CLAIM (57)

The ornamental design for a ceiling panel, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a ceiling panel showing my new design. The broken lines showing a saw-tooth ceiling panel pattern are for illustrative purposes only and form no part of the claimed design.

FIG. 2 is a front perspective view of a ceiling panel showing my new design. The broken lines showing an undulating ceiling panel pattern are for illustrative purposes only and form no part of the claimed design.

FIG. 3 is a front perspective view of a ceiling panel showing my new design. The broken lines showing a shingled ceiling panel pattern are for illustrative purposes only and form no part of the claimed design.

FIG. 4 is a front perspective view of a ceiling panel showing my new design. The broken lines showing an alternating row undulating ceiling panel pattern are for illustrative purposes only and form no part of the claimed design.

FIG. 5 is a front perspective view of a ceiling panel showing my new design. The broken lines showing a pinwheel ceiling panel pattern are for illustrative purposes only and form no part of the claimed design.

FIG. 6 is a front perspective view of a ceiling panel showing my new design;

FIG. 7 is a front elevational view thereof;

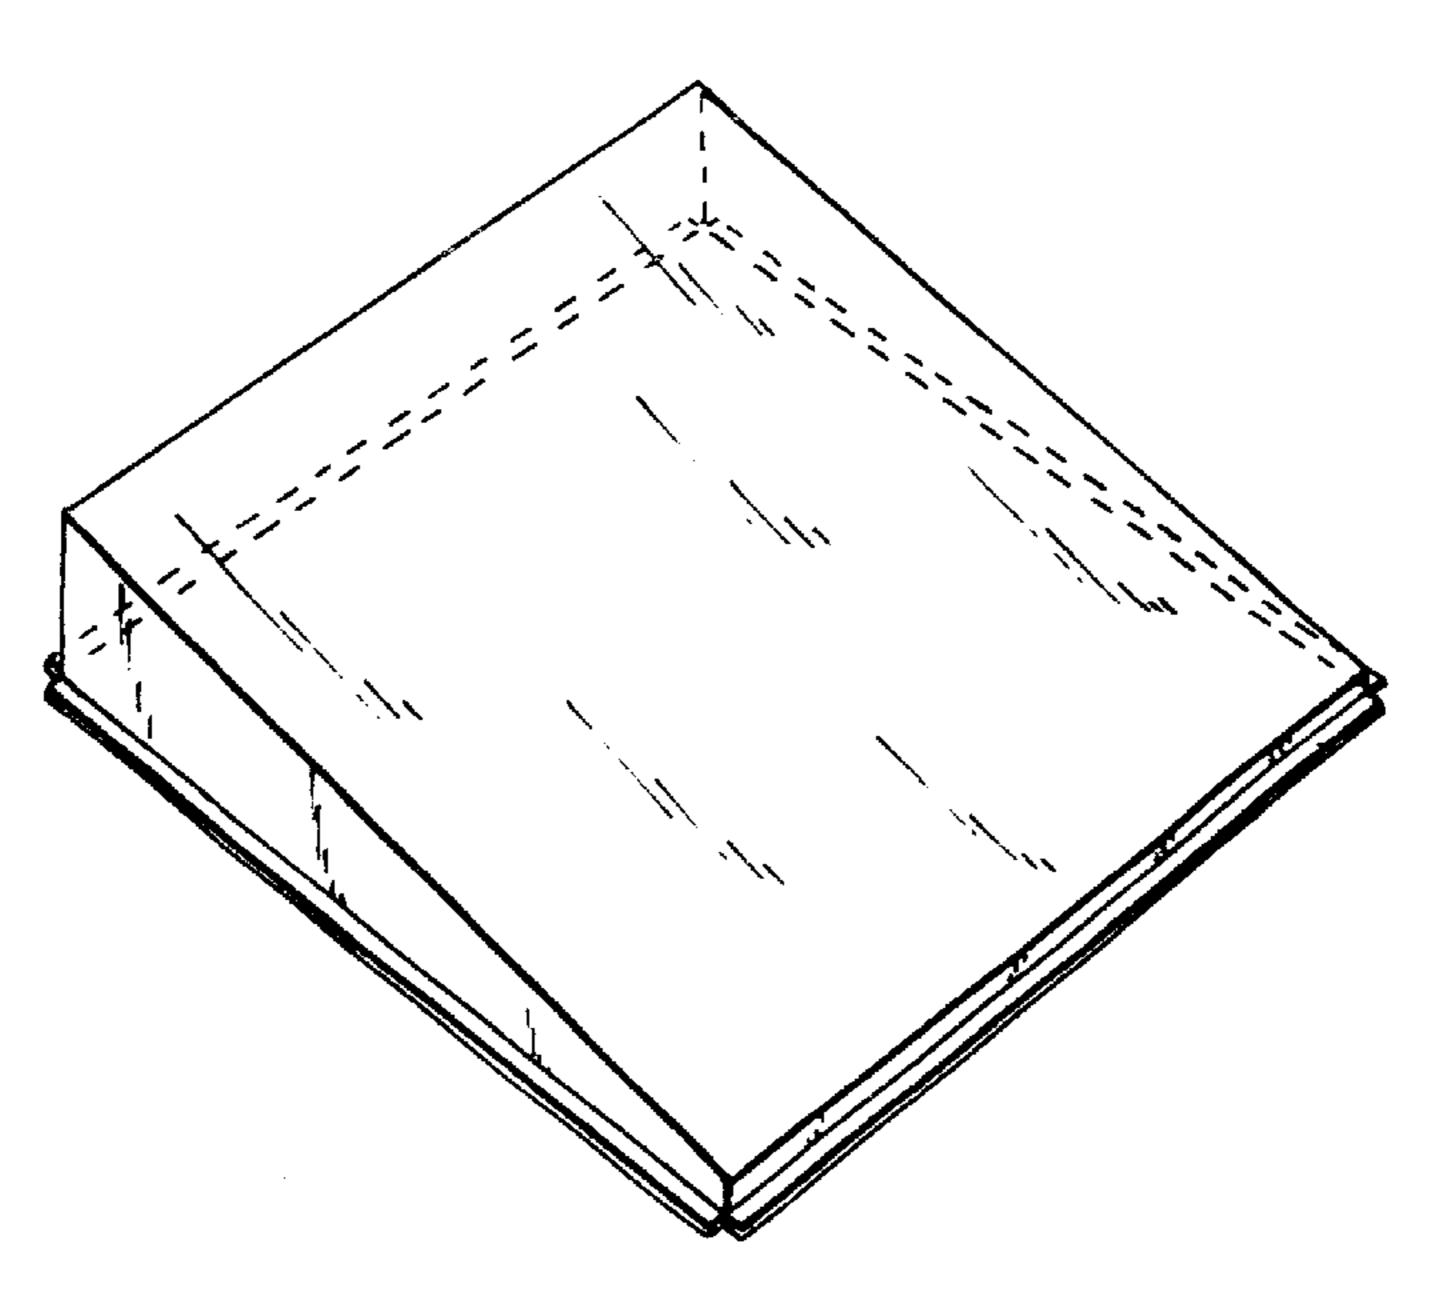

FIG. 8 is a top plan view thereof;

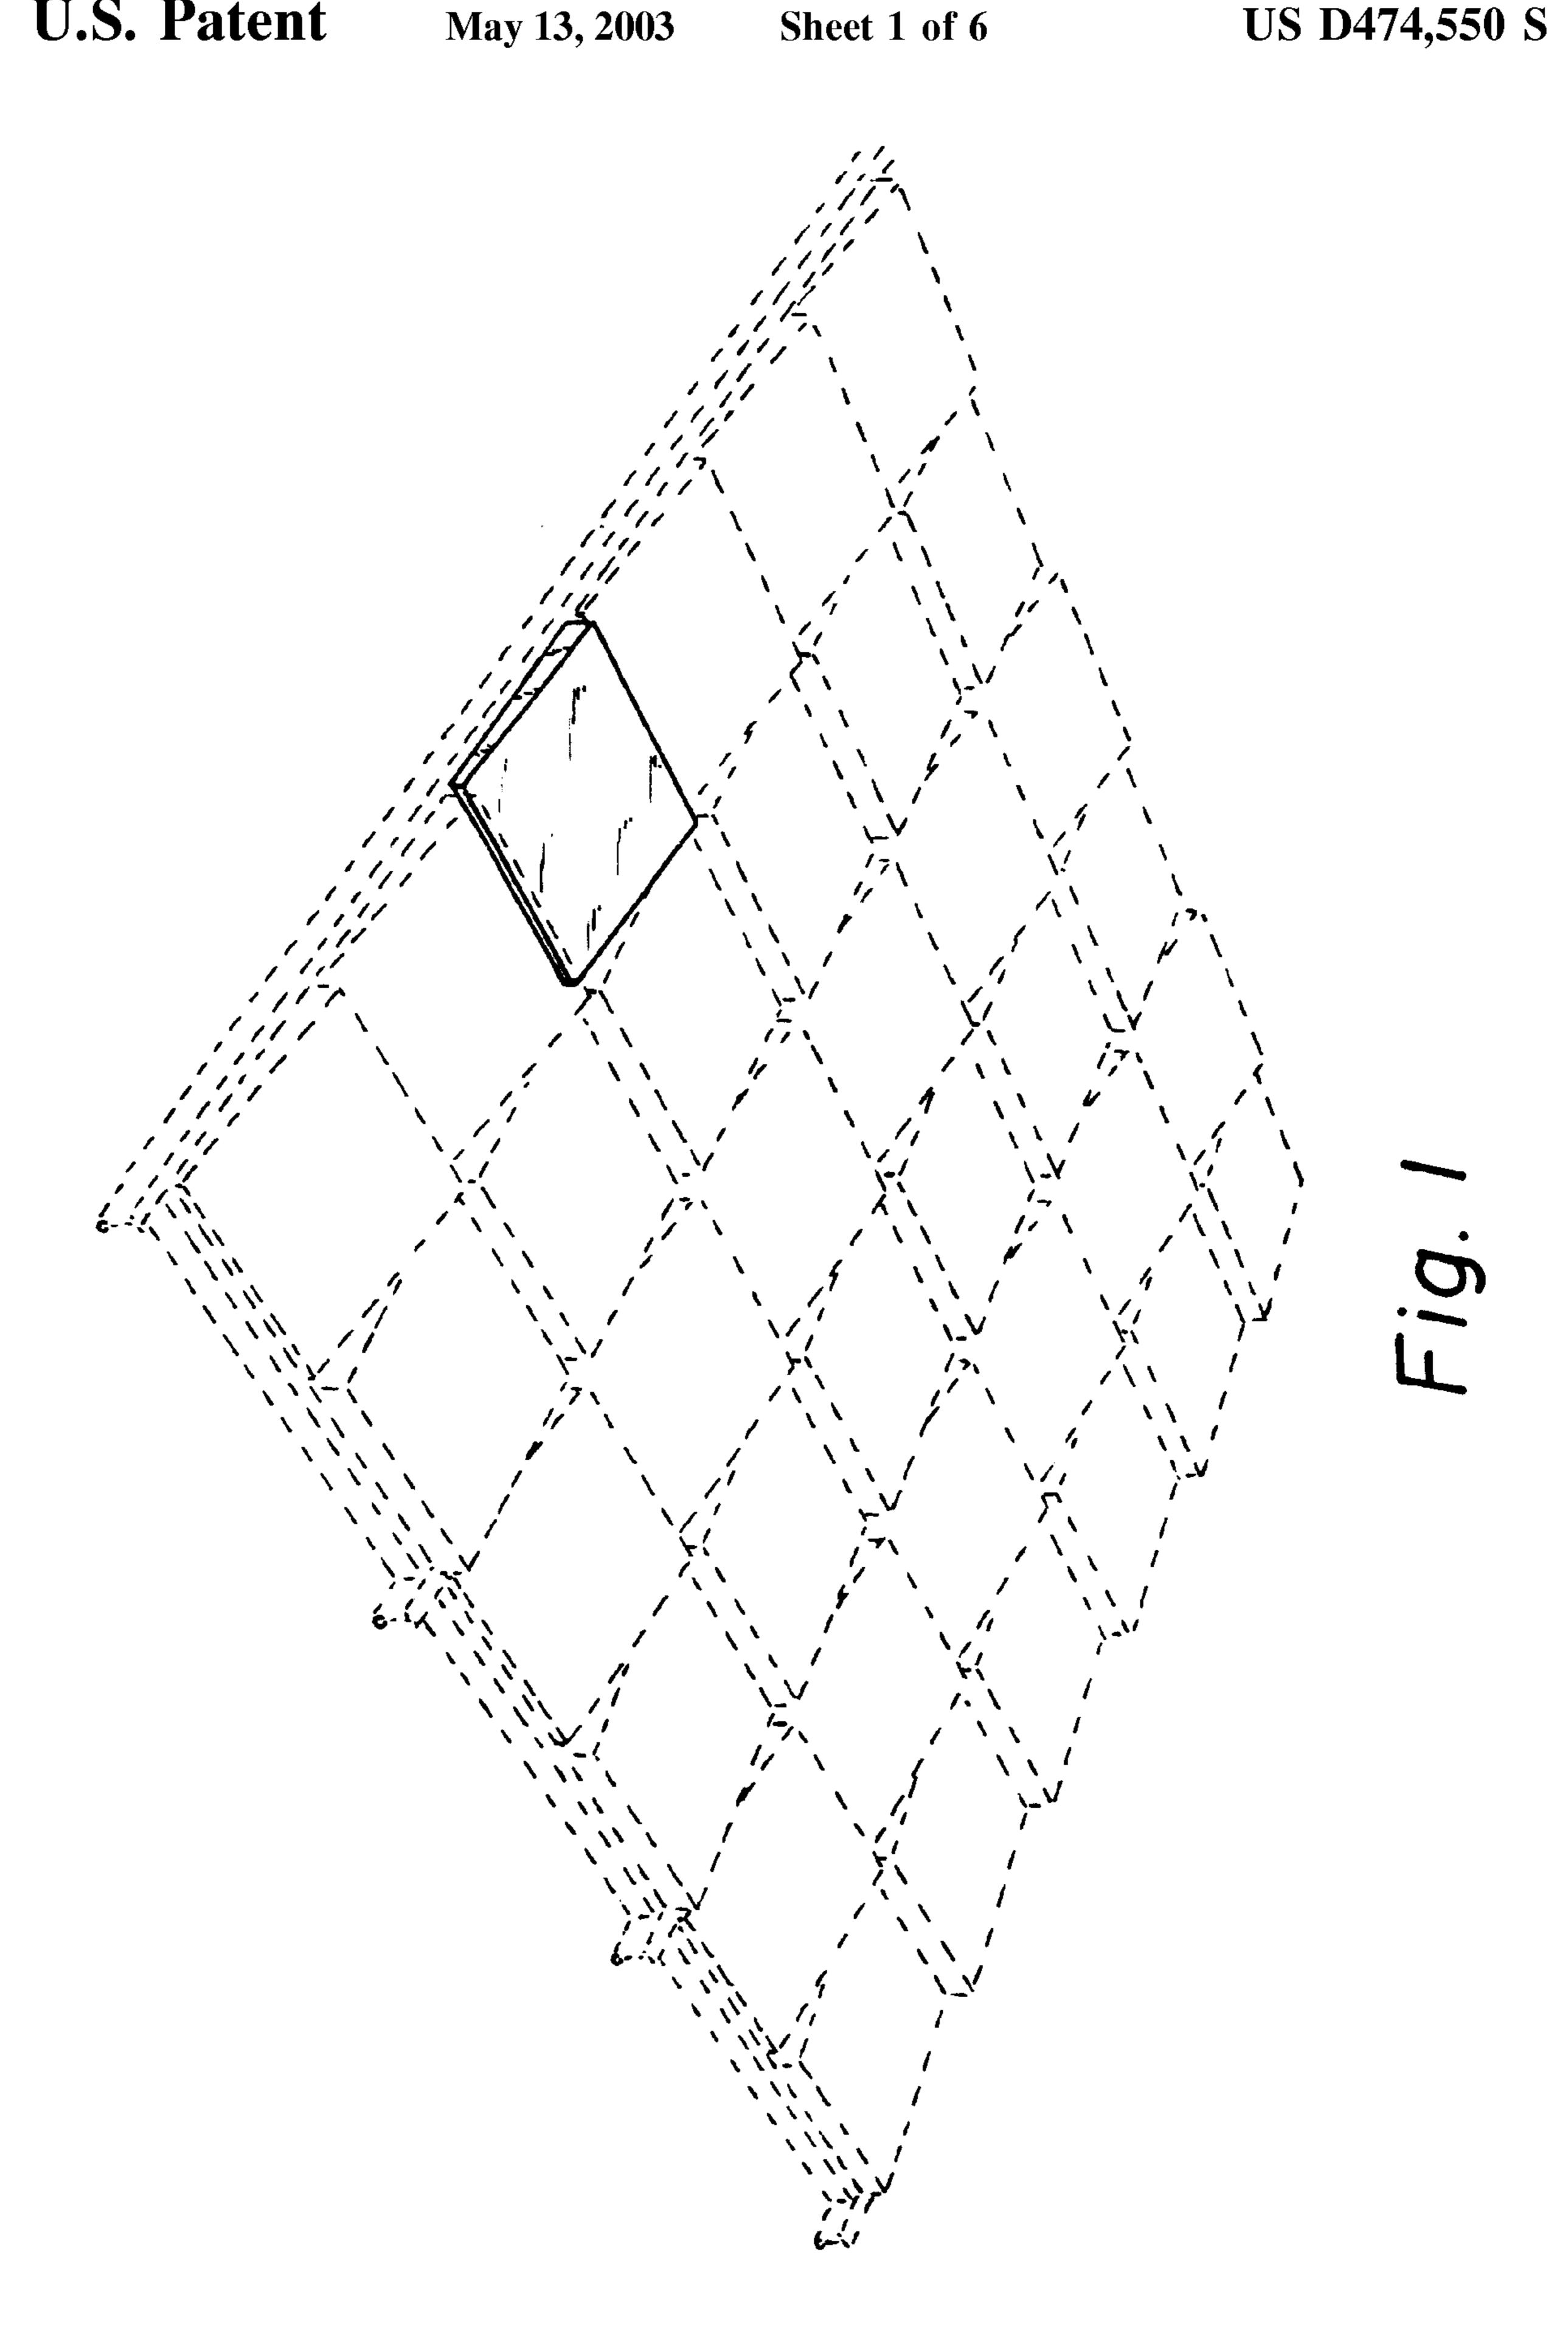

FIG. 9 is a bottom plan view thereof;

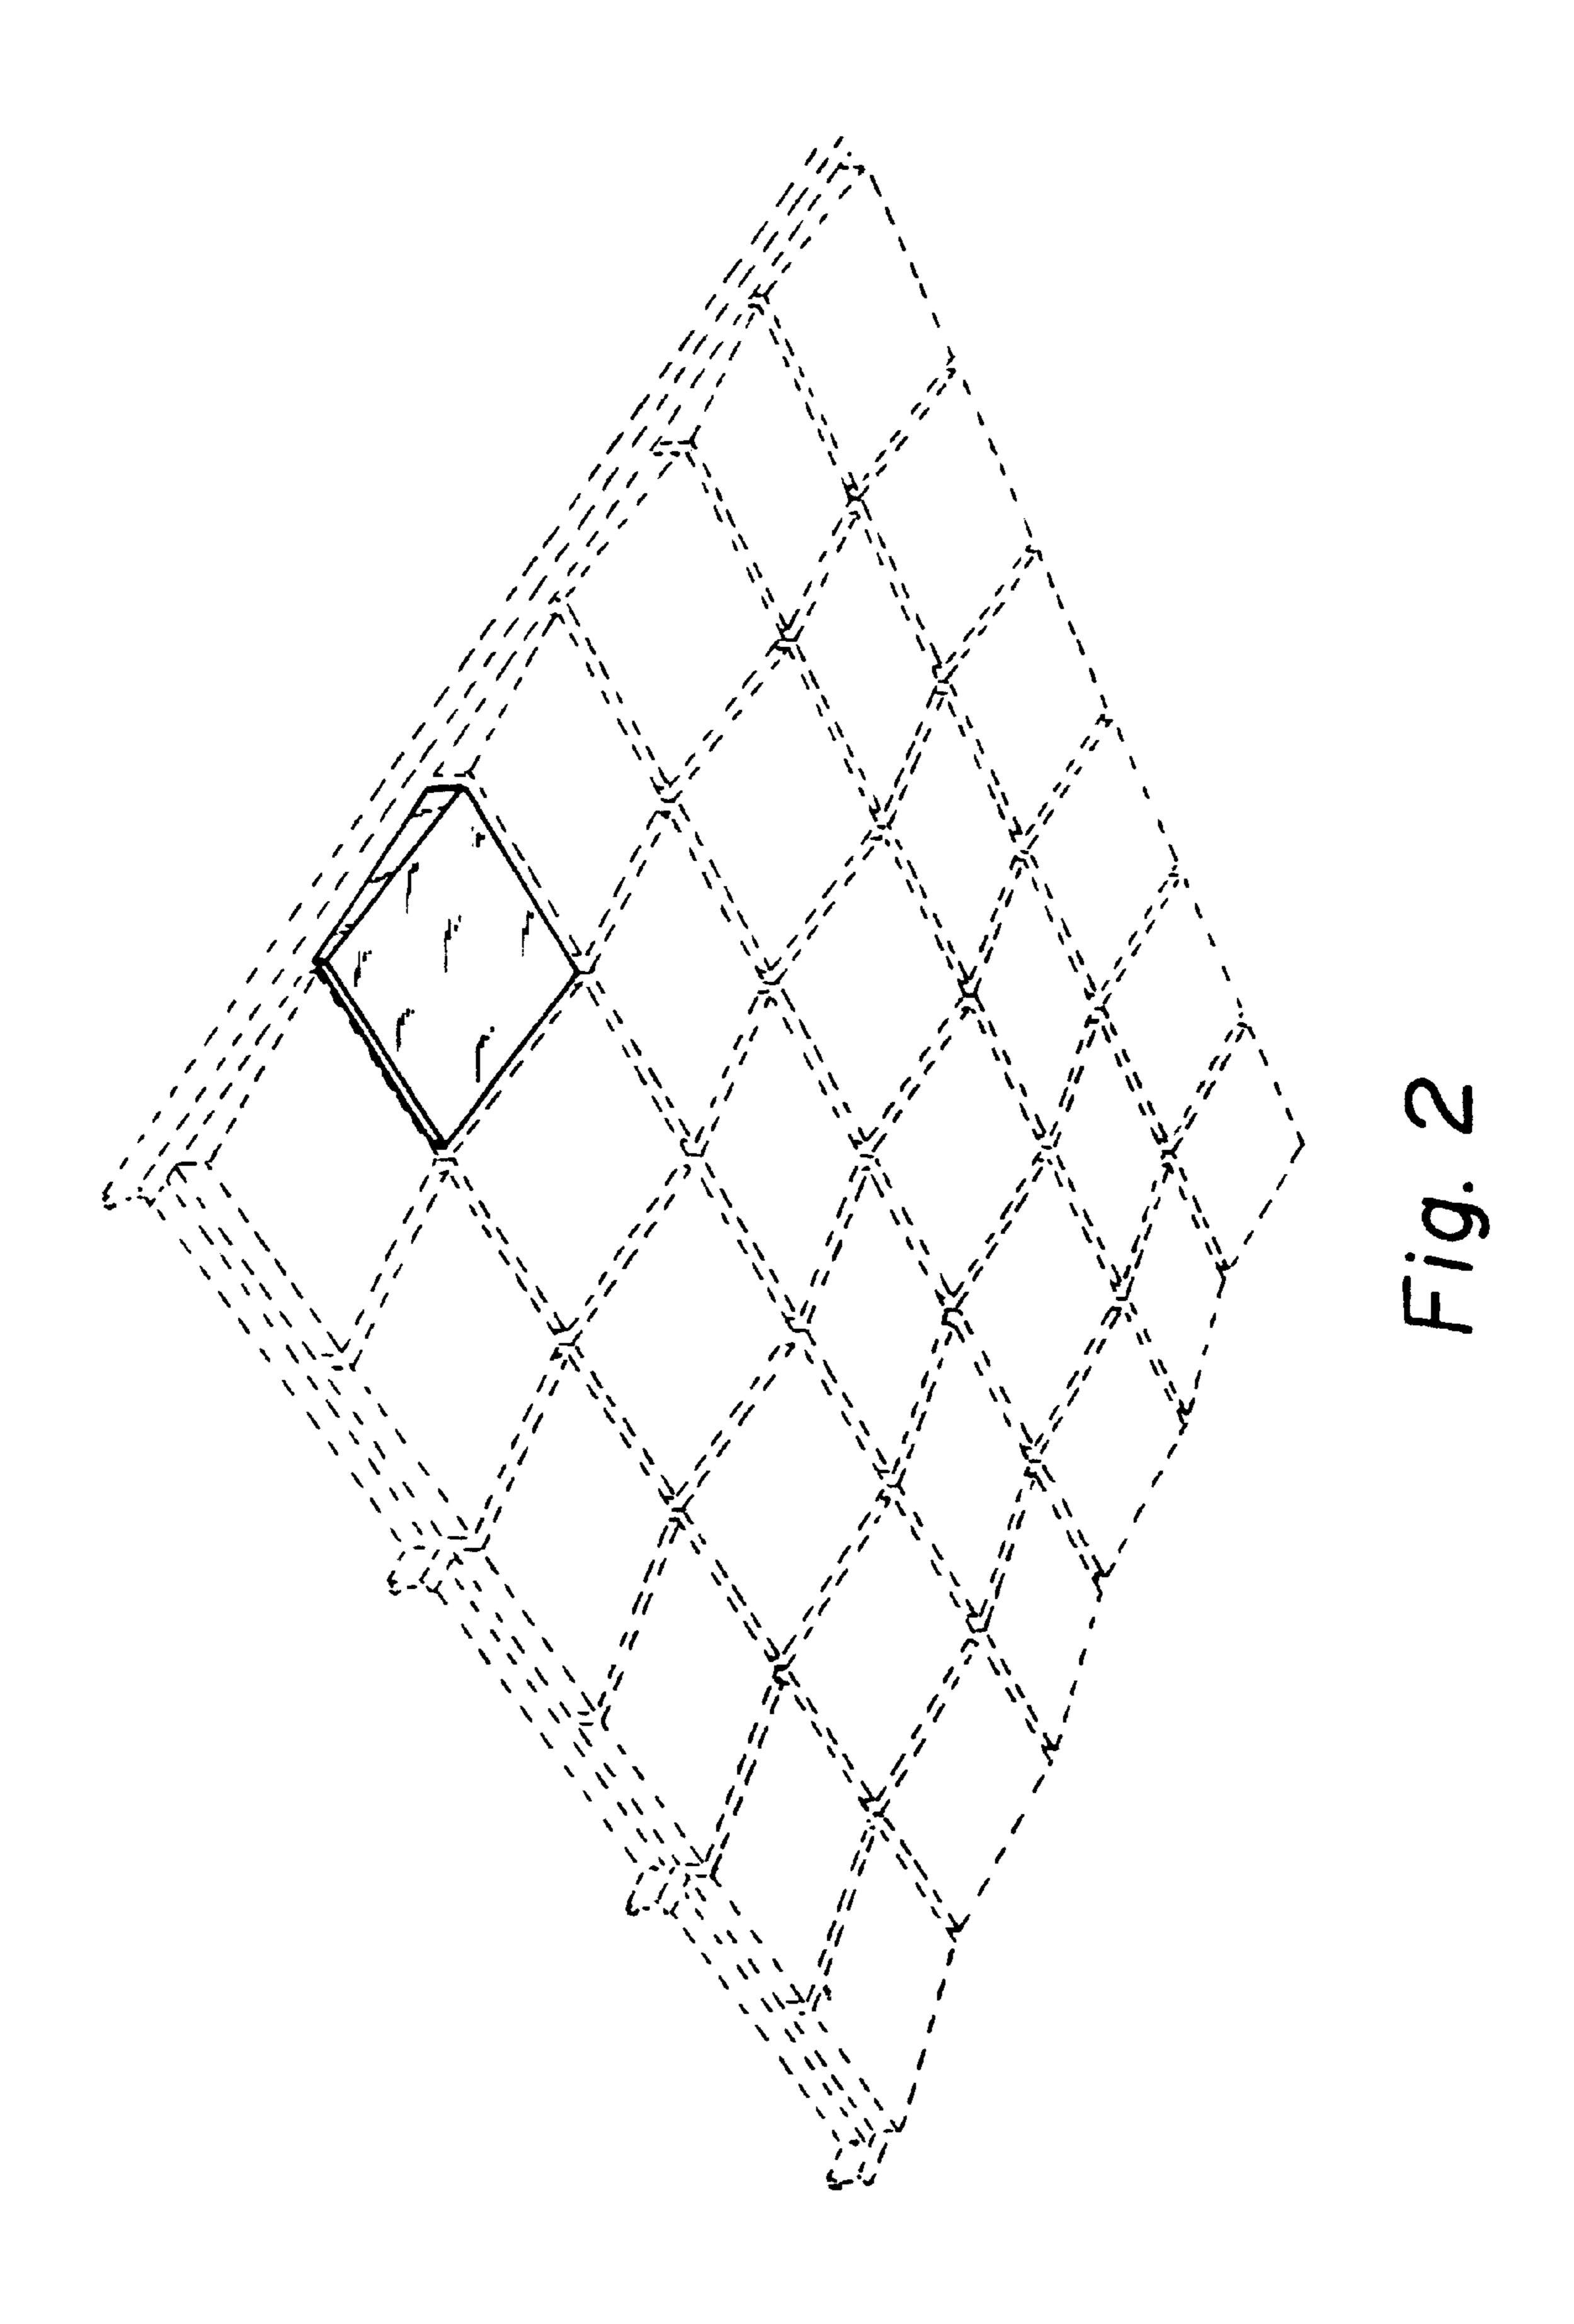

FIG. 10 is a left side view thereof; and,

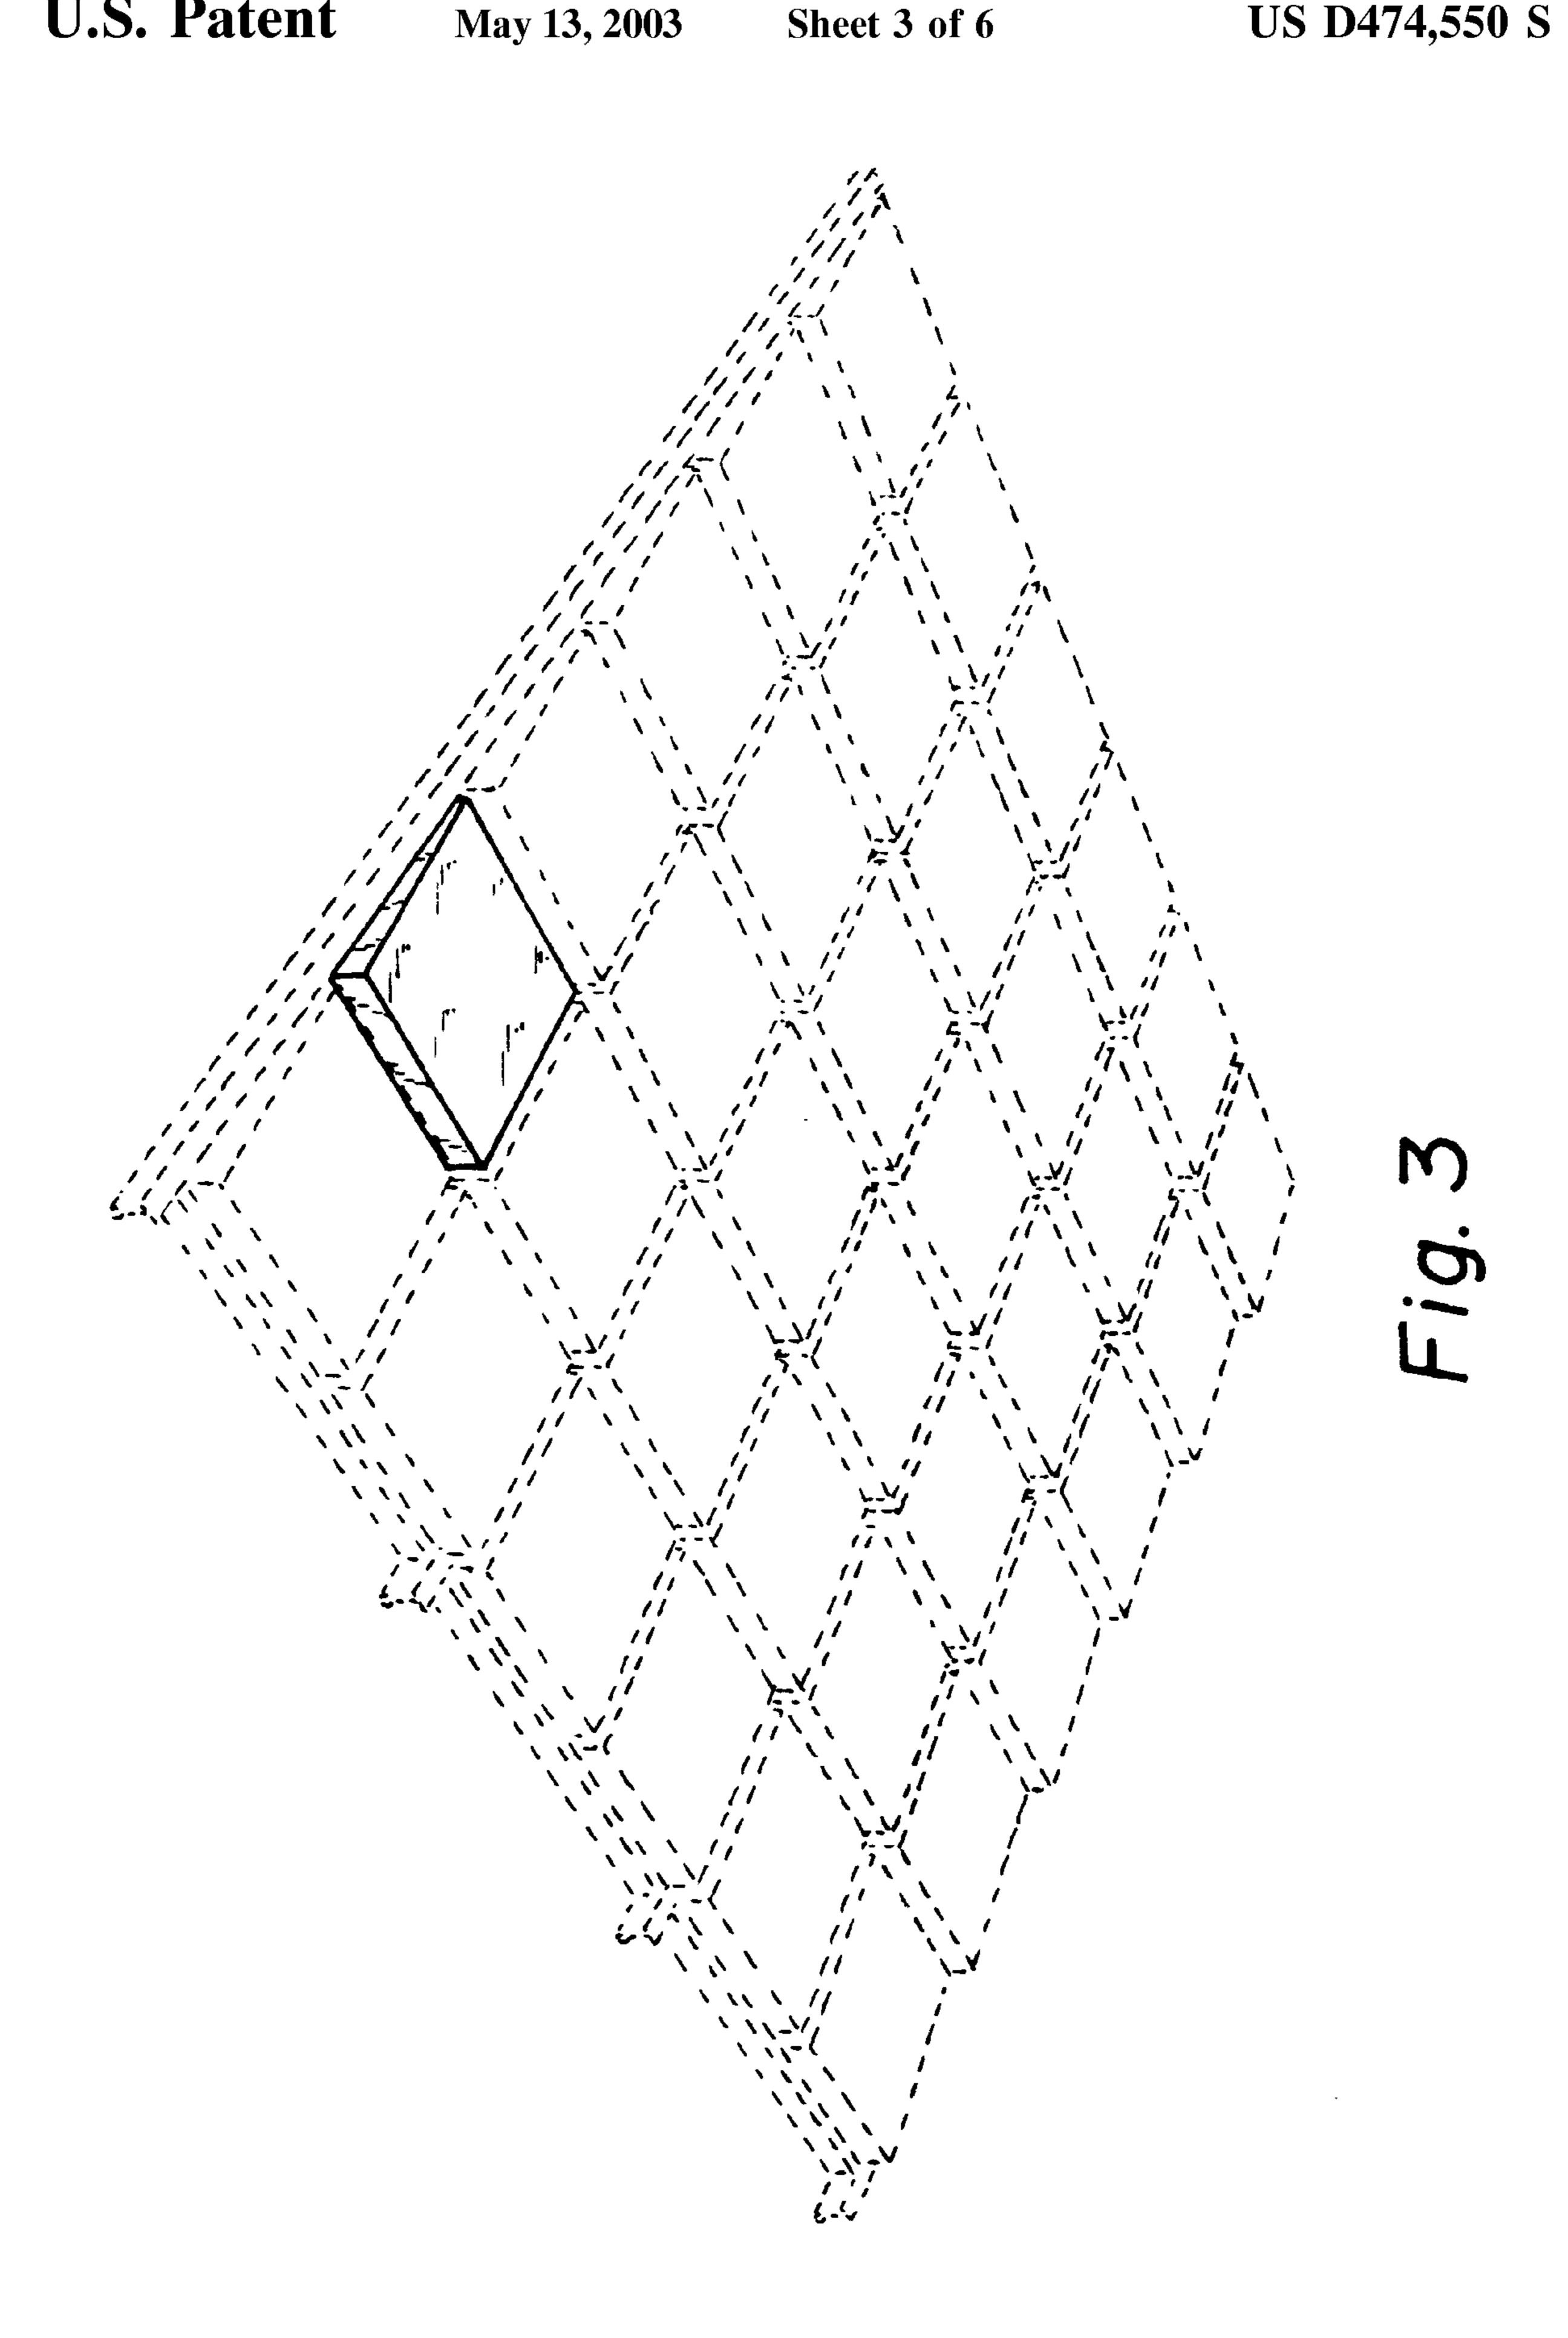

FIG. 11 is a right side view thereof.
