(57) **CLAIM**

I claim the ornamental design for a housing of voltage controller for electronic equipment, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a housing of voltage controller for electronic equipment according to the present invention.

FIG. 2 is a front view of a housing of voltage controller for electronic equipment according to the present invention.

FIG. 3 is a rear view of a housing of voltage controller for electronic equipment according to the present invention.

FIG. 4 is a right side view of a housing of voltage controller for electronic equipment according to the present invention.

FIG. 5 is a left side view of a housing of voltage controller for electronic equipment according to the present invention.

FIG. 6 is a top plan view of a housing of voltage controller for electronic equipment according to the present invention.

FIG. 7 is a bottom plan view of a housing of voltage controller for electronic equipment according to the present invention.

FIG. 8 is a partially cutaway exploded perspective view of the housing; and,

FIG. 9 is a perspective view for illustrating the use of the housing.

The broken line showing of the environment is for illustrative purpose only and forms no part of the claimed design.
