(57) **CLAIM**

The ornamental design for a child's push toy, as shown and described.

DESCRIPTION

FIG. 1 is a bottom plan view of the guide stick member of the child's push toy shown separate from the assembly for clarity of illustration;

FIG. 2 is an inverted right side elevational view thereof, the left being a mirror image;

FIG. 3 is a top plan view thereof;

FIG. 4 is an inverted rear end elevational view thereof;

FIG. 5 is an inverted front end elevational view thereof;

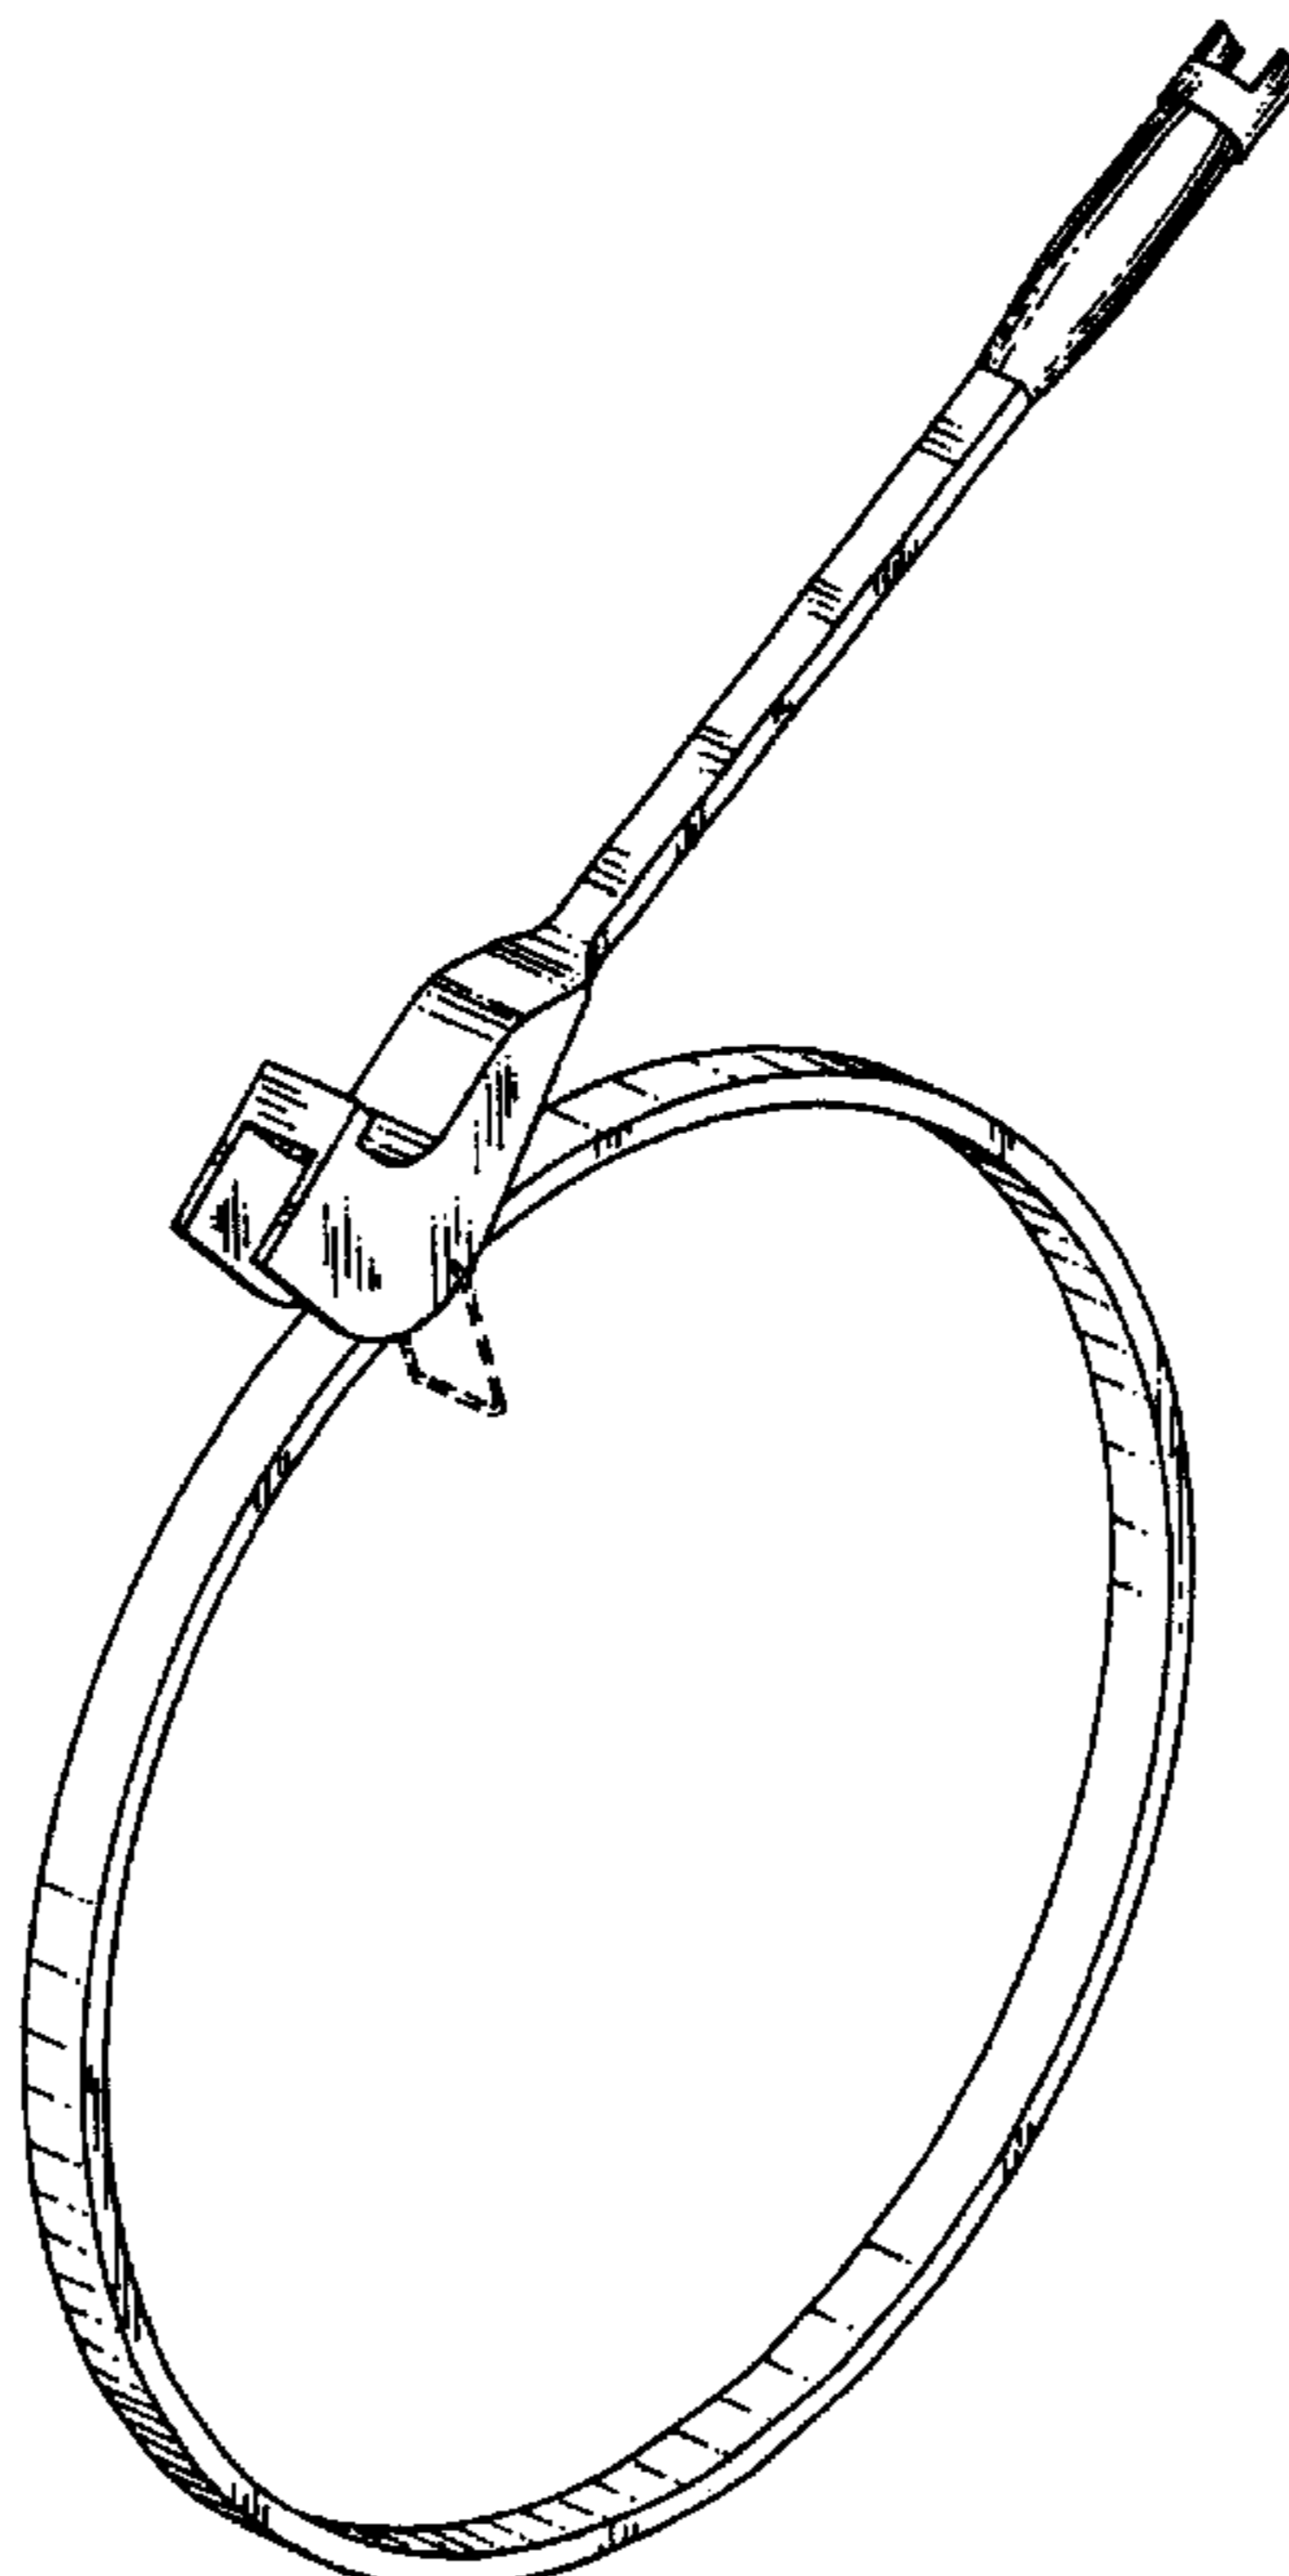

FIG. 6 is a right side elevational view of the hoop member of the child's push toy, shown on a reduced scale with respect to the guide stick and separated from the assembly for clarity of illustration. The left side of the hoop is mirror image of the right side shown;

FIG. 7 is a front elevational view thereof, the rear view being the same; and,

FIG. 8 is a perspective view of the assembled design with a retaining clip in broken lines attached to the guide stick.

The broken line showing of the retaining clip is for illustrative purposes only and forms no part of the claimed design.
