(57) **CLAIM**

The ornamental design for a friction disk for fan clutch, as shown and described.

**DESCRIPTION**

FIG. 1 is a view in perspective as seen from the top above the circumferential region shown in FIG. 4 of a friction disk for a fan clutch showing my new design;

FIG. 2 is a top view;

FIG. 3 is a side elevation view, as taken on the right side of FIG. 2;

FIG. 4 is a side elevation view, as taken 60° counterclockwise from the view in FIG. 3;

FIG. 5 is a side elevation view, as taken 120° counterclockwise from the view in FIG. 3;

FIG. 6 is a side elevation view, as taken 180° from the view in FIG. 3; and,

FIG. 7 is a side elevation view, as taken 60° clockwise from the view in FIG. 3.

The broken lines shown throughout the drawing are for illustrative purposes only and form no part of the claimed design. The bottom view of the design is unornamented.
