(57) **CLAIM**

I claim the ornamental design for a hand-held sanding device having cooperating removable handle and slots for frictionally securing ends of sandpaper, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a hand-held sanding device having cooperating removable handle and slots for frictionally securing ends of sheet of sandpaper showing my new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a rear elevational view thereof;

FIG. 4 is a right side elevational view thereof, the left side elevational view being a mirror image thereof;

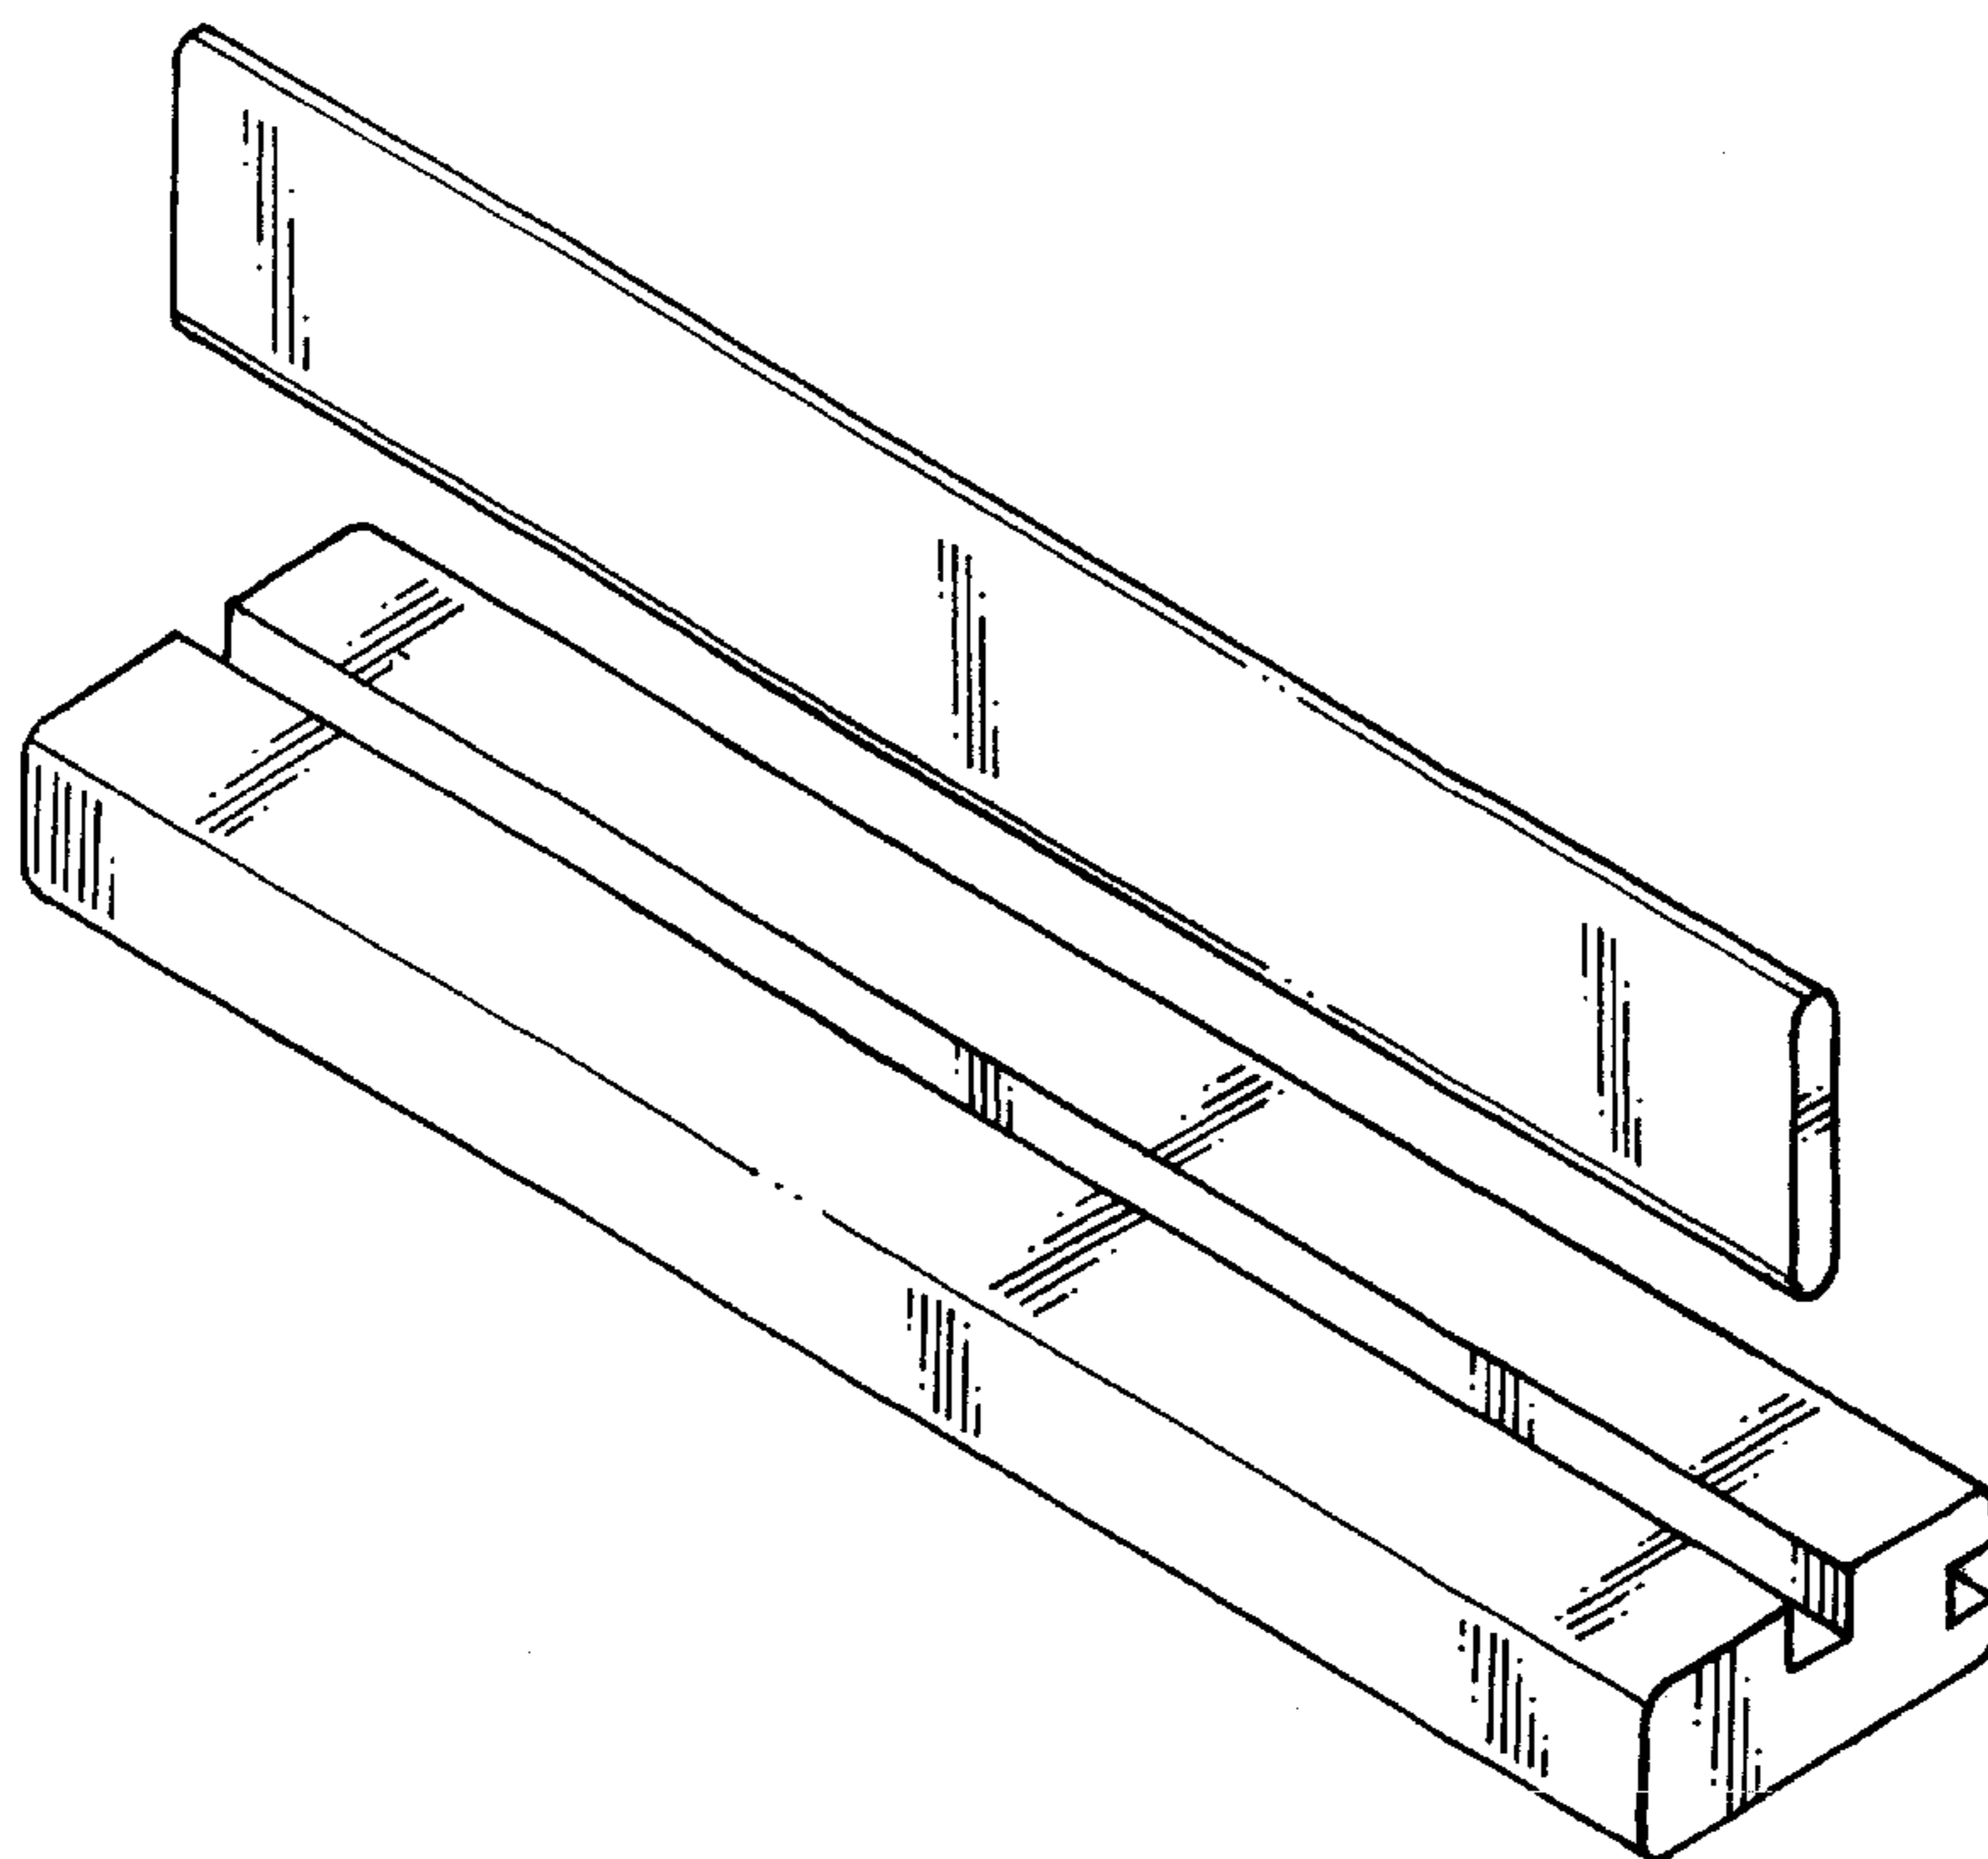

FIG. 5 is a top plan view thereof;

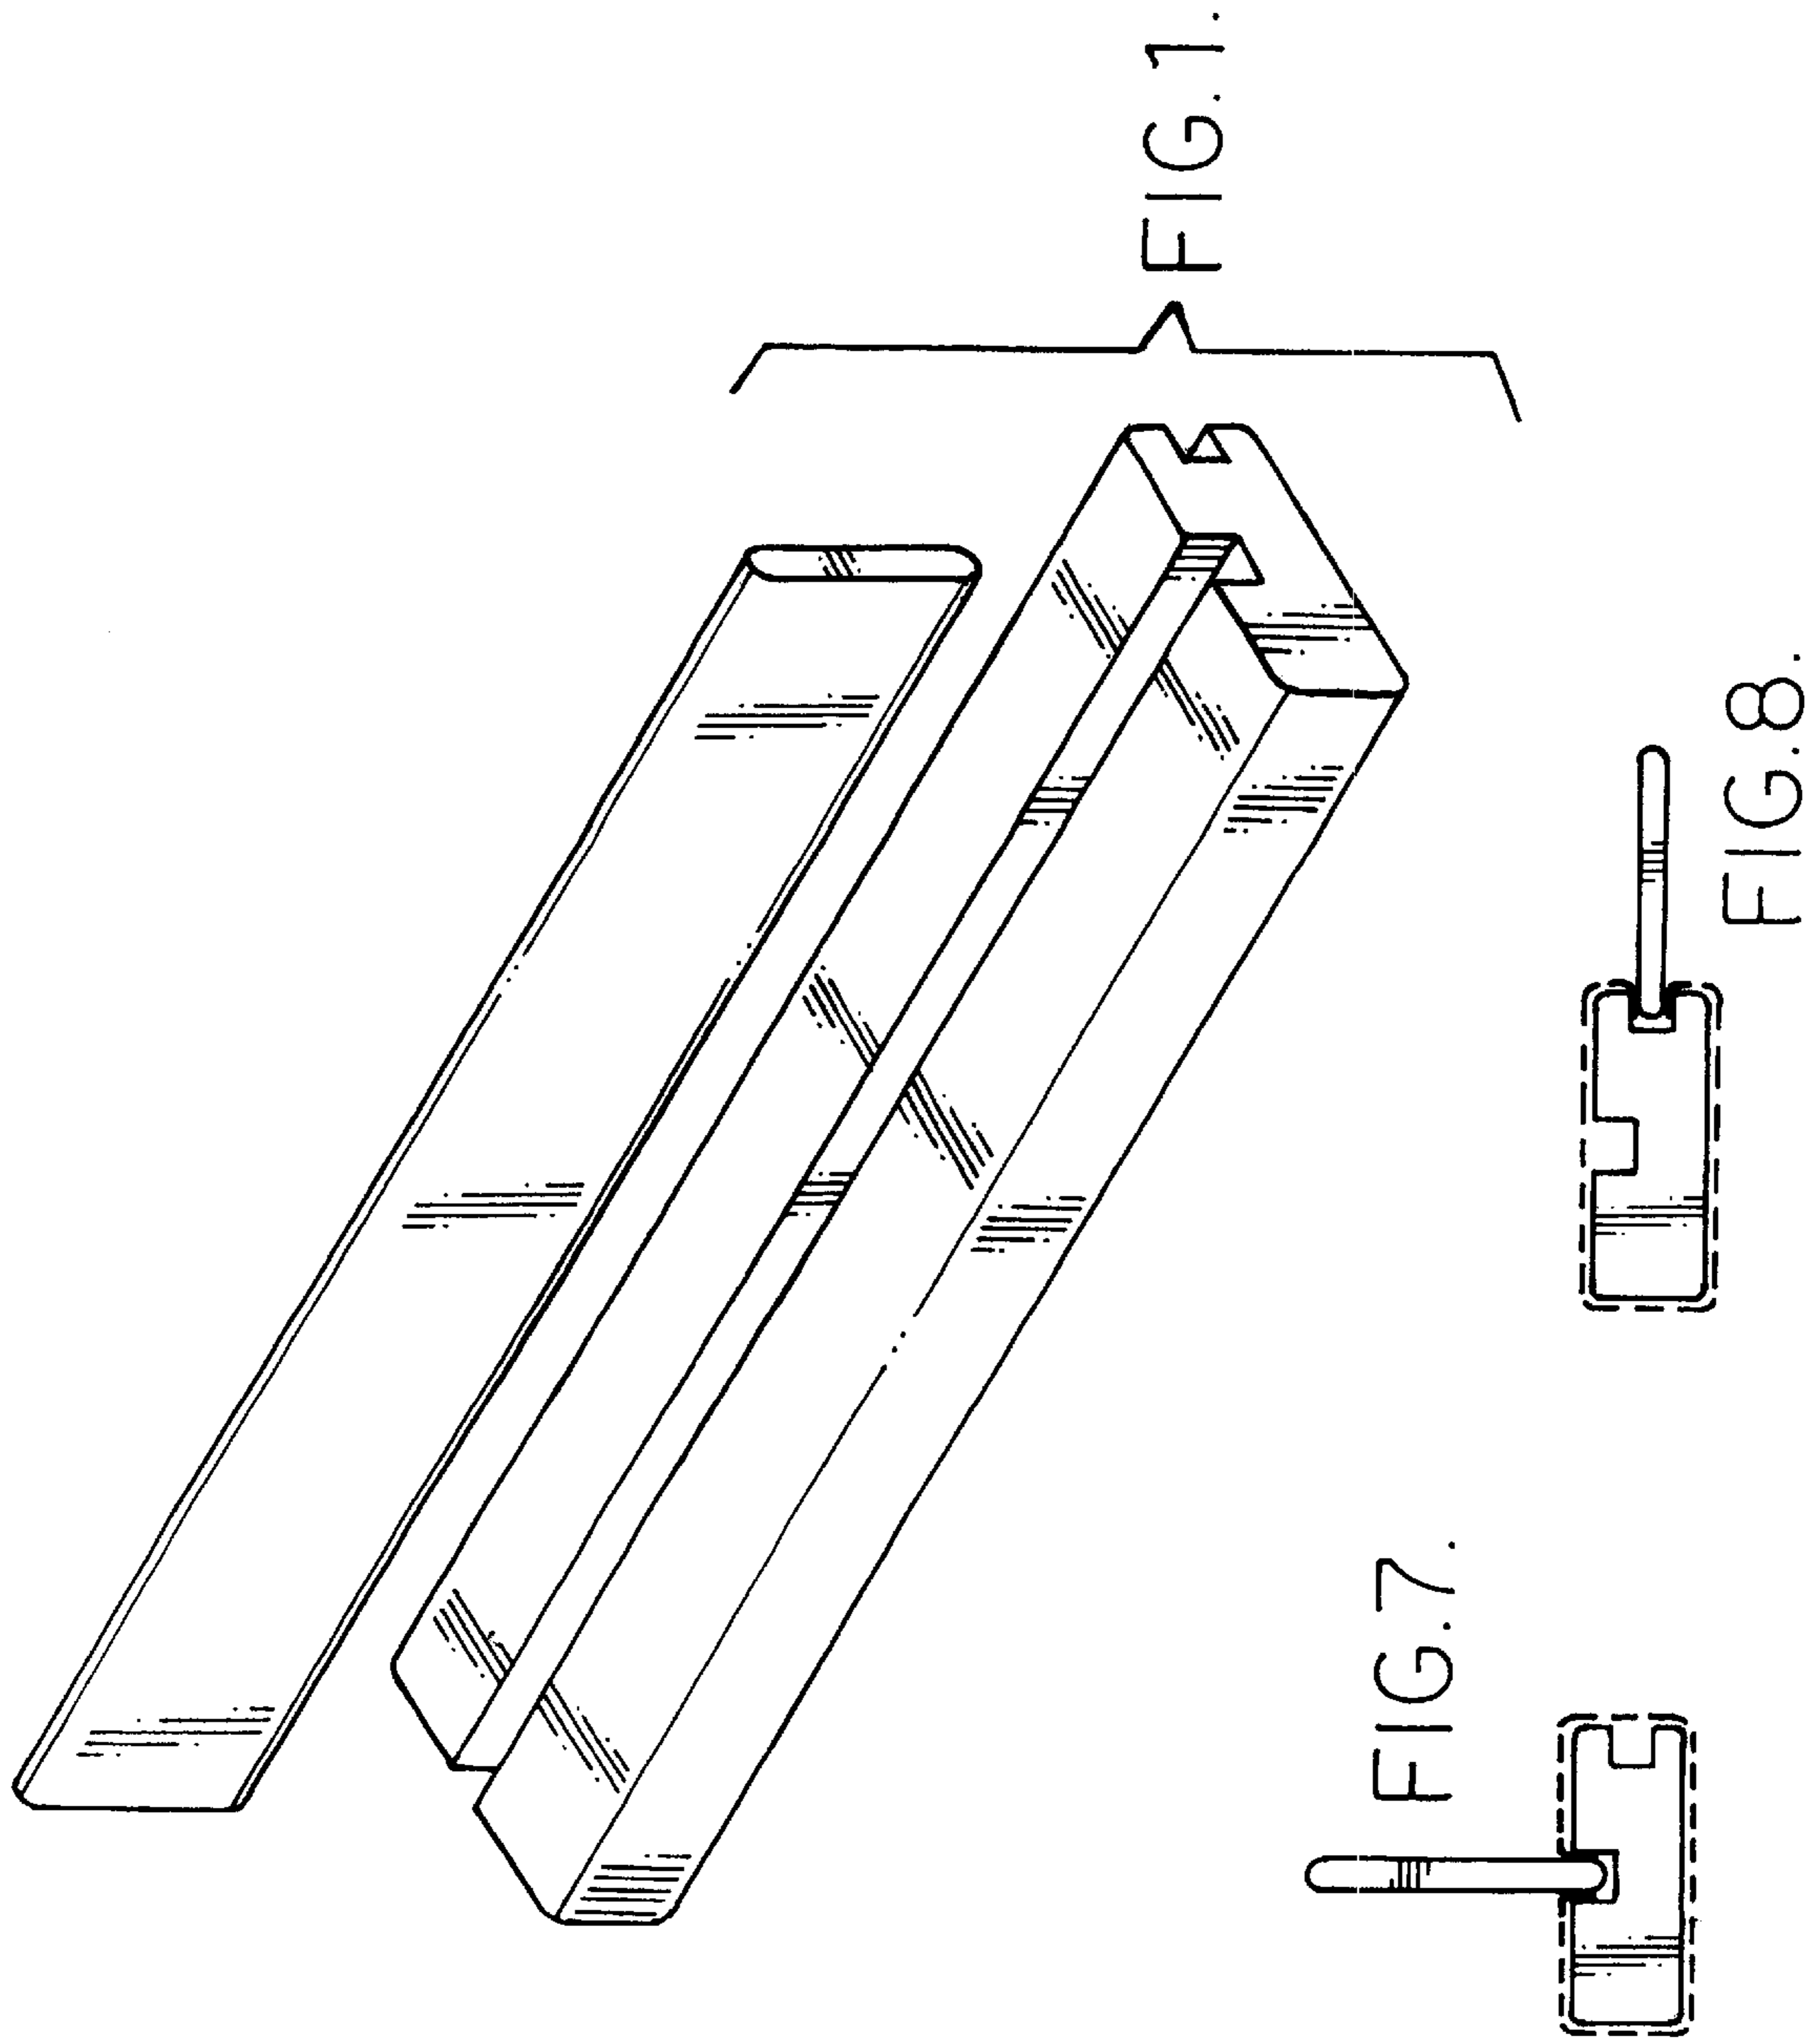

FIG. 6 is a bottom plan view thereof;

FIG. 7 is a side elevational view thereof, wherein the broken line environmental structure is for illustrative purposes only and forms no part of the claim design; and,

FIG. 8 is a side elevational view thereof, wherein the components are assembled in an alternate configuration, and the broken line environmental structure is for illustrative purposes only and forms no part of the claim design.

**1 Claim, 3 Drawing Sheets**

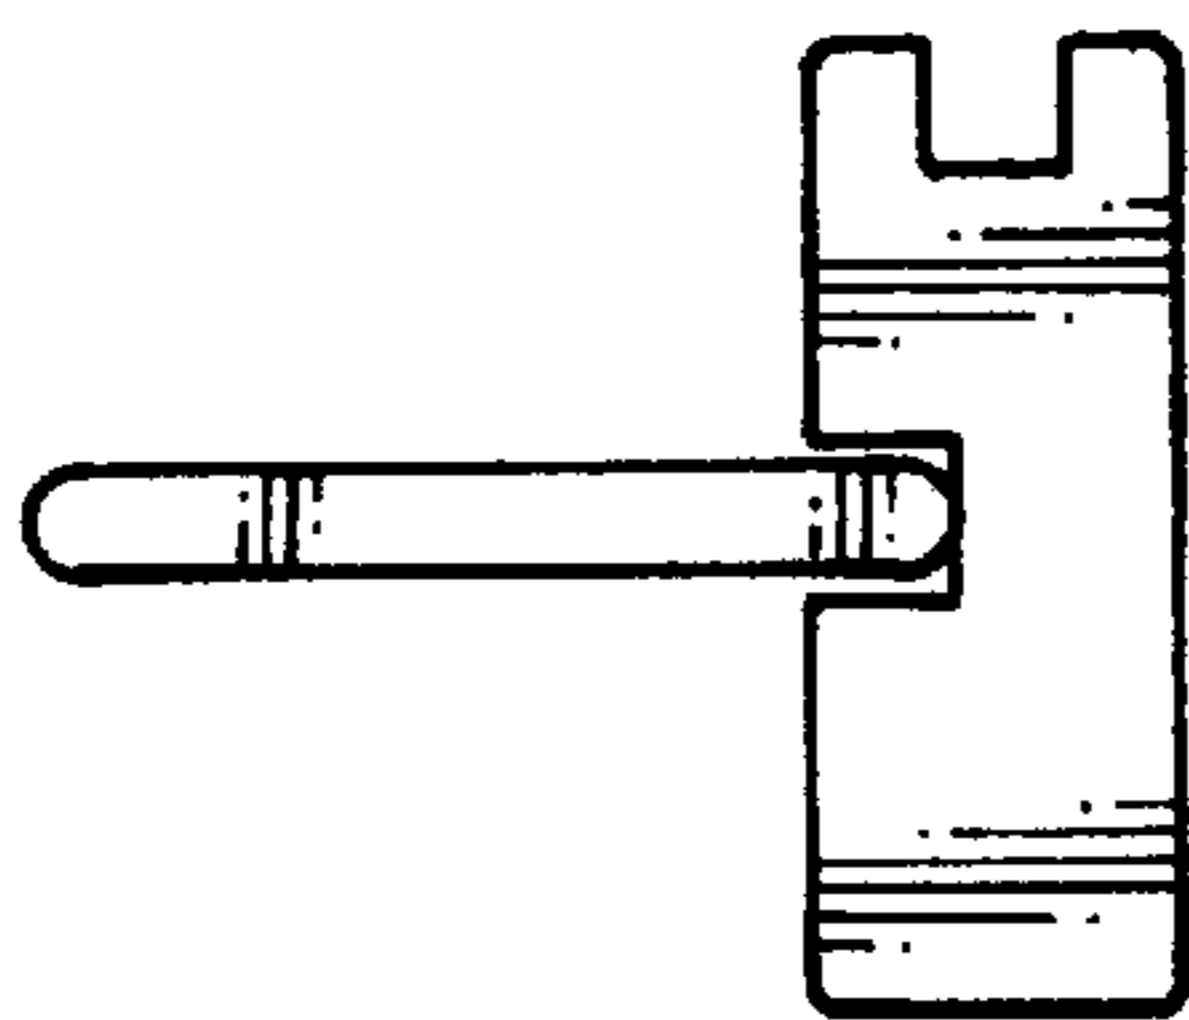

FIG. 4.

FIG. 2.

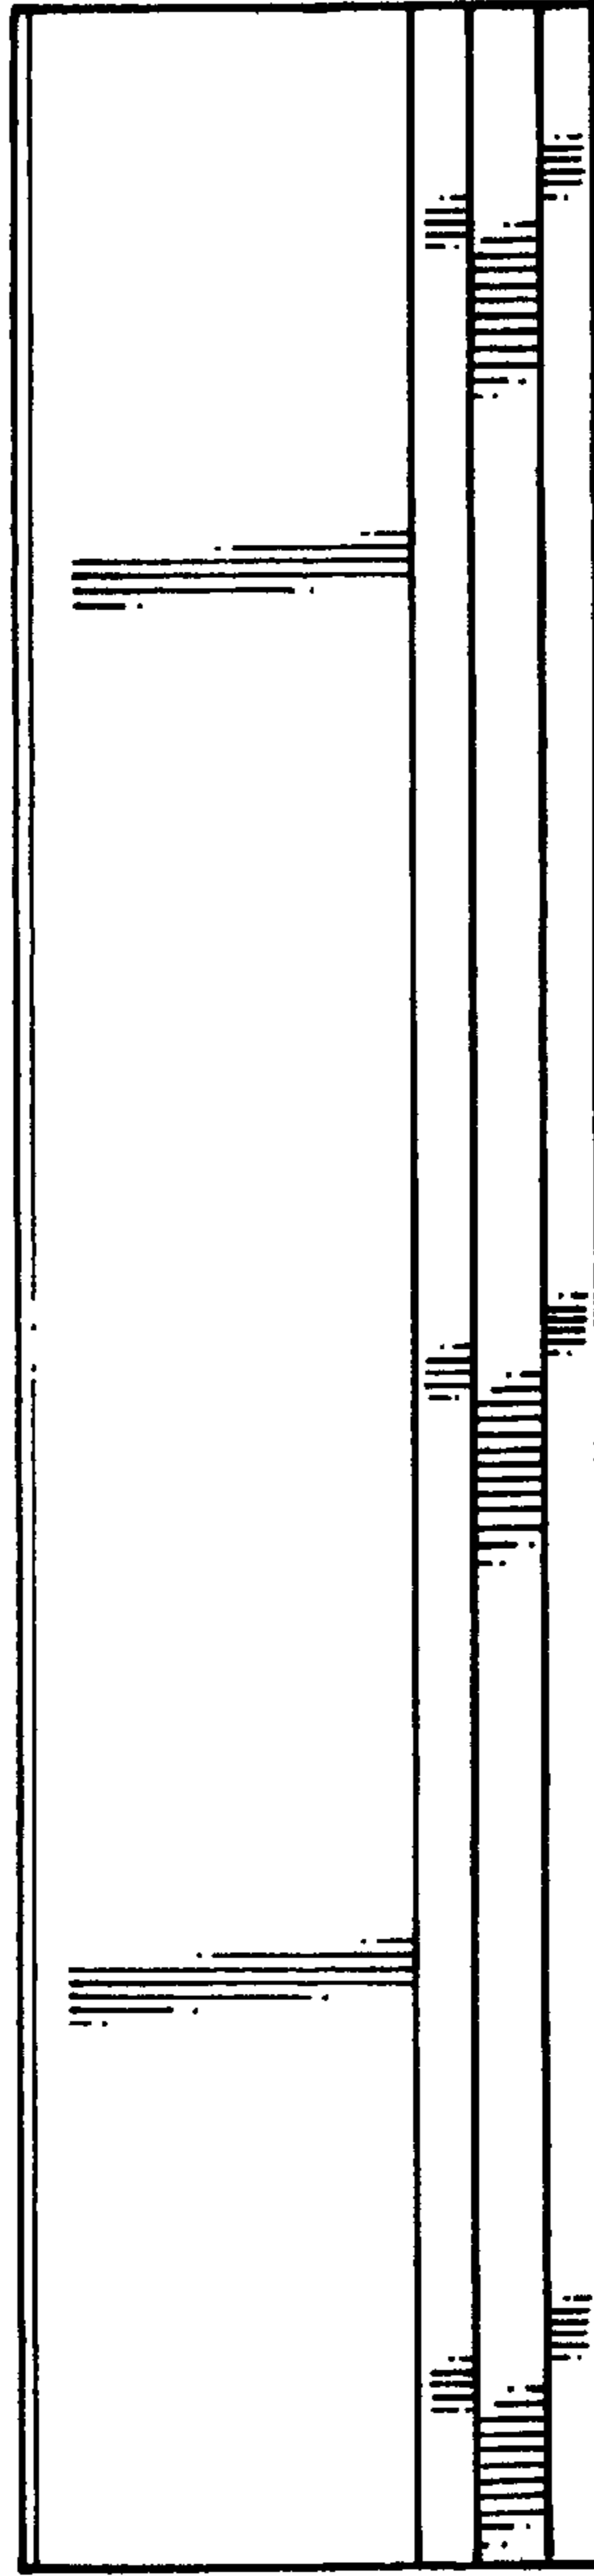

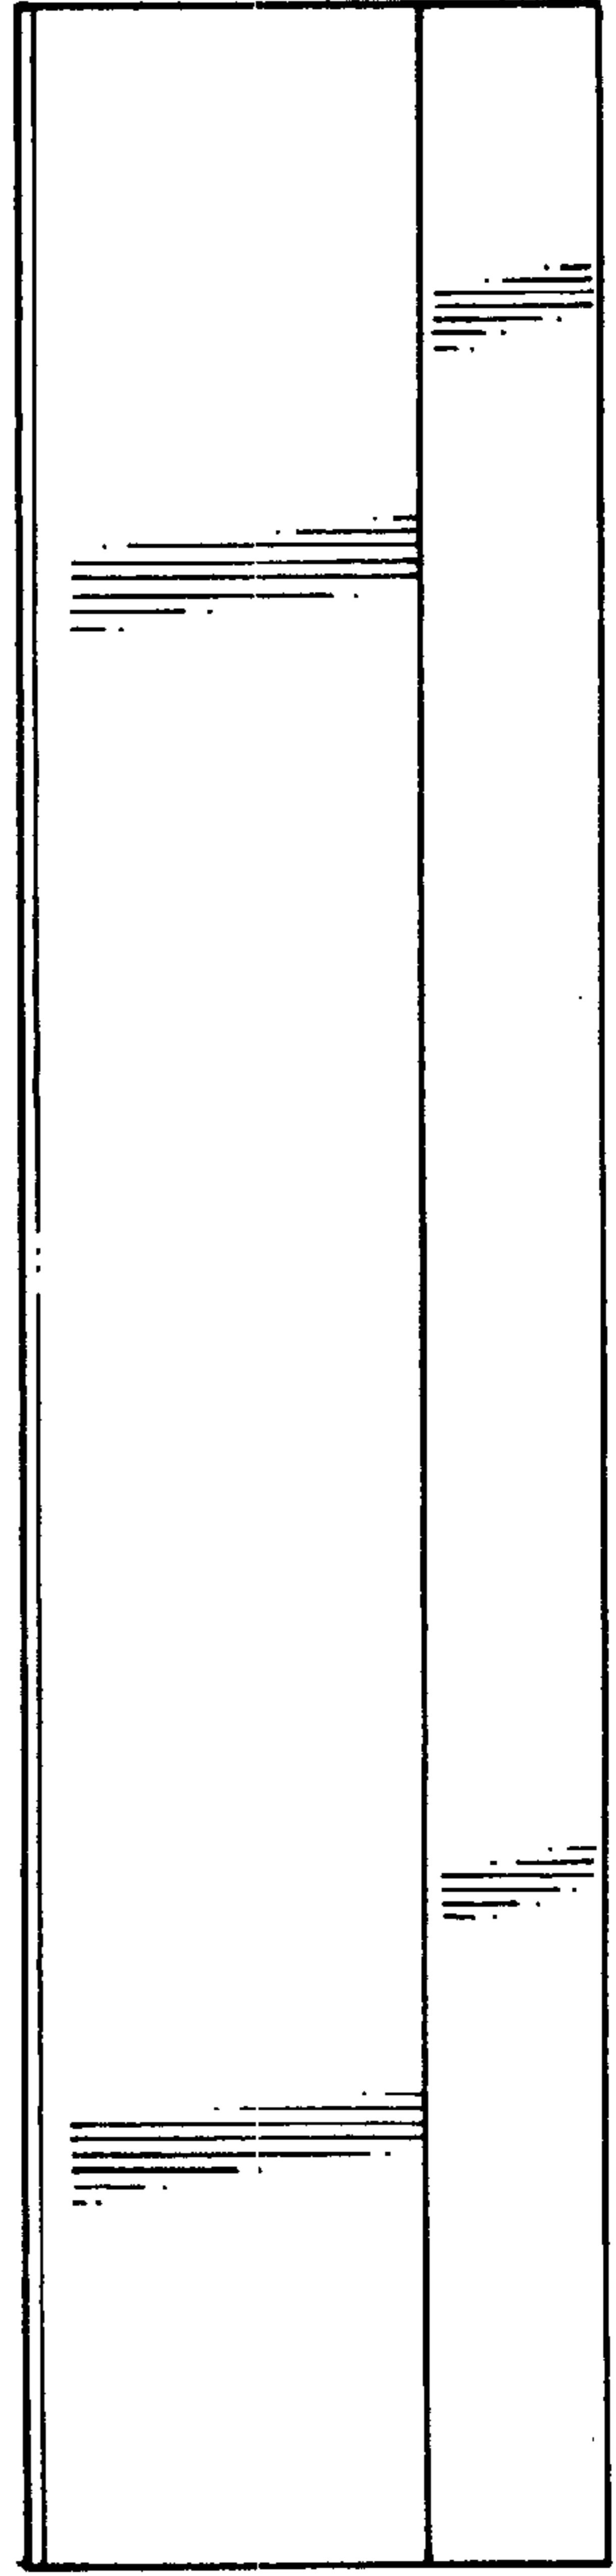

FIG. 3.

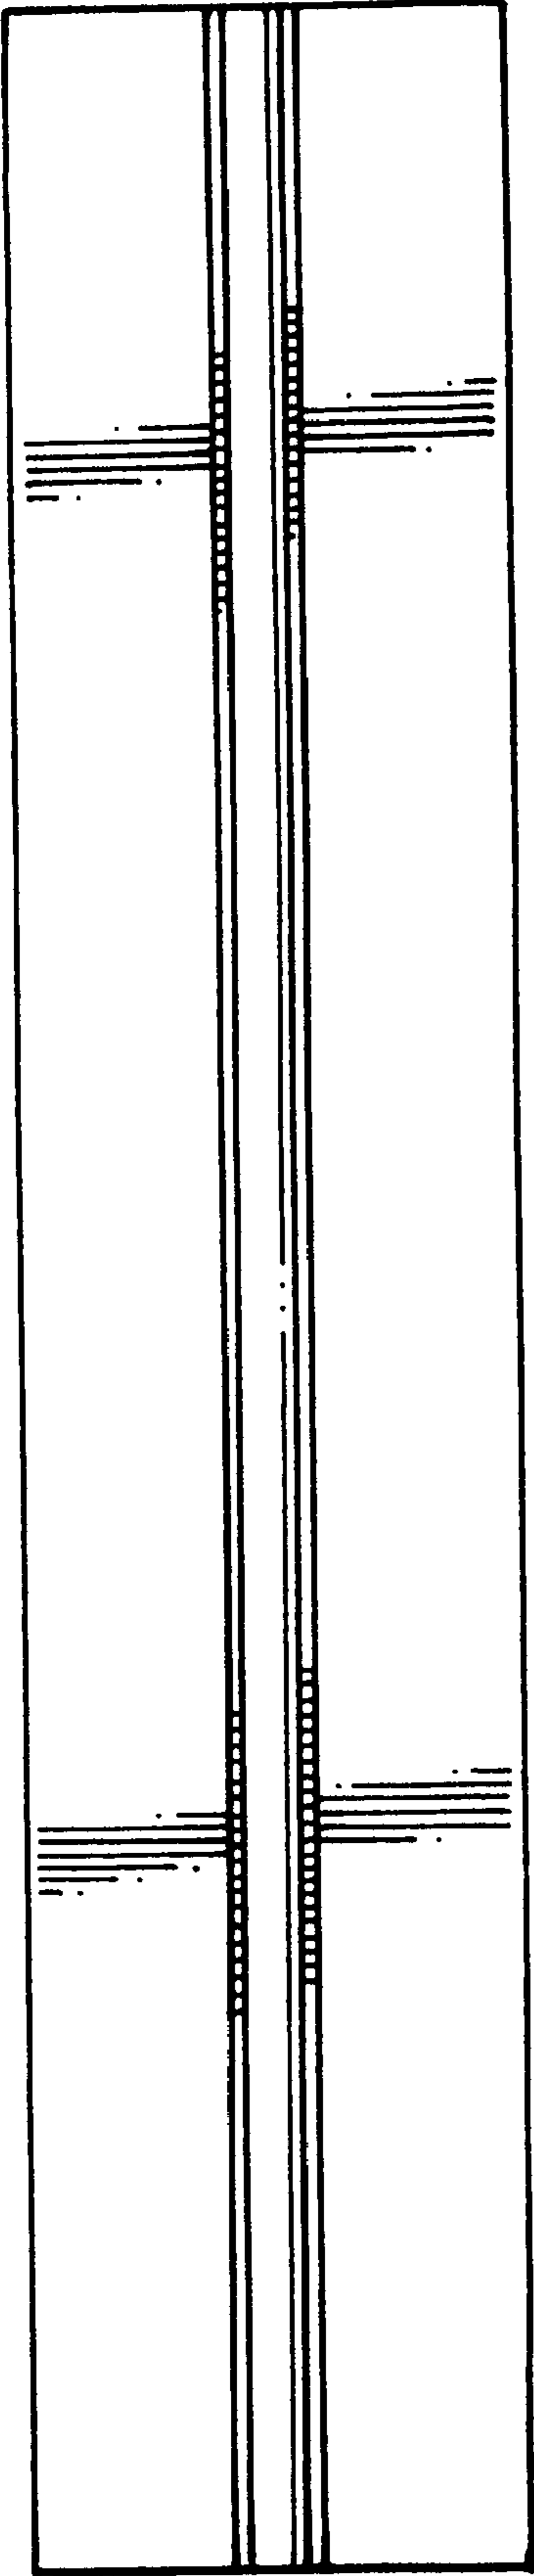

FIG. 5.

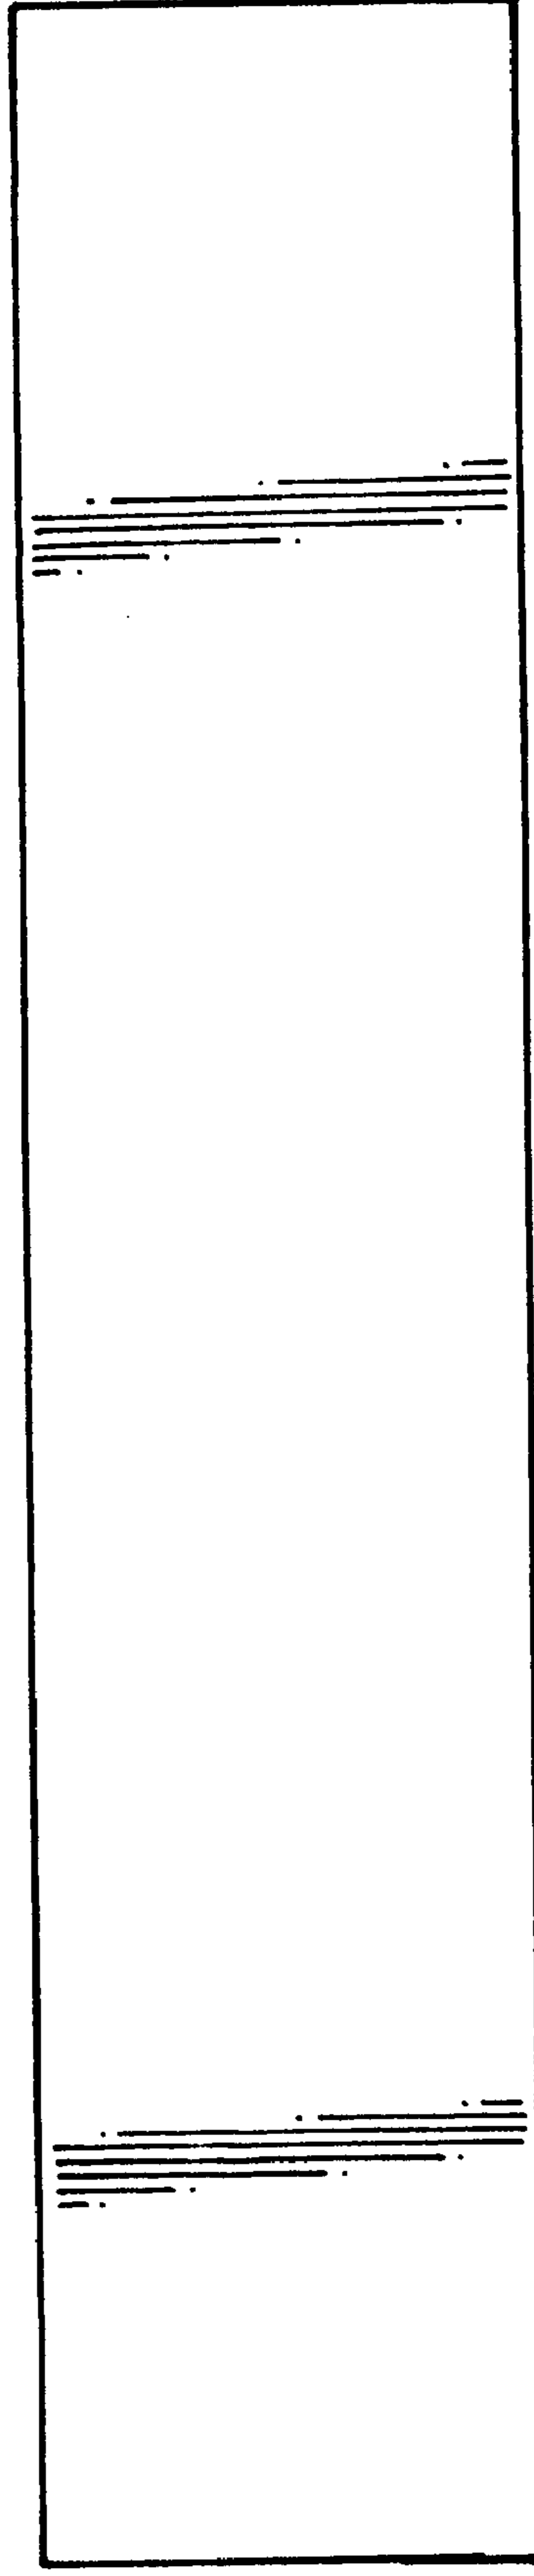

FIG. 6.
