(57) **CLAIM**

The ornamental design for a modular housing for electronic and optical components, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a modular housing for electronic and optical components in accordance with our design, the broken lines therein being used to designate environment only and not forming a part of the design; FIG. 2 is a front elevational view thereof; FIG. 3 is a rear elevational view thereof; FIG. 4 is a top plan view thereof, the bottom plan view being a mirror image thereof; FIG. 5 is a right side elevational view thereof, the broken lines therein being used to designate environment only and not forming a part of the design; and, FIG. 6 is a left side elevational view thereof.
