(57) **CLAIM**

The ornamental design for a wind-powered fishing pole, as shown and described.

**DESCRIPTION**

FIG. 1 is a side elevational view illustrating the new ornamental design of a wind-powered fishing pole in a position of use;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a top plan view thereof;

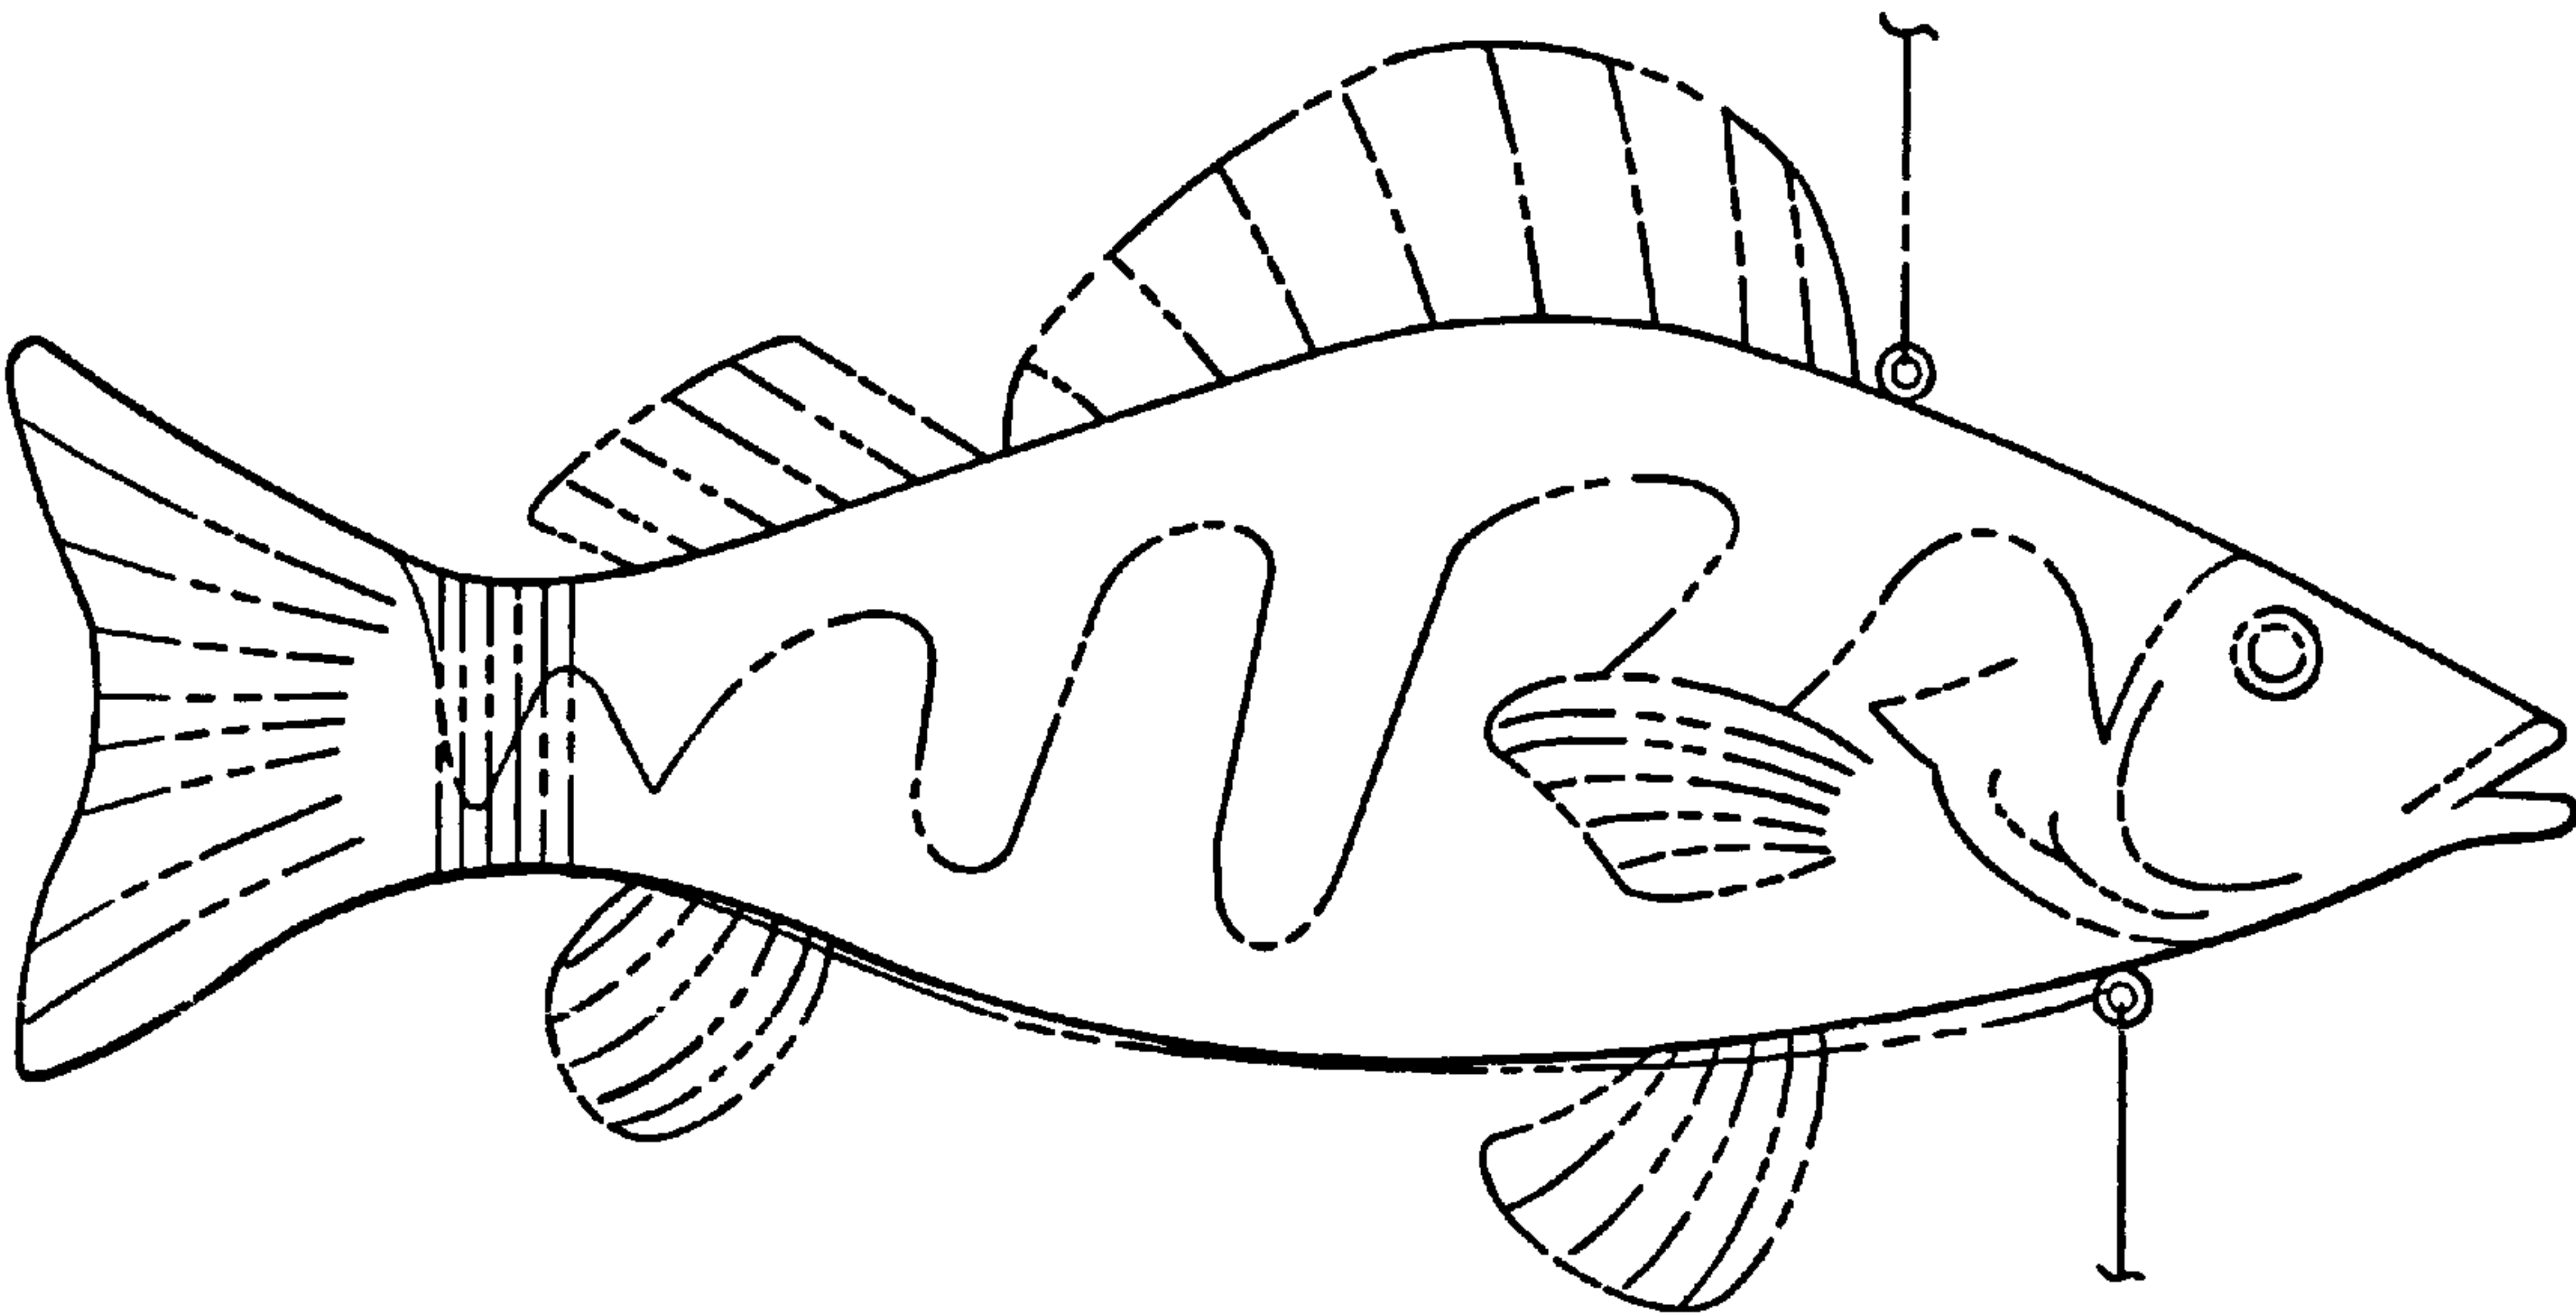

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a side elevational view illustrating the new ornamental design of a wind-powered fishing pole in the environment of use for ice-fishing. The broken lines shown in this Figure are for illustrative purposes only and form no part of the claimed design; and,

FIG. 7 is a side elevational view illustrating the new ornamental design of a wind-powered fishing pole in the environment of use for boat-fishing. The broken lines shown in this Figure are for illustrative purposes only and form no part of the claimed design.

The details shown in broken lines in these Figures are shown for illustrative purposes only and form no part of the claimed design.
