(57) **CLAIM**

The ornamental design for a battery pack for a camera, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view showing a battery pack for a camera as our novel design, which is seen from the front side obliquely from upper right side and in which the portion shown by solid lines is the one for which design patent is

sought and the portion shown by dotted lines is the one for which design patent is not sought;

FIG. 2 is a perspective view, which is seen from the rear side thereof obliquely from upper right side and in which the portion shown by solid lines is the one for which design patent is sought and the portion shown by dotted lines is the one for which design patent is not sought;

FIG. 3 is a front view thereof, in which the portion shown by solid lines is the one for which design patent is sought and the portion shown by dotted lines is the one for which design patent is not sought;

FIG. 4 is a rear view thereof, in which the portion shown by solid lines is the one for which design patent is sought and the portion shown by dotted lines is the one for which design patent is not sought;

FIG. 5 is a plan view thereof, in which the portion shown by solid lines is the one for which design patent is sought and the portion shown by dotted lines is the one for which design patent is not sought;

FIG. 6 is a bottom plan view thereof;

FIG. 7 is a right side view thereof, in which the portion shown by solid lines is the one for which design patent is sought and the portion shown by dotted lines is the one for which design patent is not sought;

FIG. 8 is a left side view thereof, in which the portion shown by solid lines is the one for which design patent is sought and the portion shown by dotted lines is the one for which design patent is not sought;

FIG. 9 is a perspective view for reference showing a battery pack for a camera mounted onto the body of a single-lens reflex camera, which is seen from the front side obliquely from upper right side and in which the portion shown by solid lines is the one for which design patent is sought and the portion shown by dotted lines is the one for which design patent is not sought; and,

FIG. 10 is a perspective view thereof for reference, which is seen from the rear side obliquely from upper right side and in which the portion shown by solid lines is the one for which design patent is sought and the portion shown by dotted lines is the one for which design patent is not sought.
