(57) **CLAIM**

The ornamental design for a light, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the light according to the present invention.

FIG. 2 is a front view of the light according to the present invention. The rear view, the right side view, and the left side view are identical to the front view.

FIG. 3 is a top view of the light according to the present invention; and,

FIG. 4 is a bottom view of the light according to the present invention.

As is shown, the light has a smooth, annular lower transparent portion that encloses a plurality of decorative beveled elements.

The broken line enviromental showing is for illustrative purposes only and forms no part of the claimed design.
