(57) **CLAIM**

The ornamental design for an applique, as shown and described.

DESCRIPTION

The design is on clear window static cling film. It is the "image of a tire rub" that is the result of when one racing car's tire rubs against the door of another racing car.

The applique will be displayed on the side of a person's private car.

The sole FIGURE is a front plan view of an applique showing my new design.

The broken lines in the drawing depict the boundaries of the claimed design and form no part thereof.
