(57) **CLAIM**

The ornamental design for a flat fuse holder body component, as shown and described.

DESCRIPTION

FIG. 1 is an isometric perspective view of a flat fuse holder body component incorporating the invention, FIG. 2 is side elevational view thereof, the opposite side elevational view being identical, FIG. 3 is an end elevational view of a flat fuse holder body component incorporating the invention, FIG. 4 is a top plan view of the flat fuse holder body component incorporating the invention; and, FIG. 5 is a bottom plan view of the flat fuse holder body component.

The portions of the article shown in broken lines form no part of the claimed design.
