FIG. 1 is a perspective view of a symmetrical shelf leg of our new design;

FIG. 2 is a front elevational view thereof, the rear elevational view being a mirror image thereof;

FIG. 3 is a top plan view thereof, the bottom plan view being a mirror image thereof; and,

FIG. 4 is a side elevational view thereof, the opposite side elevational view being a mirror image thereof.

The design is shown broken at its center so that it could be shown at a sufficient scale and still fit on the page. It is understood that the center section of the design that is shown broken at its middle is identical in appearance to the other two rectangular sections that are located near the ends of the design.
