(57) **CLAIM**

The ornamental design for a combination ceiling fan blade and blade attachment assembly, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view from below of the combination ceiling fan blade and blade attachment assembly in accordance with my design, including the environment thereof;

FIG. 2 is a bottom plan view of the combination ceiling fan blade and blade attachment assembly in accordance with my design, on a reduced scale including the environment thereof;

FIG. 3 is a front elevation view of the combination ceiling fan blade and blade attachment assembly in accordance with my design, on a reduced scale including the environment thereof;

FIG. 4 is a perspective view from above of the combination ceiling fan blade and blade attachment assembly in accordance with my design;

FIG. 5 is a left side elevation of the combination ceiling fan blade and blade attachment assembly in accordance with my design;

FIG. 6 is a right side elevation view of the bottom side of the combination ceiling fan blade and blade attachment assembly in accordance with my design, turned upright for purposes of illustration;

FIG. 7 is a front end view of the combination ceiling fan blade and blade attachment assembly in accordance with my design; and,

FIG. 8 is a rear end view of the combination ceiling fan blade and blade attachment assembly in accordance with my design.

The broken line showing of environmental structure in FIGS. 1–3 is for illustrative purposes only and forms no part of the claimed design.
