(57) **CLAIM**

The ornamental design for a surface configuration of a hood for a vehicle, as shown and described.

DESCRIPTION

This application is related to the following co-pending application, of the inventor, filed on even date herewith:

FIG. 1 is a front view of a surface configuration of a hood for a vehicle according to my novel design;

FIG. 2 is a perspective view of the surface configuration of a hood for a vehicle according to my novel design; and,

FIG. 3 is a top view of the surface configuration of a hood for a vehicle according to my novel design.

The broken lines included in the drawings depict environment and are not part of the claimed design.
