(57) **CLAIM**

The ornamental design for a butterfly and bee embossed surface pattern for an absorbent article, as shown and described.

DESCRIPTION

The FIGURE is a front view of a butterfly and bee embossed surface pattern for an absorbent article, showing our new design, it being understood that the pattern repeats indefinitely throughout the entire surface of the absorbent article. The broken line showing is for illustrative purposes only and forms no part of the claimed design.
The surface or portions not shown in drawing or described in the specification form no part of the claimed design.
