(57) **CLAIM**

The ornamental design for a surface pattern for a textile, as shown and described.

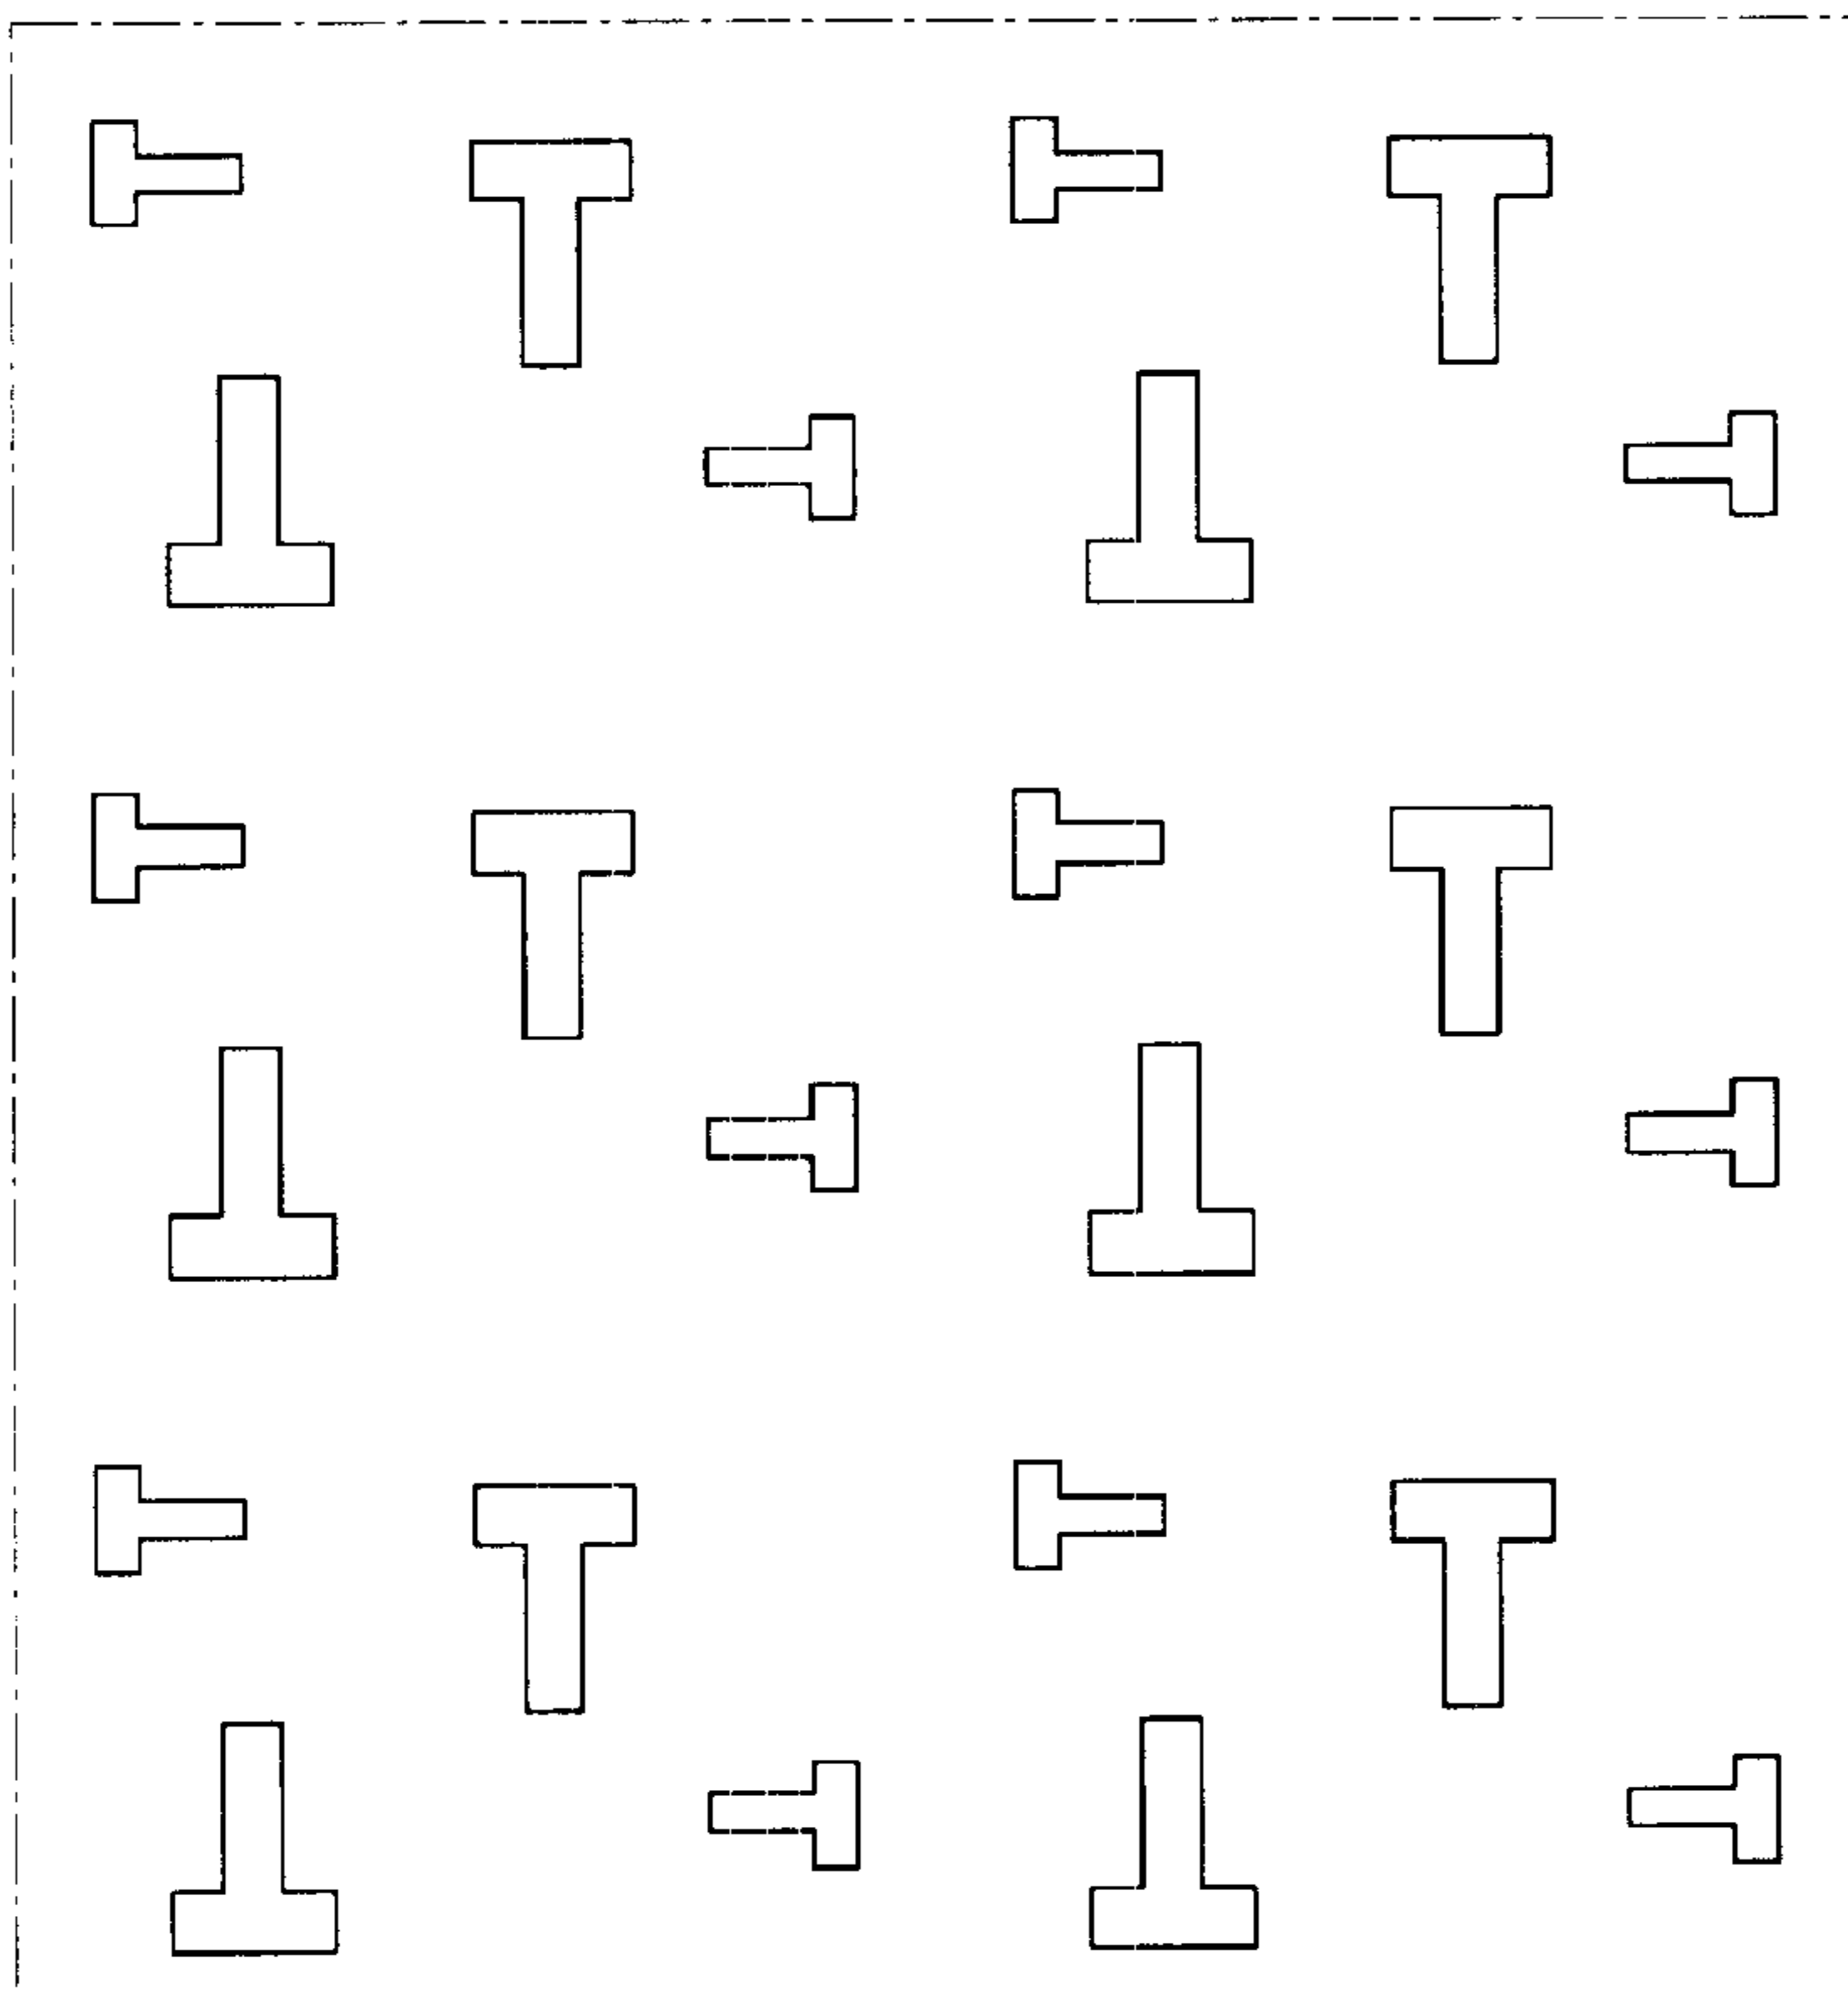

DESCRIPTION

FIG. 1 is a top plan view of a surface pattern for a textile showing my new design; and,

FIG. 2 is an enlarged top plan view of one repeat unit of the surface pattern for a textile.

The broken lines define a portion of the textile and indicate that the pattern continues indeterminately in one or more directions and repeats uniformly throughout the length and width of the textile. The broken lines form no part of the claimed design.
