(57) **CLAIM**

The ornamental design for a wind powered generator, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the wind powered generator showing my new design; FIG. 2 is a rear perspective view thereof; FIG. 3 is a front elevational view thereof; FIG. 4 is a rear elevational view thereof; FIG. 5 is a left side elevation thereof; FIG. 6 is a right side elevation thereof; FIG. 7 is a top plan view thereof; FIG. 8 is a bottom plan view thereof; and, FIG. 9 is an enlarged partial front perspective view thereof. The broken lines in certain figures are for illustrating a top end of a tower supporting the wind powered generator, and do not form a part of the claimed design. The vanes are shown broken away in FIG. 9 for ease of illustration.
