(57) **CLAIM**

The ornamental design for the inflatable mattress pad, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the inflatable mattress pad of the present invention.

FIG. 2 is an enlarged front elevation view of the inflatable mattress pad of the present invention.

FIG. 3 is an enlarged rear elevation view of the inflatable mattress pad of the present invention.

FIG. 4 is a right side elevation view of the inflatable mattress pad of the present invention, the left side elevation view being a mirror image thereof; and,

FIG. 5 is a top planar view of the inflatable mattress pad of the present invention in an uninflated condition without the contour lines seen in FIGS. 1 through 4, the bottom planar view being the same as said top planar view.
