(57) **CLAIM**

The ornamental design for a gauge display, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of a first embodiment of a gauge display.

FIG. 2 is a front elevational view of a second embodiment of a gauge display.

FIG. 3 is a front elevational view of a third embodiment of a gauge display.

FIG. 4 is a front elevational view of a fourth embodiment of a gauge display.

FIG. 5 is a front elevational view of a fifth embodiment of a gauge display.

FIG. 6 is a front elevational view of a sixth embodiment of a gauge display.

FIG. 7 is a front elevational view of a seventh embodiment of a gauge display.

FIG. 8 is a front elevational view of an eighth embodiment of a gauge display.

FIG. 9 is a front elevational view of a ninth embodiment of a gauge display.

FIG. 10 is a right side sectional view taken along section line 10—10 in FIGS. 7–9 showing half of the display elements of the seventh, eighth, and ninth embodiments of the gauge display, for which left side sectional views taken along section line 10—10 in FIGS. 7–9 would be a mirror image of FIG. 10. FIG. 10 also shows the cylindrical body of the gauge in broken lines, which forms no part of the claimed gauge displays.

FIG. 11 is a front elevational view of a tenth embodiment of a gauge display.

FIG. 12 is a front elevational view of an eleventh embodiment of a gauge display; and,

FIG. 13 is a front elevational view of a twelfth embodiment of a gauge display.

The broken lines in FIGS. 1–6 and 7–13 are for illustrative purposes only and form no part of a claimed design.
