(57) **CLAIM**

The ornamental design for a ceiling light, as shown and described.

DESCRIPTION

The single FIGURE is a perspective view of the bottom side of a ceiling lamp which embodies the design and which comprises a curved reflector, a spill shield arranged below the reflector and a pair of diffusers which extend between the spill shield and the reflector on opposite sides of a fluorescent tube (not shown), the ceiling lamp being arranged within a box-like housing. The fluorescent tube and the box-like housing do not form part of the design.
