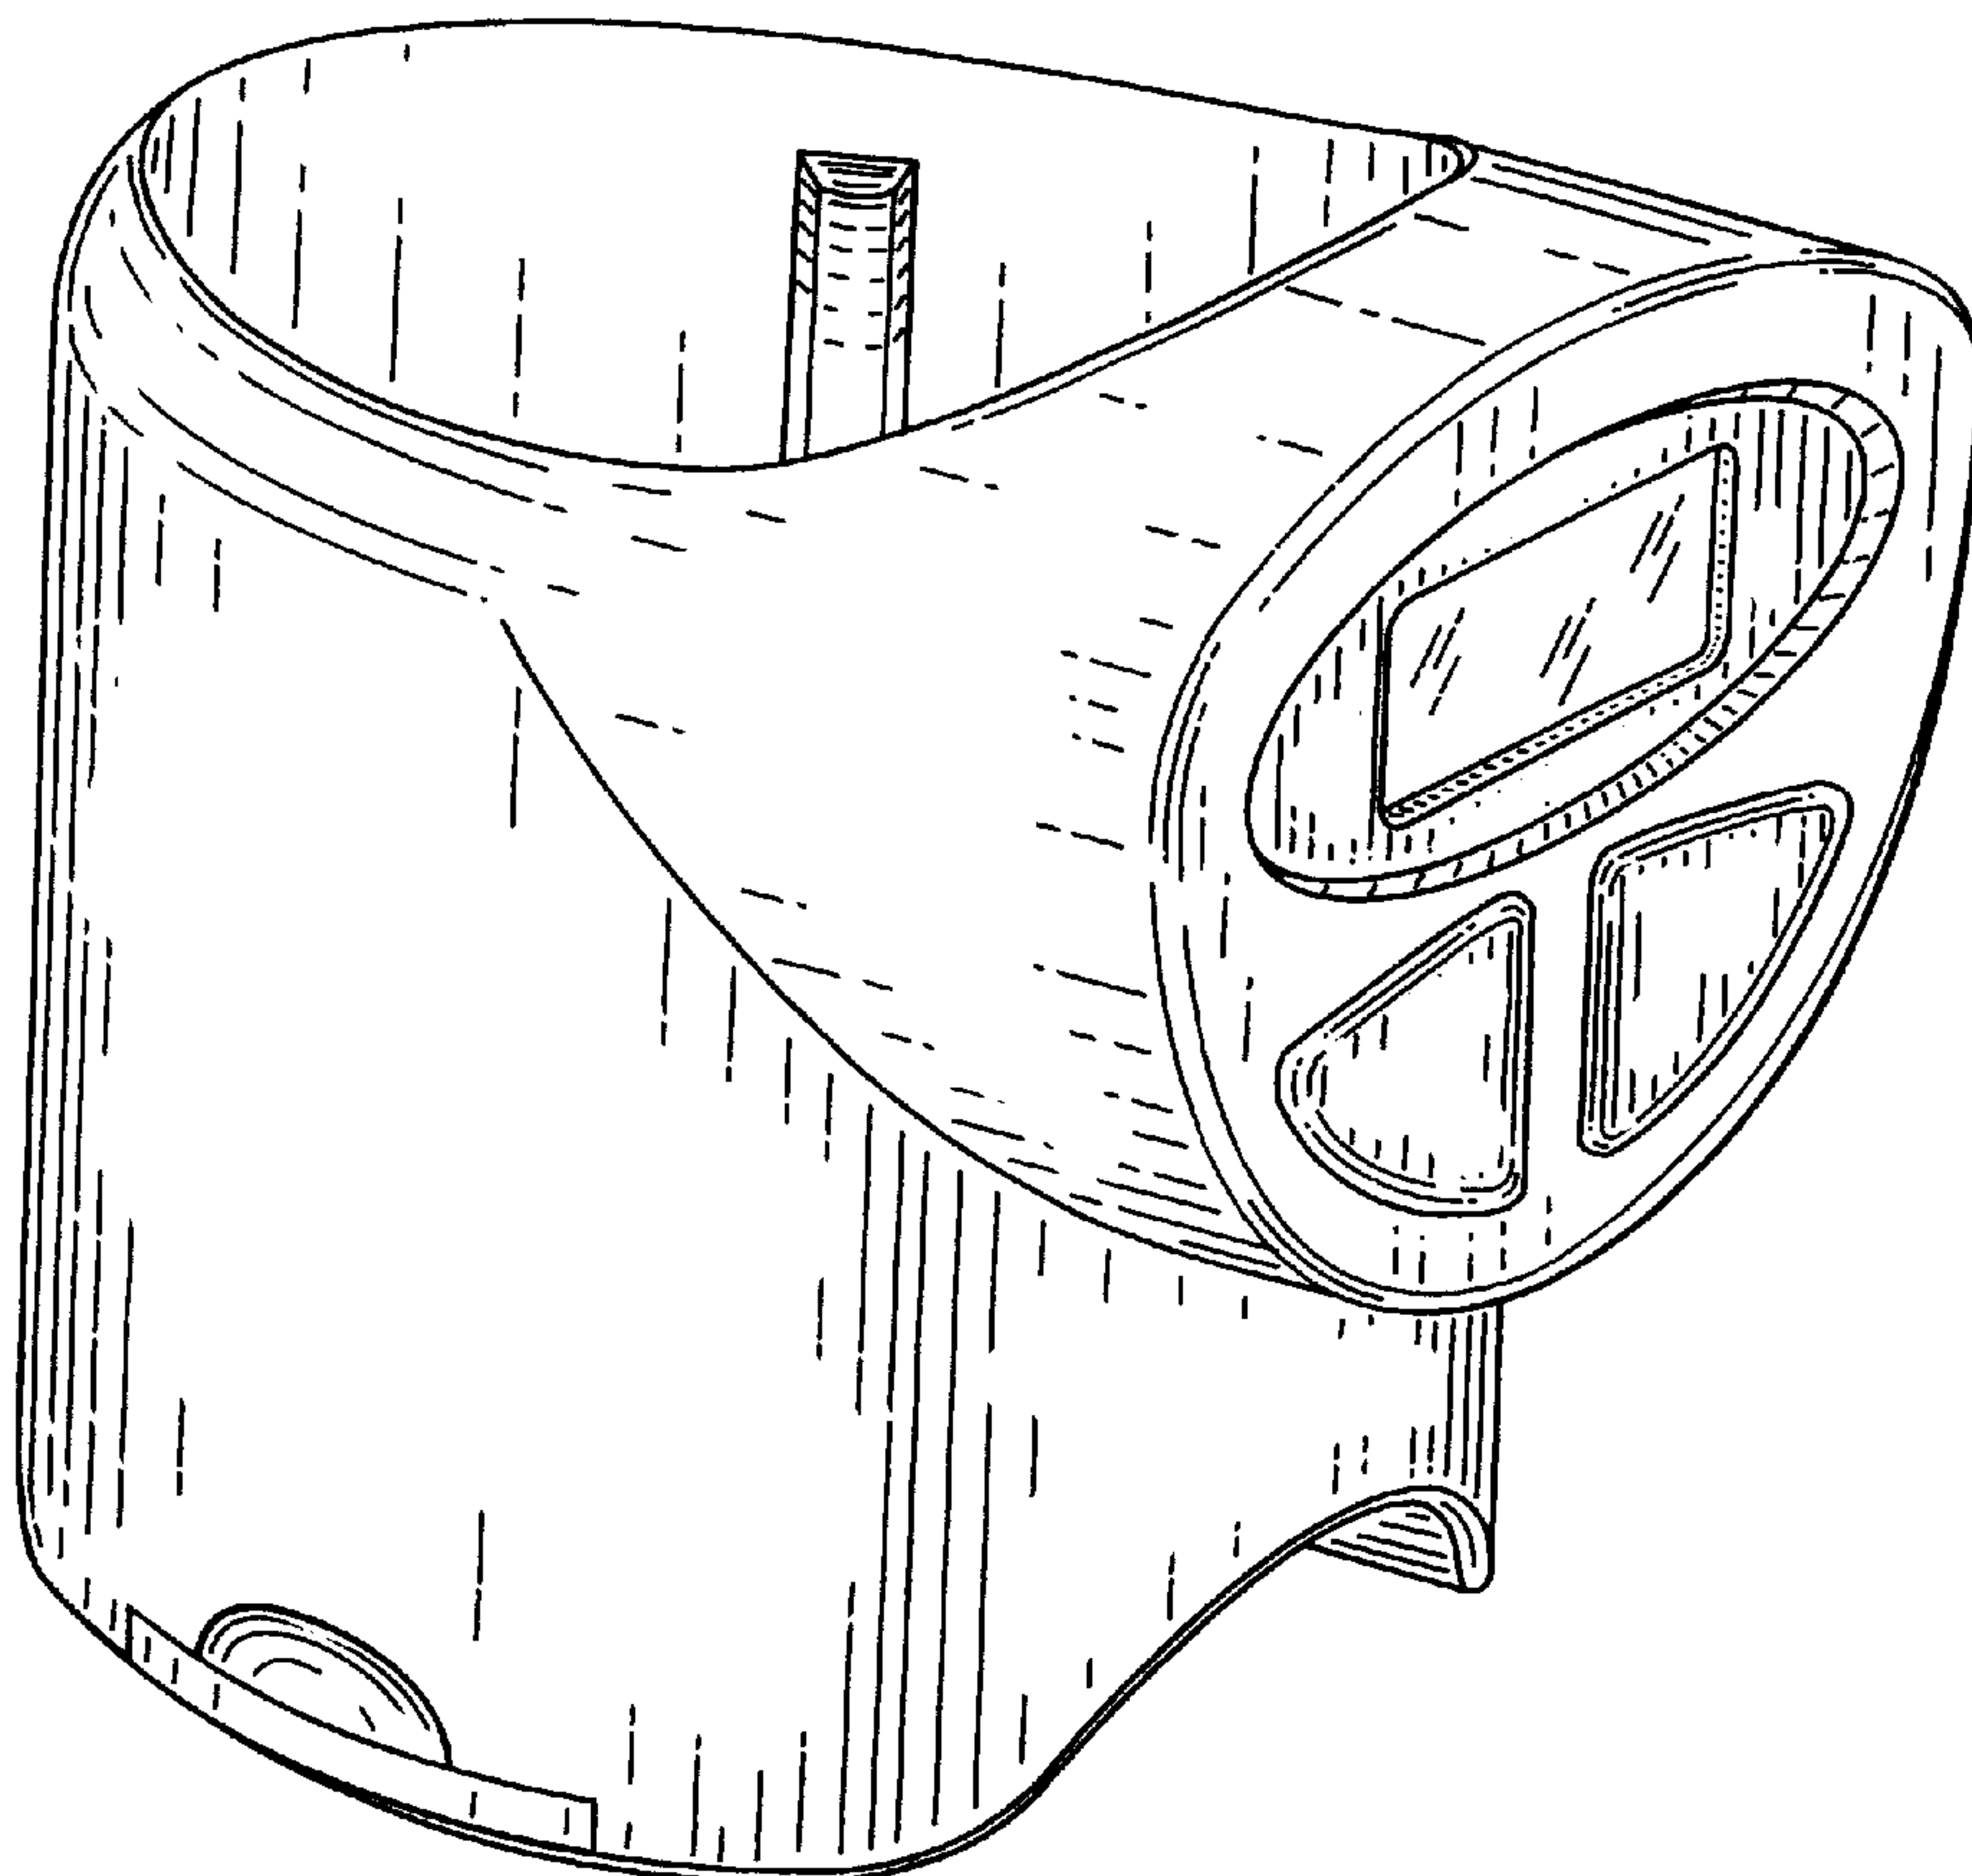

FIG. 6 is a plan view of the top of the counting device;

FIG. 7 is a plan view of the bottom of the counting device; and,

FIG. 8 is a perspective view as in FIG. 1, additionally showing in outline a spray container installed in the counting device.

In FIG. 8 the spray container is shown solely for purposes of illustration and is not included in the invention.
