(57) **CLAIM**

The ornamental design for a luminaire housing, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a luminaire housing showing our design;

FIG. 2 is a front elevational view thereof, where the view of the rear is a mirror image of this view and, therefore, has been omitted;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a side elevational view thereof, where the opposite side elevational view is a mirror image of this view, and, therefore, has been omitted;

FIG. 5 is a front elevational view of the second embodiment of the luminaire housing of our design, wherein the length of the housing has been extended; and,

FIG. 6 is a front elevational view of the third embodiment of the luminaire housing of our design, wherein the length of the housing has been extended an even greater amount. The broken line showing of environmental structure is for illustrative purposes only and forms no part of the claimed design.

With the exception of the length, it is understood that the top, bottom, and side views of the second and third embodiments are identical to the first embodiment.
