(57)**CLAIM**

The ornamental design for an audio and video accessory for an electronic device, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the audio and video accessory for an electronic device according to a first embodiment of the present invention.

FIG. 2 is a rear view of the audio and video accessory for an electronic device of FIG. 1.

FIG. 3 is a left side view of the audio and video accessory for an electronic device of FIG. 1.

FIG. 4 is a right side view of the audio and video accessory for an electronic device of FIG. 1.

**

FIG. 5 is a bottom view of the audio and video accessory for an electronic device of FIG. 1.

FIG. 6 is a top view of the audio and video accessory for an electronic device of FIG. 1.

FIG. 7 is a front and left perspective view of the audio and video accessory for an electronic device according to the first embodiment of the present invention.

FIG. 8 is a front view of the audio and video accessory for an electronic device according to a second embodiment of the present invention.

FIG. 9 is a rear view of the audio and video accessory for an electronic device of FIG. 8.

FIG. 10 is a bottom view of the audio and video accessory for an electronic device of FIG. 8.

FIG. 11 is a top view of the audio and video accessory for an electronic device of FIG. 8.

FIG. 12 is a front and left perspective view of the audio and video accessory for an electronic device according to the second embodiment of the present invention.

FIG. 13 is a front view of the audio and video accessory for an electronic device according to a third embodiment of the present invention.

FIG. 14 is a rear view of the audio and video accessory for an electronic device of FIG. 13.

FIG. 15 is a left side view of the audio and video accessory for an electronic device of FIG. 13.

FIG. 16 is a right side view of the audio and video accessory for an electronic device of FIG. 13.

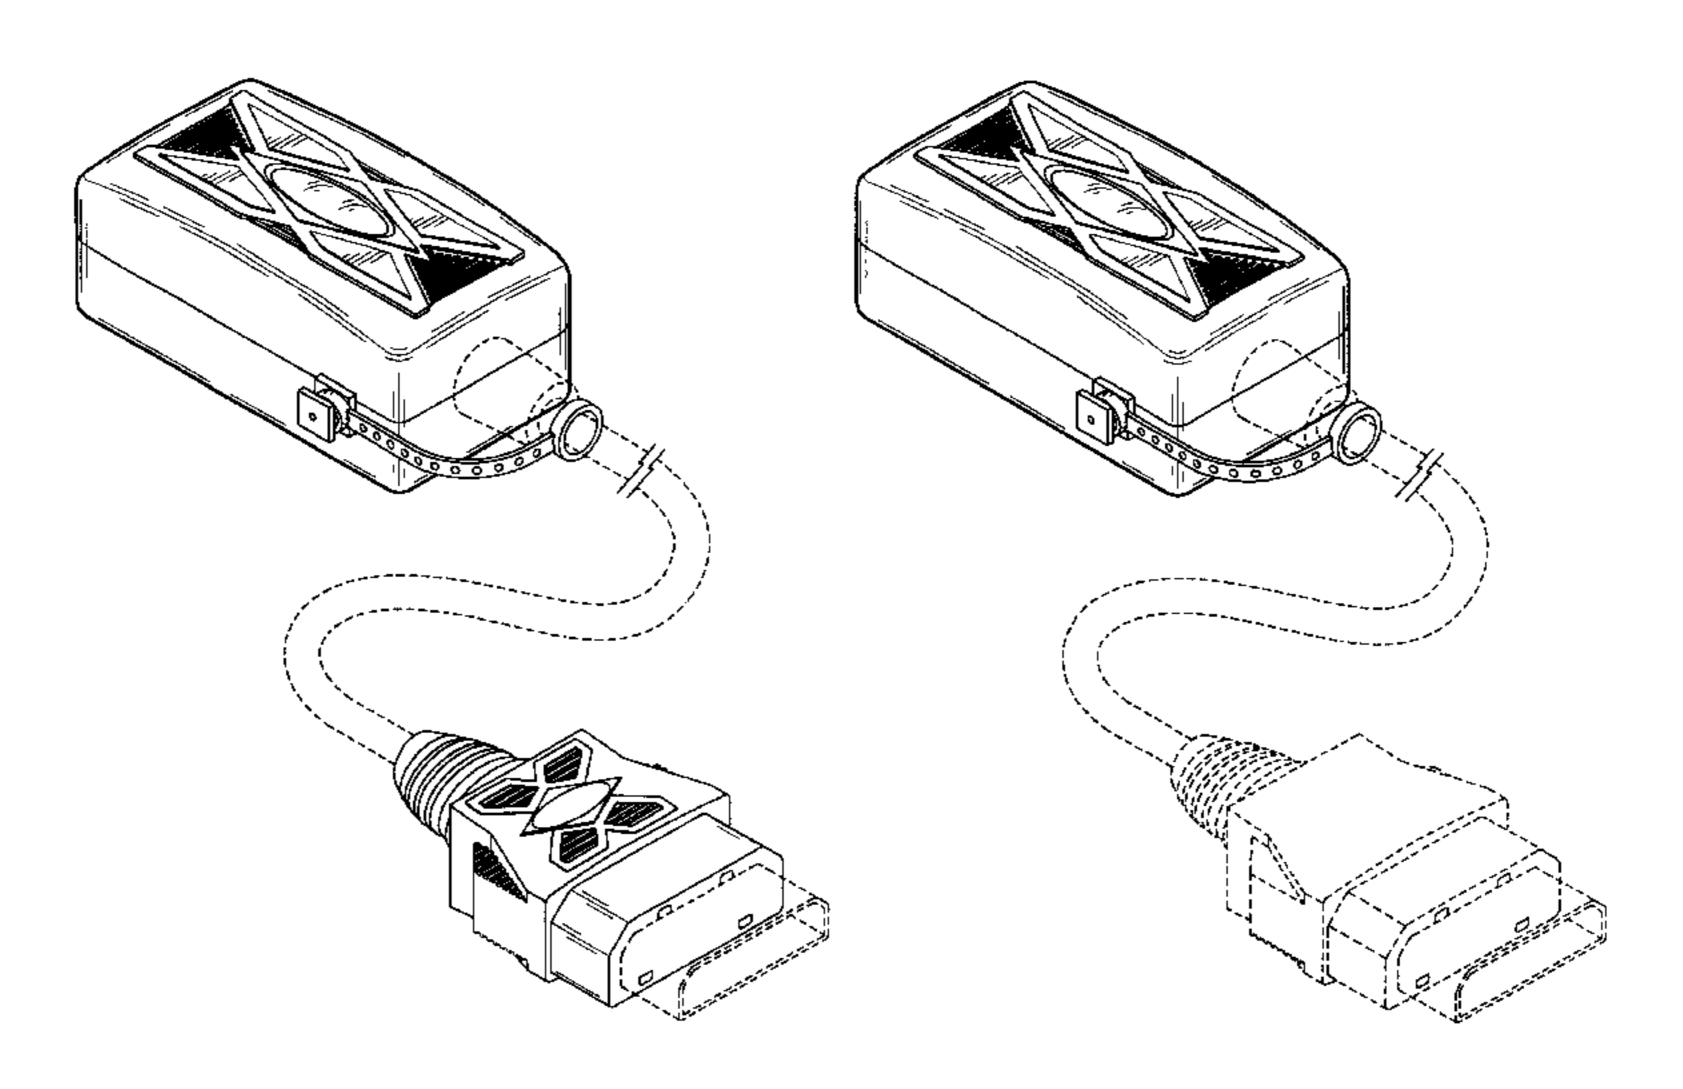

FIG. 17 is a bottom view of the audio and video accessory for an electronic device of FIG. 13.

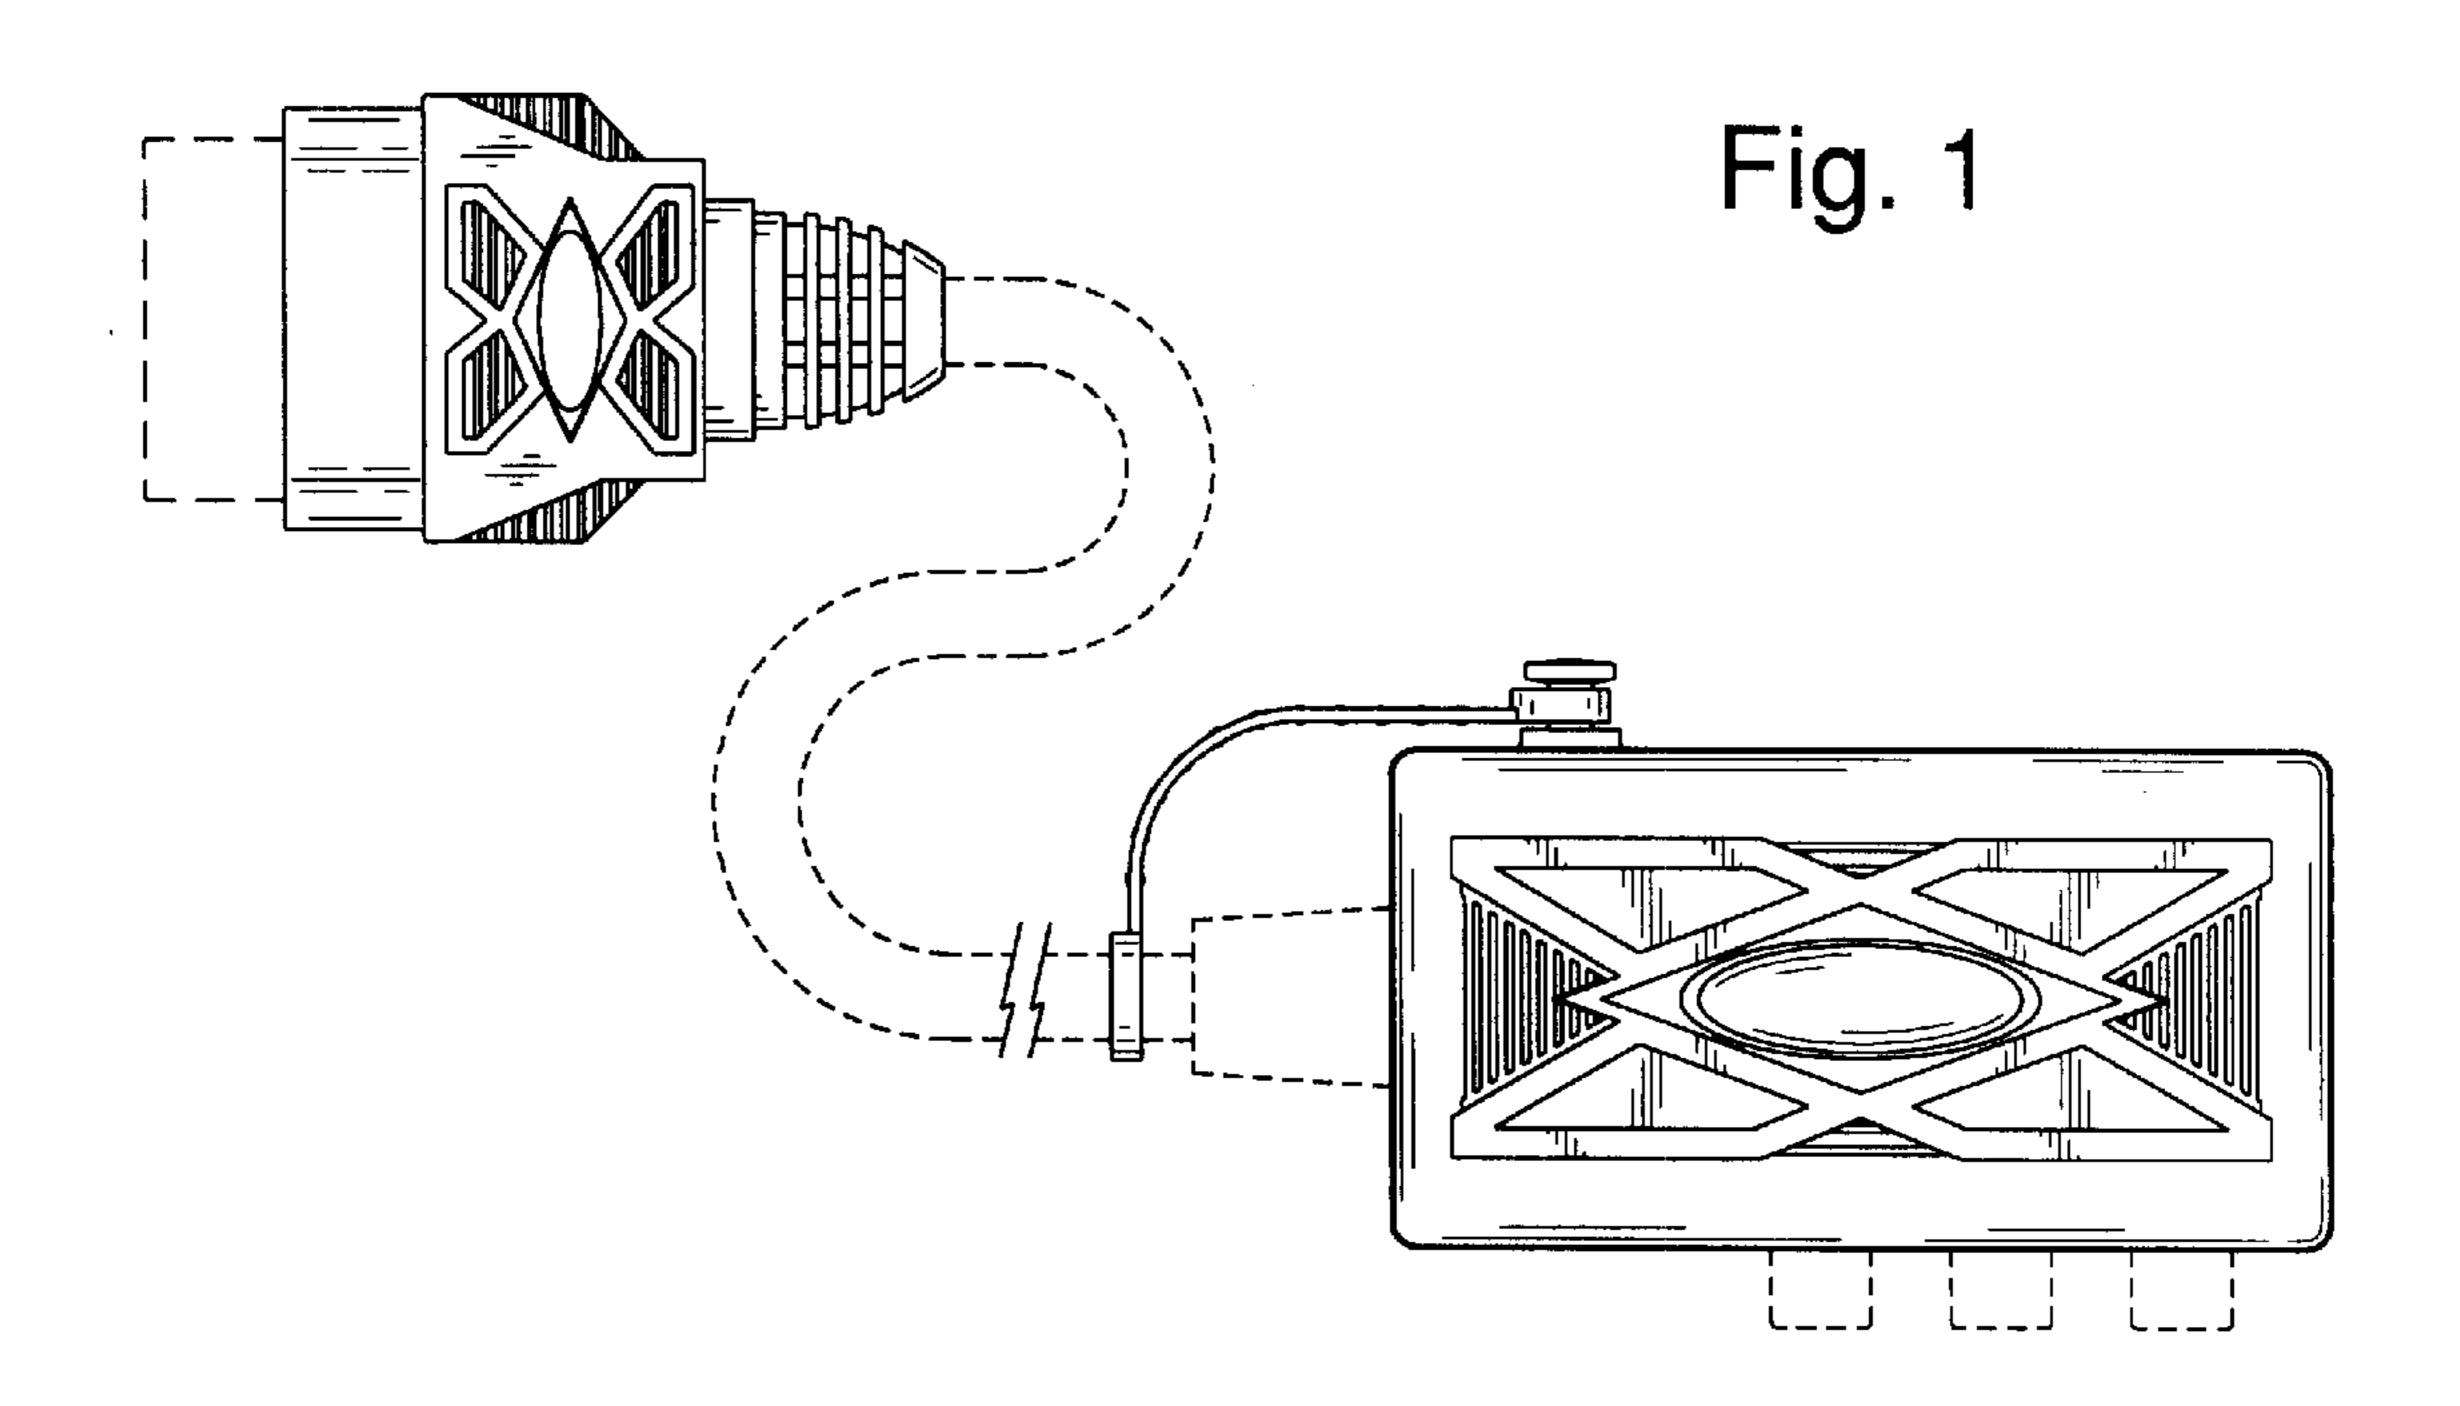

FIG. 18 is a top view of the audio and video accessory for an electronic device of FIG. 13; and,

FIG. 19 is a front and left perspective view of the audio and video accessory for an electronic device according to the third embodiment of the present invention.

The broken line showing on FIGS. 1–19 is for illustrative purposes only and forms no part of the claimed design.
