(57) **CLAIM**

The ornamental design for an electrified skull with three-way switch for battery-powered flashing eyes and full on/off LED lighting, as shown and described.

DESCRIPTION

FIG. 1 is a front “face” view of my electrified skull with three way electrified switch for flashing eyes or full on/off LED lighting, taken from the front thereof, and showing optionally a looped string for engagement with a car mirror, or hook/nail for hanging the skull from a ceiling or other surface;

FIG. 2 is a right side view thereof;

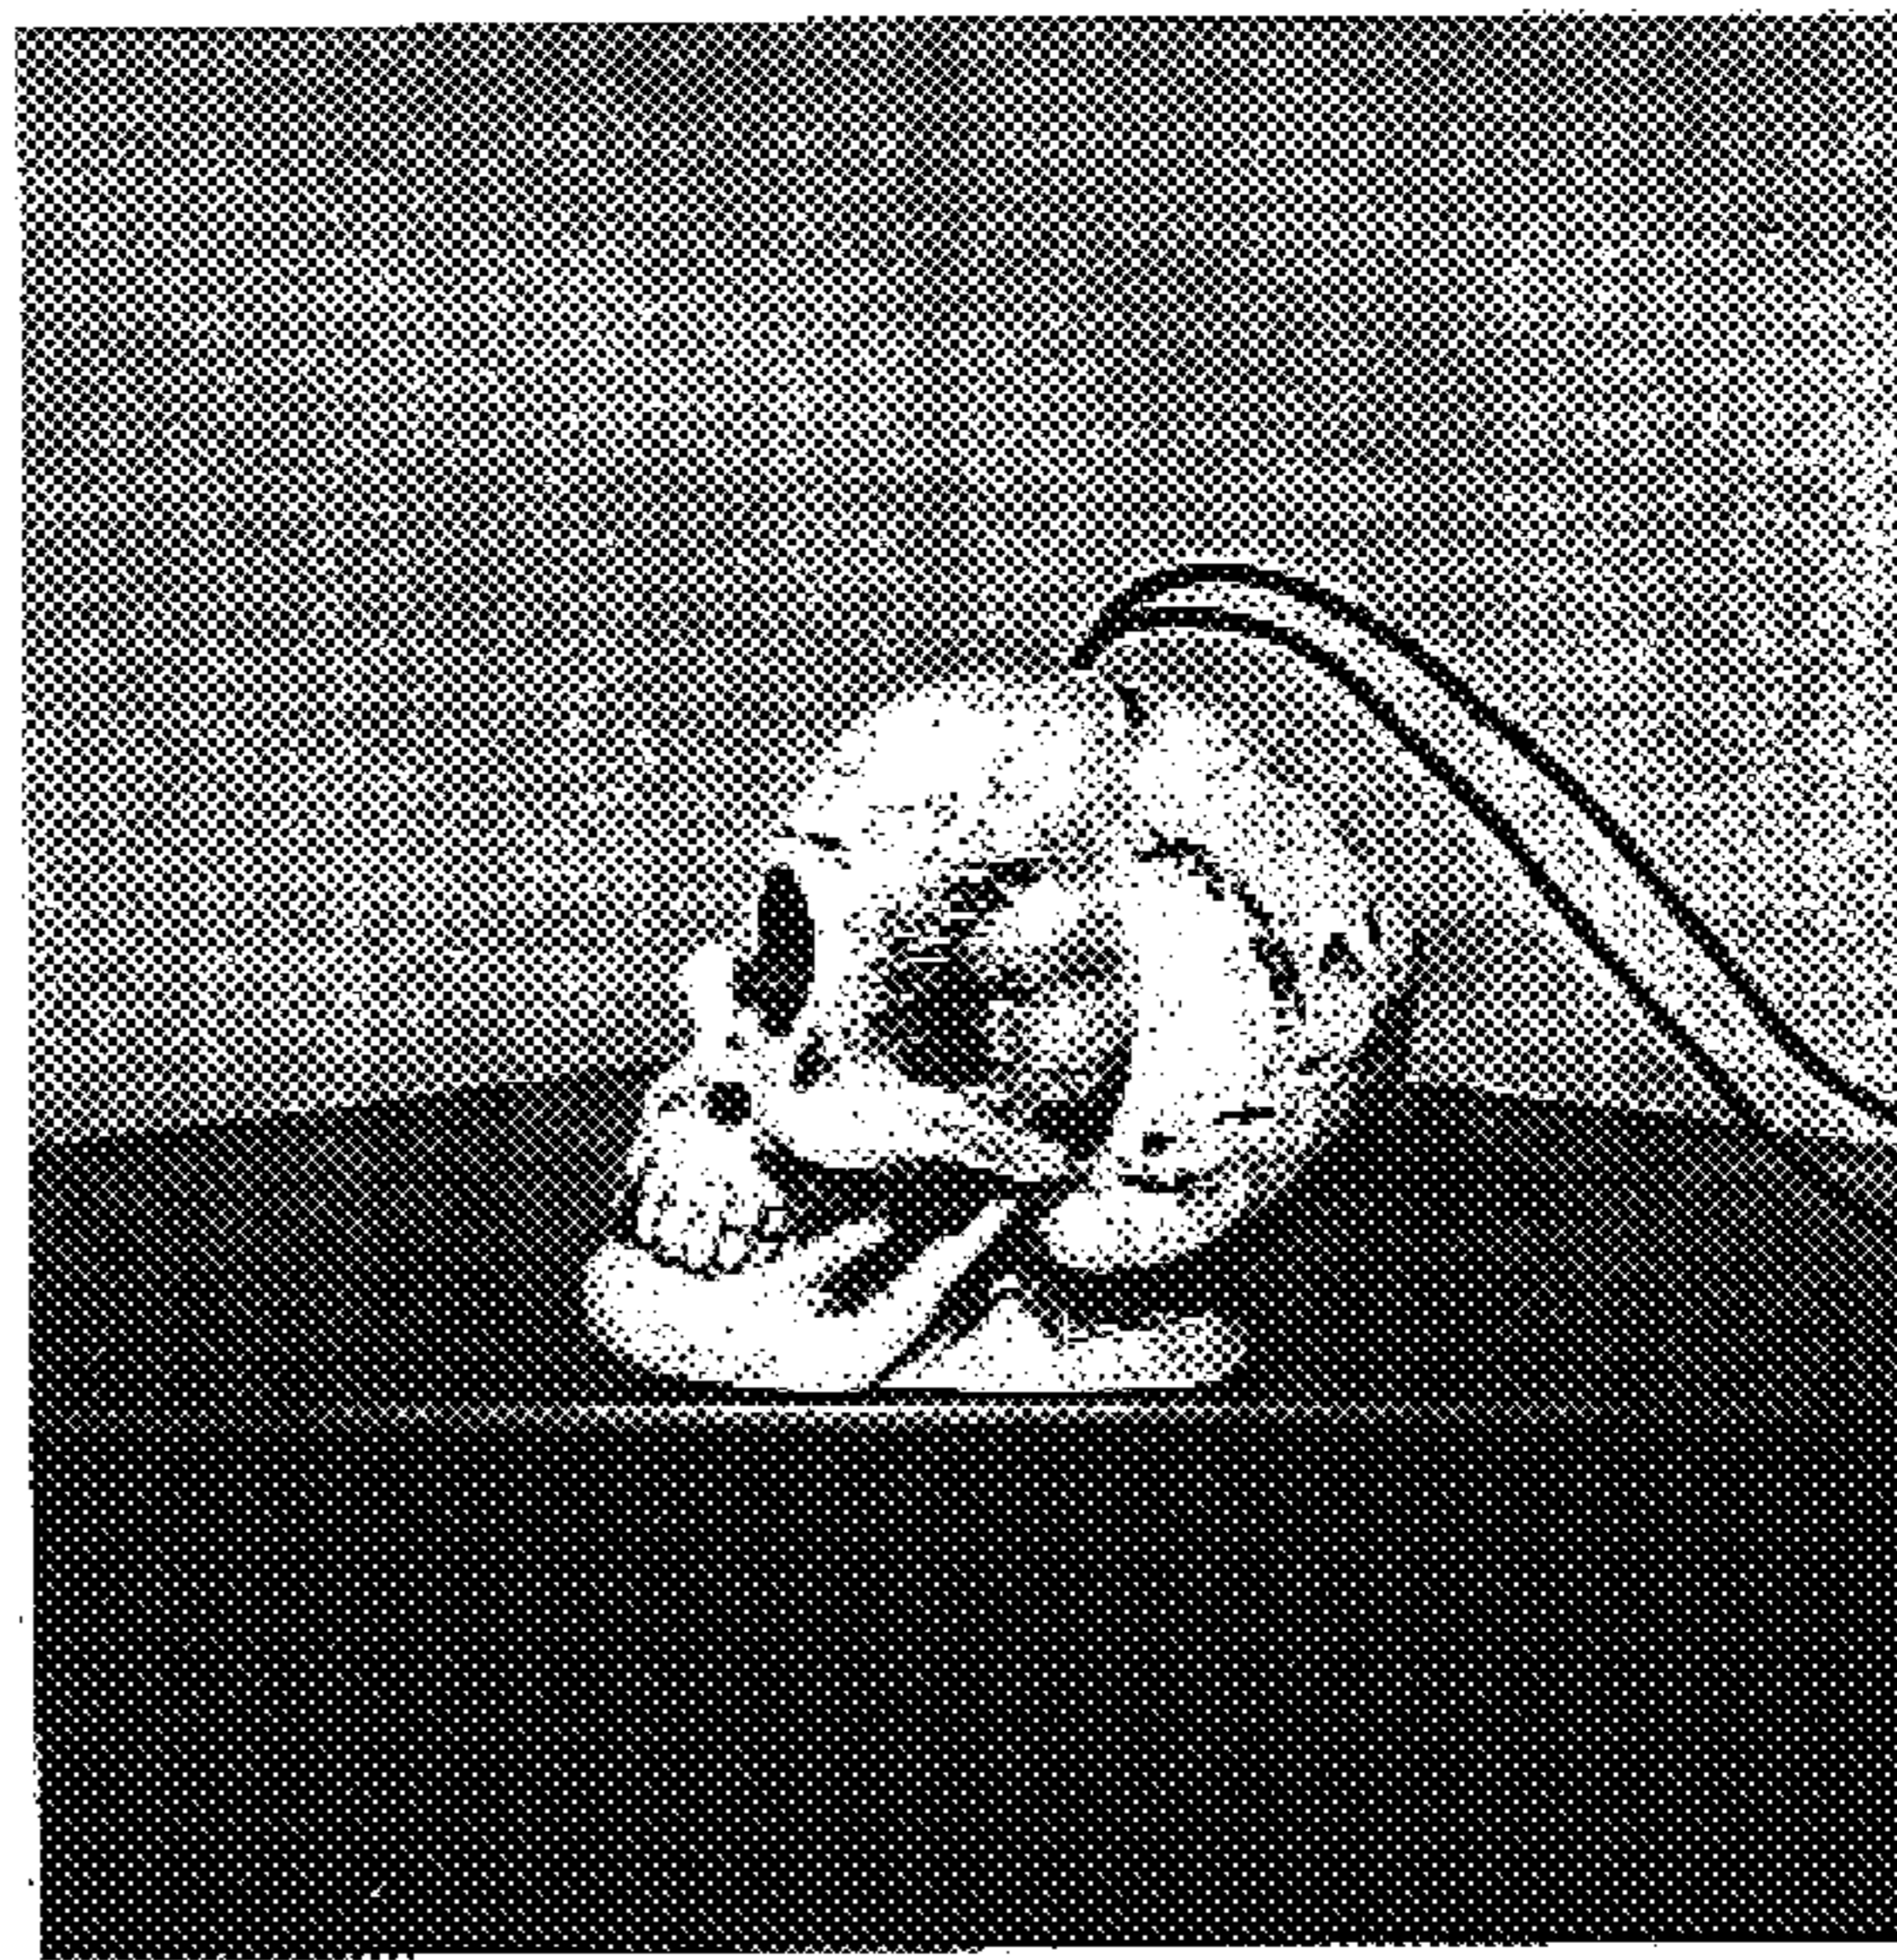

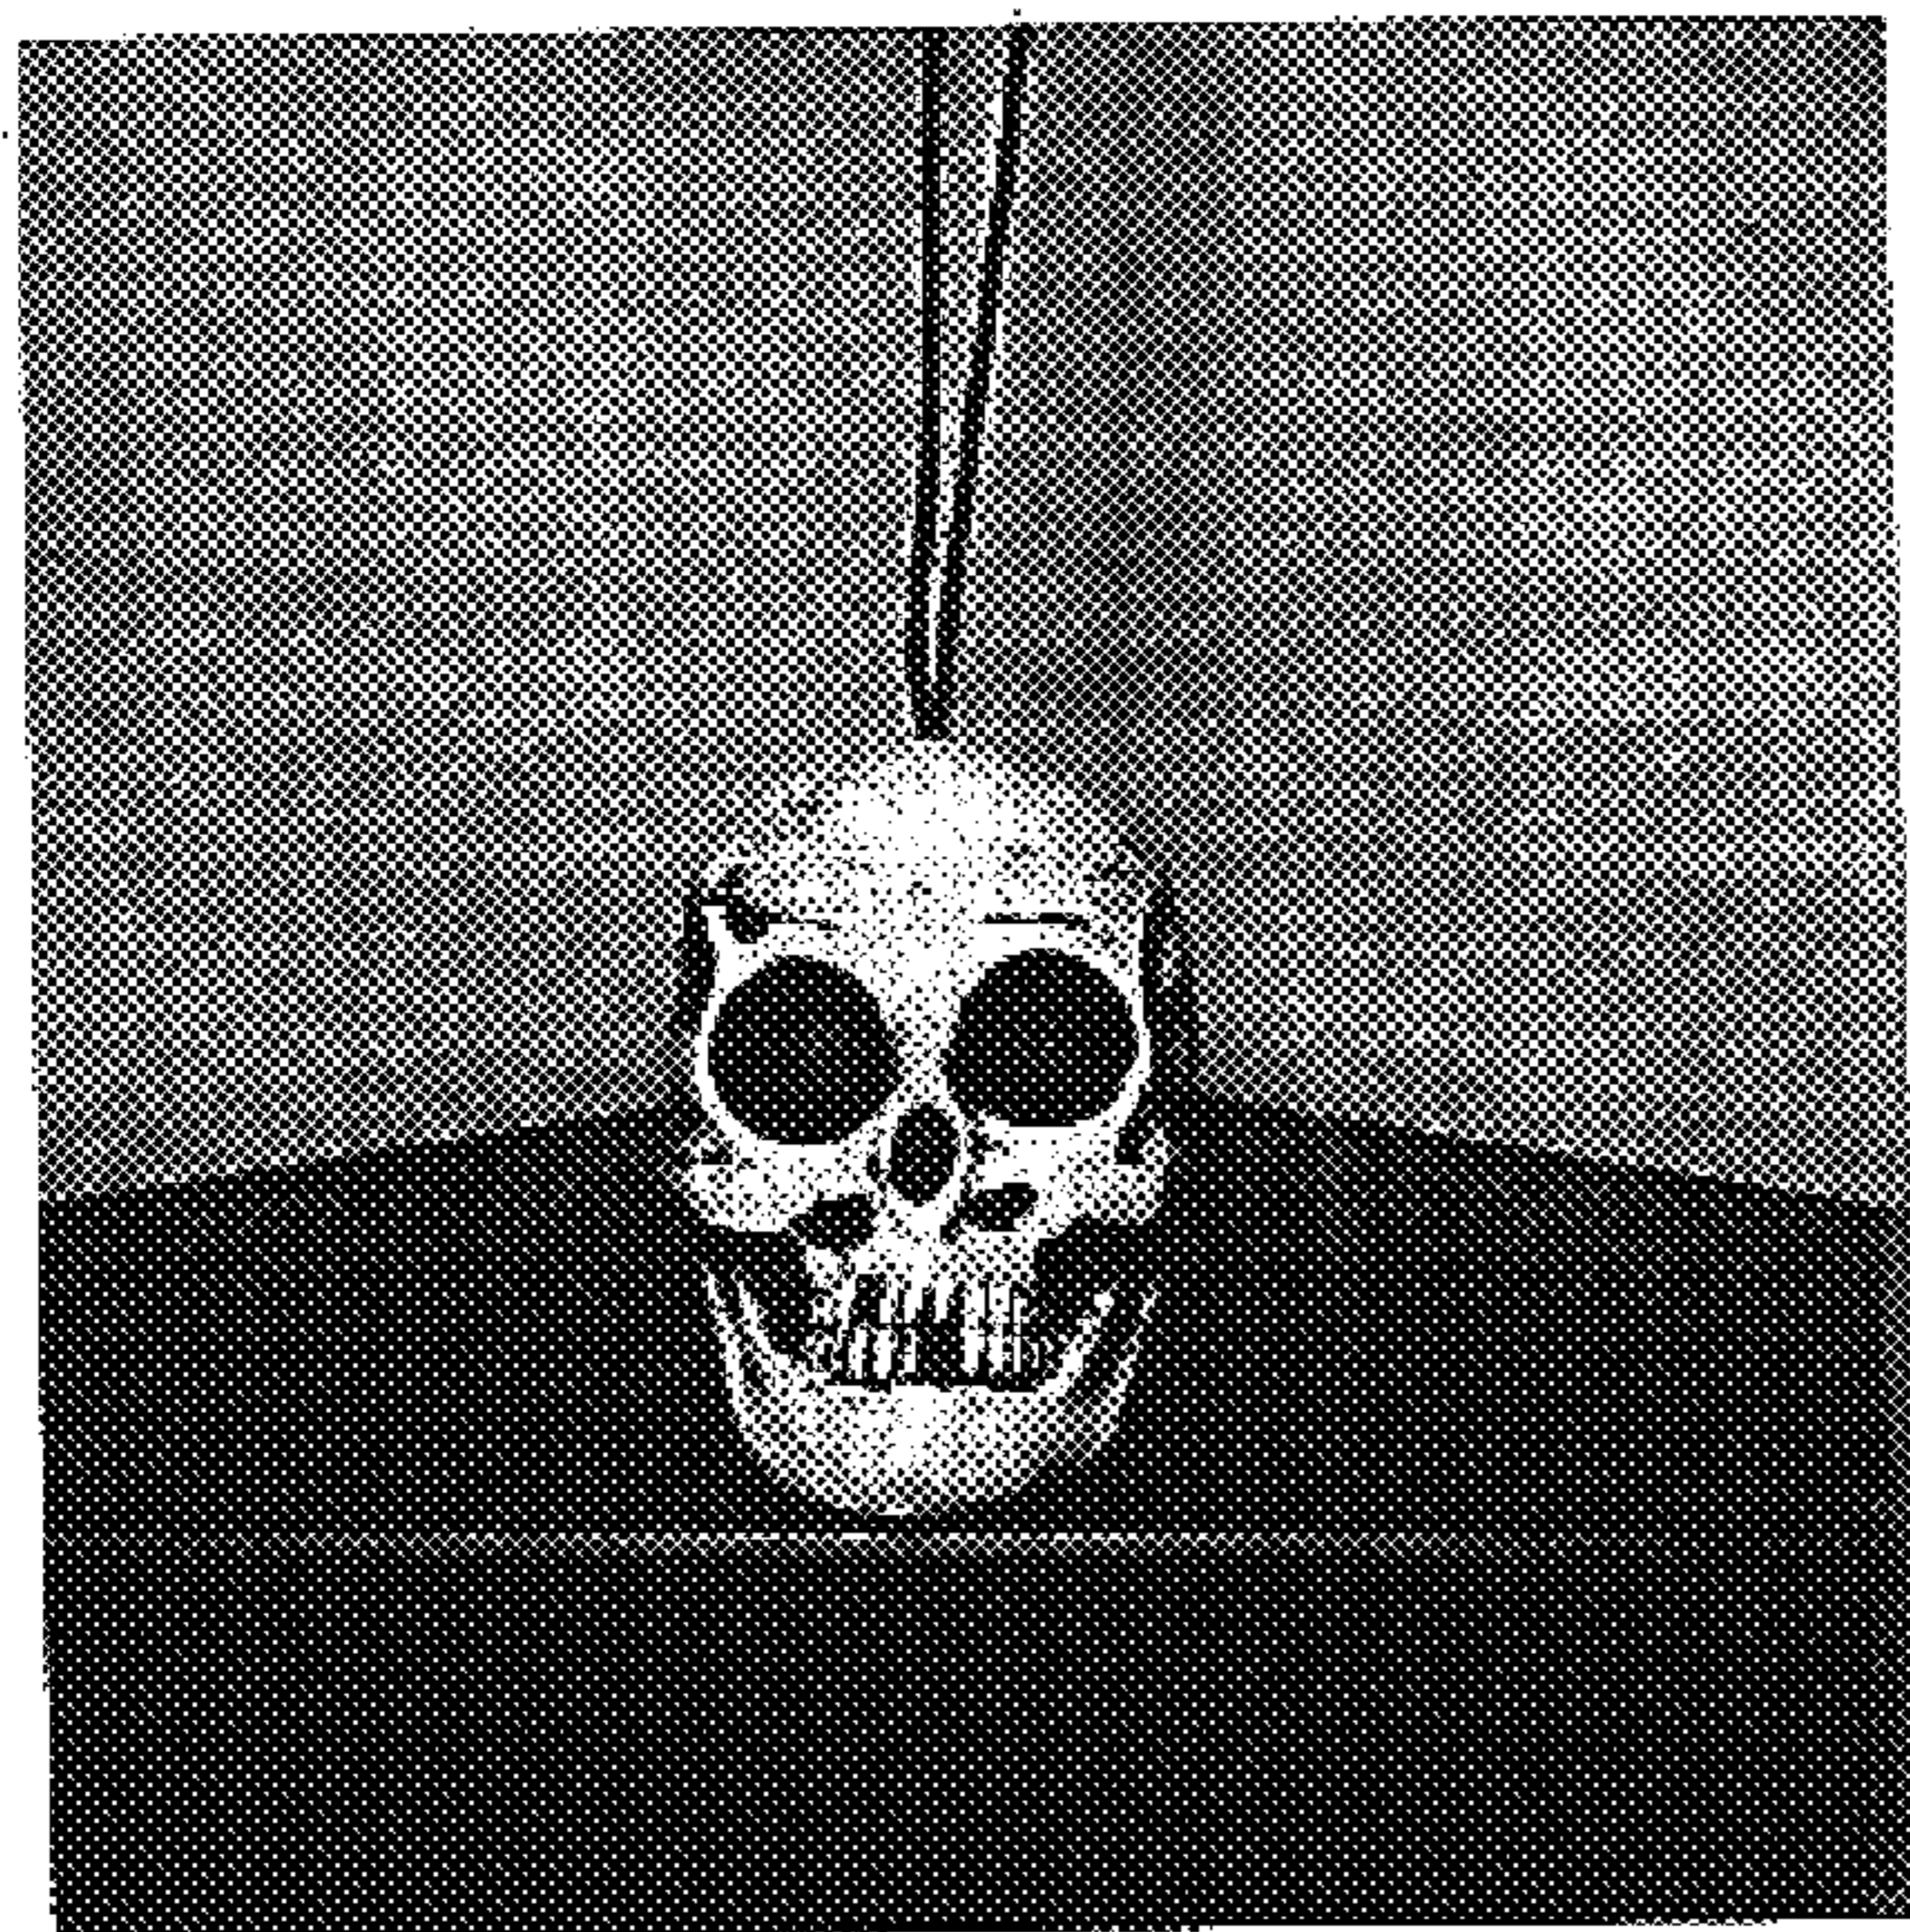

FIG. 3 is a left side view thereof;

FIG. 4 is a rear view thereof showing the three position switch;

FIG. 5 is a top “plain” view thereof; and,

FIG. 6 is a bottom view thereof showing a closed cover for the battery compartment.
