(57) **CLAIM**

The ornamental design for “fastening device for clothing”, substantially as shown and described.

DESCRIPTION

FIG. 1 is a front view of a fastening device for clothing showing our new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a right side view thereof;

FIG. 5 is a rear view thereof;

FIG. 6 is a cross sectional view along the line VI—VI of FIG. 1; and,

FIG. 7 is a reference view showing a state of the fastening device being used.

The product according to this design is adapted to be mounted respectively to and along a pair of overlapping edges of clothing for opening and closing the overlapping edges.

A left side view of the fastening device is omitted because it is symmetrical with the right side view.

It being understood that the broken lines are for illustrative purposes only.
