

US00D486486S

(12) **United States Design Patent**
Jobs et al.

(10) **Patent No.: US D486,486 S**

(45) **Date of Patent: ** Feb. 10, 2004**

(54) **DISPLAY DEVICE WITH A MOVEABLE ASSEMBLY**

(75) **Inventors:** Steven P. Jobs, Palo Alto, CA (US); Bartley K. Andre, Menlo Park, CA (US); Michael D. Hillman, Campbell, CA (US); Frank Tsai, San Jose, CA (US); Brian T. Sudderth, Leonard, TX (US); Daniel L. McBroom, Leonard, TX (US); Michael D. McBroom, Leonard, TX (US); Arthur S. Brigham, Sunnyvale, CA (US); Joel F. Jensen, Redwood City, CA (US); Robert B. Brownell, Jr., Decatur, GA (US); Sung Kim, Palo Alto, CA (US); Anwyl M. McDonald, Lafayette, CA (US); Russell C. Mead, Jr., Mountain View, CA (US); Arturo Meuniot, San Francisco, CA (US); Jesus Beltran, Mountain View, CA (US); Jonathan Ive, San Francisco, CA (US); Christopher J. Stringer, Pacifica, CA (US)

(73) **Assignee:** Apple Computer, Inc., Cupertino, CA (US)

(**) **Term:** 14 Years

(21) **Appl. No.:** 29/153,043

(22) **Filed:** Nov. 8, 2001

(51) **LOC (7) Cl. 14-02**

(52) **U.S. Cl. D14/371; D14/337**

(57) **CLAIM**

The ornamental design for a display device with a moveable assembly, as shown and described.

DESCRIPTION

FIG. 1 Shows a front perspective view of a display device with a moveable assembly attached to a flat panel display and to a base, the moveable assembly shown in a first position.

FIG. 2 Shows a back perspective view of a display device with moveable assembly attached to a flat panel display and to a base, the moveable assembly shown in a first position.

FIG. 3 shows a front view of a second embodiment of a display device with a moveable assembly attached to a flat

panel display and to a base, the moveable assembly shown in a first position.

FIG. 4 Shows a side right view of a display device with a moveable assembly attached to a flat panel display and to a base, the moveable assembly shown in a first position.

FIG. 5 Shows a back view of a display device with a moveable assembly attached to a flat panel display and to a base, the moveable assembly shown in a first position.

FIG. 6 Shows a side left view of a display device with a moveable assembly attached to a flat panel display and to a base, the moveable assembly shown in a first position.

FIG. 7 Shows a top view of a display device with a moveable assembly attached to a flat panel display and to a base, the moveable assembly shown in a second position.

FIG. 8 Shows a bottom view of a display device with a moveable assembly attached to a flat panel display and to a base, the moveable assembly shown in a second position.

FIG. 9 Shows a front perspective view of a display device with moveable assembly attached to a flat panel display and to a base, the moveable assembly shown in a second position.

FIG. 10 Shows a back perspective view of a display device with a moveable assembly attached to a flat panel display and to a base, the moveable assembly shown in a second position.

FIG. 11 shows a front perspective view of a third embodiment of a display device with a moveable assembly attached to a flat panel display and to a base, the moveable assembly shown in a first position.

FIG. 12 Shows a back perspective view of a display device with moveable assembly attached to a flat panel display and to a base, the moveable assembly shown in a first position.

FIG. 13 shows a front view of a fourth embodiment of a display device with a moveable assembly attached to a flat panel display and to a base.

FIG. 14 Shows a back view of a display device with a moveable assembly attached to a flat panel display and to a base.

FIG. 15 Shows a side left view of a display device with a moveable assembly attached to a flat panel display and to a base.

FIG. 16 Shows a side right view of a display device with a moveable assembly attached to a flat panel display and to a base.

FIG. 17 Shows a bottom view of a display device with moveable assembly attached to a flat panel display and to a base; and,

FIG. 18 Shows a top view of a display device with a moveable assembly attached to a flat panel display and to a base.
