(57) **CLAIM**

The ornamental design for a replaceable, trimmable grip with pressure sensitive adhesive for tool handle, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the replaceable, trimmable grip with pressure sensitive adhesive for tool handle embodying the design of the present invention; FIG. 2 is a top plan view thereof; FIG. 3 is a bottom plan view thereof; FIG. 4 is a side elevational view thereof, the opposite side elevational view being identical thereto; FIG. 5 is an end elevational view thereof, the opposite end elevational view being identical thereto; and, FIG. 6 is a reduced perspective view showing the replaceable, trimmable grip with pressure sensitive adhesive for tool handle being applied to a tool handle; the broken lines depict environmental structure and form no part of the claimed design.
