(57) **CLAIM**

The ornamental design for a flasher fish attractor, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a first embodiment of a flasher fish attractor showing my new design.

FIG. 2 is a top plan view of the first embodiment of the flasher fish attractor.

FIG. 3 is a bottom plan view of the first embodiment of the flasher fish attractor.

FIG. 4 is a first side elevational view of the first embodiment of the flasher fish attractor.

FIG. 5 is a second side elevational view of the first embodiment of the flasher fish attractor, the second side being opposite the first side.

FIG. 6 is a rear elevational view of the first embodiment of the flasher fish attractor.

FIG. 7 is a front elevational view of the first embodiment of the flasher fish attractor.

FIG. 8 is a front perspective view of a second embodiment of a flasher fish attractor showing my new design.

FIG. 9 is a top plan view of the second embodiment of the flasher fish attractor.

FIG. 10 is a bottom plan view of the second embodiment of the flasher fish attractor.

FIG. 11 is a first side elevational view of the second embodiment of the flasher fish attractor.

FIG. 12 is a second side elevational view of the second embodiment of the flasher fish attractor, the second side being opposite the first side.

FIG. 13 is a rear elevational view of the second embodiment of the flasher fish attractor; and,

FIG. 14 is a front elevational view of the second embodiment of the flasher fish attractor.

The broken line depictions of the front and rear connecting elements are included for illustrative purposes and form no part of the claimed design.
