(57) CLAIM
The ornamental design for a tread of a tire, as shown and
described.
DESCRIPTION
FIG. 1 is a perspective view of a tread of a tire of the present
invention, it being understood that the pattern is repeated
uniformly throughout the circumference of the tread;
FIG. 2 is a front elevational view thereof; and,
FIG. 3 is a side elevational view thereof.
The broken lines shown in the drawings are for illustrative
purposes only and form no part of the claimed design.
