(57) **CLAIM**

The ornamental design for a CD holder, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a CD holder in accordance with the present design, shown in a folded condition; FIG. 2 is a left side elevational view of the CD holder of FIG. 1, shown in an unfolded condition, the right side elevational view being a mirror image of the left side elevational view; FIG. 3 is a top plan view of the CD holder of FIG. 1, shown in its flat unfolded state and showing a fold line (not visible in FIG. 1) between adjacent sections of the CD holder, the bottom plan view being a mirror image of the top plan view; and, FIG. 4 is a front elevational view of the CD holder of FIG. 1, shown in an unfolded condition, the rear elevational view being a mirror image of the front elevational view.
