(57) **CLAIM**

The ornamental design for a pet pull toy, as shown and described.

**DESCRIPTION**

The invention is a toy for pets. The toy can be attached to a doorframe. This invention allows a pet to pull on the toy in a playful manner at which time it will spring back and allow the pet to play with the toy without the need to have a person present.

FIG. 1 is a front elevational view of the pet pull toy;

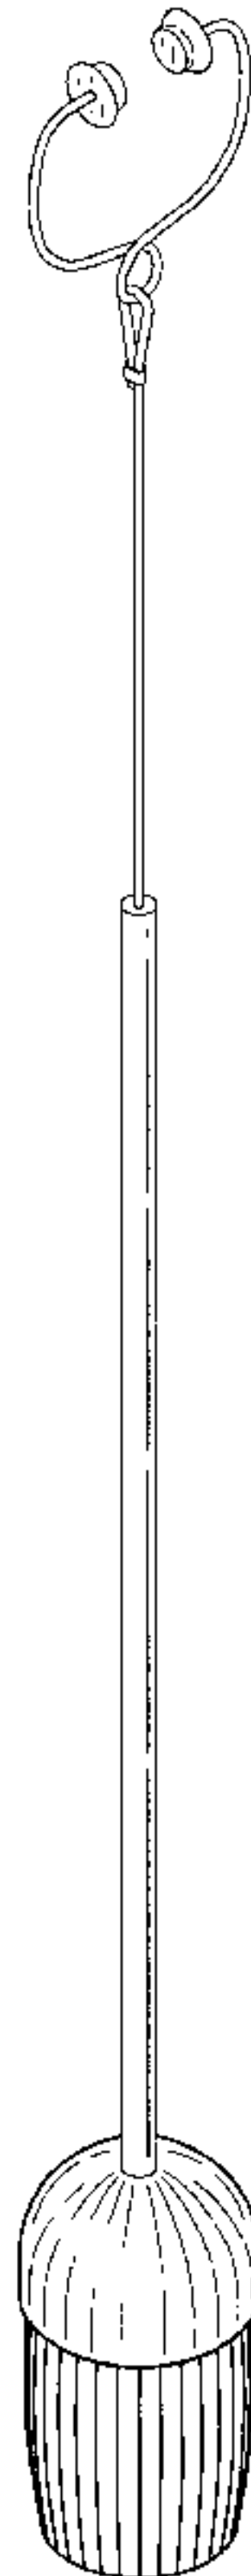

FIG. 2 is a right view of the pet pull toy;

FIG. 3 is a front view of the pet pull toy;

FIG. 4 is a left view of the pet pull toy; and,

FIG. 5 is a rear view of the pet pull toy.
