(57) **CLAIM**

The ornamental design for a translucent extension for viewing clearance light illumination through side mirrors, as shown and described.

DESCRIPTION

FIG. 1 is a rear, top and side perspective view of a translucent extension for viewing clearance light illumination through side mirrors showing my new design, the broken lines illustrating a portion of a truck, clearance light and side mirror are for illustrative purposes and form no part of the claimed design;

FIG. 2 is an enlarged perspective view of that shown in FIG. 1;

FIG. 3 is a rear elevational view, the opposite side being a mirror image thereof;

FIG. 4 is a top plan view, the bottom being a mirror image thereof;

FIG. 5 is a side elevational view; and,

FIG. 6 is the opposite end of that shown in FIG. 5.
