(57) **CLAIM**

The ornamental design for an exposed portion of chisel point brad awl blade, as shown and described.

DESCRIPTION

FIG. 1 is an enlarged top plan view of a first embodiment of

the ornamental design for the exposed portion of a brad awl blade of this invention, of which the bottom plan view is a mirror image.

FIG. 2 is an enlarged side view of the brad awl blade design shown in FIG. 1, of which the opposite side is a mirror image.

FIG. 3 is an enlarged exposed end view of the brad awl blade design shown in FIG. 1, the opposite end of which cannot be seen and is not part of the design of this invention.

FIG. 4 is a perspective view of the embodiment of the brad awl blade design shown in FIGS. 1–3, shown with a handle in broken lines for environmental purposes only and forming no part of the claimed design.

FIG. 5 is an enlarged top plan view of a second embodiment of the ornamental design for the exposed portion of a brad awl blade of this invention, of which the bottom plan view is a mirror image.

FIG. 6 is an enlarged side view of the brad awl blade design shown in FIG. 5, of which the opposite side is a mirror image.

FIG. 7 is an enlarged exposed end view of the brad awl blade design shown in FIG. 5, the opposite end of which cannot be seen and is not part of the design of this invention; and,

FIG. 8 is an enlarged perspective view, similar to FIG. 4 but without a handle shown in broken lines, of the second embodiment shown in FIG. 5 of the exposed portion of the brad awl blade design of this invention.
