DESCRIPTION

FIG. 1 is a front elevational view of the gaming device display showing a hand in one possible position. The hand may be in various rotational positions around an axis.
FIG. 2 is a right side view of the gaming device display shown in FIG. 1.
FIG. 3 is a left side view of the gaming device display shown in FIG. 1.
FIG. 4 is a front elevational view of the gaming device display showing the hand in another possible position. The hand may be in various rotational positions around an axis.
FIG. 5 is a front elevational view of the gaming device display showing the hand in another possible position. The hand may be in various rotational positions around an axis.
FIG. 6 is a right side view of the gaming device display shown in FIG. 5.
FIG. 7 is a left side view of the gaming device display shown in FIG. 5; and,
FIG. 8 is a front elevational view of the gaming device display showing the hand in another possible position. The hand may be in various rotational positions around an axis. Broken lines showing the portions of the gaming device on the exterior and interior of the display are for illustrative purposes only and form no part of the claimed design.
