D380,128 S * 6/1997 Wu D8/5

DESCRIPTION

The lone FIGURE is a view of an apertured blade being considered the novel point of this invention and the remainder of the pruner being shown in phantom to illustrate the environment in which the blade resides and to make clear that the ornamental appearance of the pruner in which the blade is used is not to be considered a limitation on this aspect of the invention and forms no part of the claimed design.
