(57) **CLAIM**

The ornamental design for nail holder and nail holder strip for use with nail driving tools, as shown and described.

**DESCRIPTION**

The article is a holder for a nail or pin fastener, typically provided in a strip and used to feed a series of such fasteners to a powder-actuated or pneumatic nail driving tool, and is typically made from molded plastic.

FIG. 1 is a front elevation view of a nail holder for use with nail driving tools;

FIG. 2 is a front elevation view of a nail holder strip for use with nail driving tools; and,

FIG. 3 is a side view of FIG. 1 and an enlarged side view of FIG. 2 looking in the direction of line 3—3 therein.

The broken line showing of environmental structure in FIG. 2 of the drawing is for illustrative purposes only and forms no part of the claimed design.
