(57) **CLAIM**

The ornamental design for a video conference station, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a video conference station, showing novel design, for mounting flush into a wall or cabinet;  
FIG. 2 is a perspective view of the video conference station of FIG. 1 with the audio handset removed for use;  
FIG. 3 is an enlarged detail view of the upper right hand corner of the display window showing the side panel of the opening having a portion rolled towards the window and a non-rolled portion;  
FIG. 4 is a front elevation view of the video conference station of FIG. 1;  
FIG. 5 is a side elevation view of the video conference station of FIG. 1; and,  
FIG. 6 is a top elevation view of the video conference station of FIG. 1.  
The broken lines in the drawing form no part of the claimed design.
