(57) **CLAIM**

The ornamental design for a light accessory for a handheld electronic device, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a light accessory for a handheld electronic device according to the present invention;

FIG. 2 is a rear view of the light accessory for a handheld electronic device of FIG. 1.

FIG. 3 is a left side view of the light accessory for a handheld electronic device of FIG. 1 with the retractable lights in a folded position.

FIG. 4 is a right side view of the light accessory for a handheld electronic device of FIG. 1 with the retractable lights in folded position.

FIG. 5 is a left side view of the light accessory for a handheld electronic device of FIG. 1 with the retractable lights in a working position.

FIG. 6 is a right side view of the light accessory for a handheld electronic device of FIG. 1 with the retractable lights in a working position.

FIG. 7 is a top view of the light accessory for a handheld electronic device of FIG. 1.

FIG. 8 is a bottom view of the light accessory for a handheld electronic device of FIG. 1.

FIG. 9 is a front and left perspective view of a light accessory for a handheld electronic device according to the present invention with the lights shown in the retracted position; and,

FIG. 10 is a front and left perspective view of a light accessory for a handheld electronic device according to the present invention with the lights shown in the working position.
