(57) **CLAIM**

The ornamental design for a revolving display stand for advertisement cards or postcards, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a revolving display stand for advertisement cards or postcards according to the present invention with the tubular element shown broken apart for the purpose of fitting the view onto one page;

FIG. 2 is a side view of the revolving display stand shown in FIG. 1 with the tubular element shown broken apart for the purpose of fitting the view onto one page;

FIG. 3 is a top view of the revolving display stand shown in FIG. 1;

FIG. 4 is a bottom view of the revolving display stand shown in FIG. 1;

FIG. 5 is a perspective view of a base of the revolving display stand shown in FIG. 1, shown separately for completeness of illustration;

FIG. 6 is a perspective view of a lower portion of the revolving display stand shown in FIG. 1, shown separately for completeness of illustration;

FIG. 7 is a perspective view of a top portion of the revolving display stand shown in FIG. 1, shown separately for completeness of illustration; and,

FIG. 8 is a perspective view of a middle portion of the revolving display stand shown in FIG. 1, shown separately for completeness of illustration.
