(57) **CLAIM**

We claim the ornamental design for a plastic fence gate, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of a plastic fence gate according to the present invention, fence posts and an adjoining fence section being illustrated in broken lines for environmental purposes only, and forming no part of the claimed design;

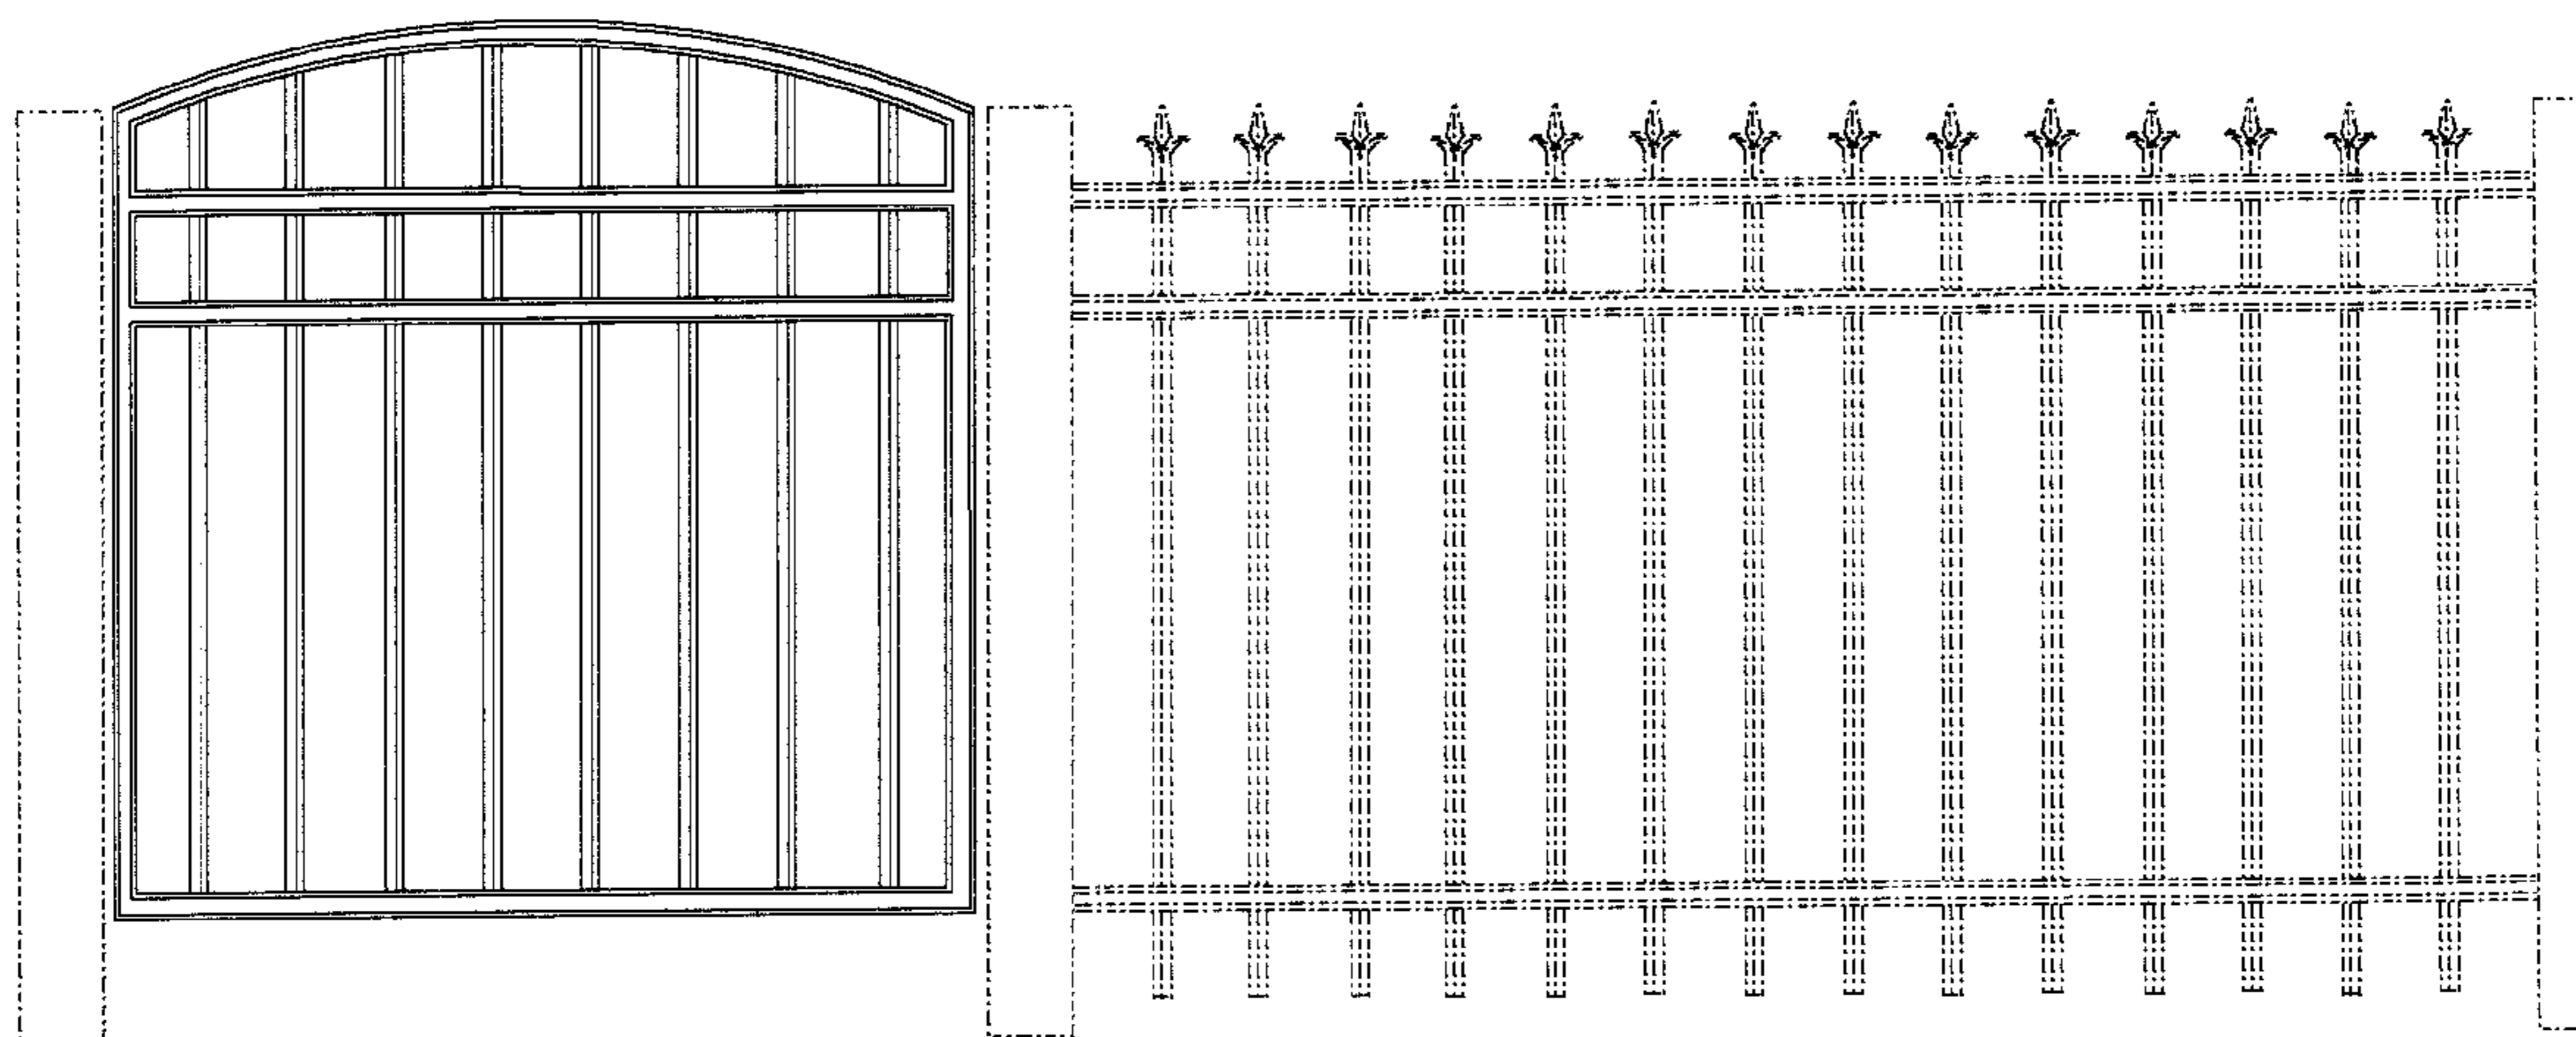

FIG. 2 is a front elevational view of the plastic fence gate according to the present invention, the rear view being identical thereto;

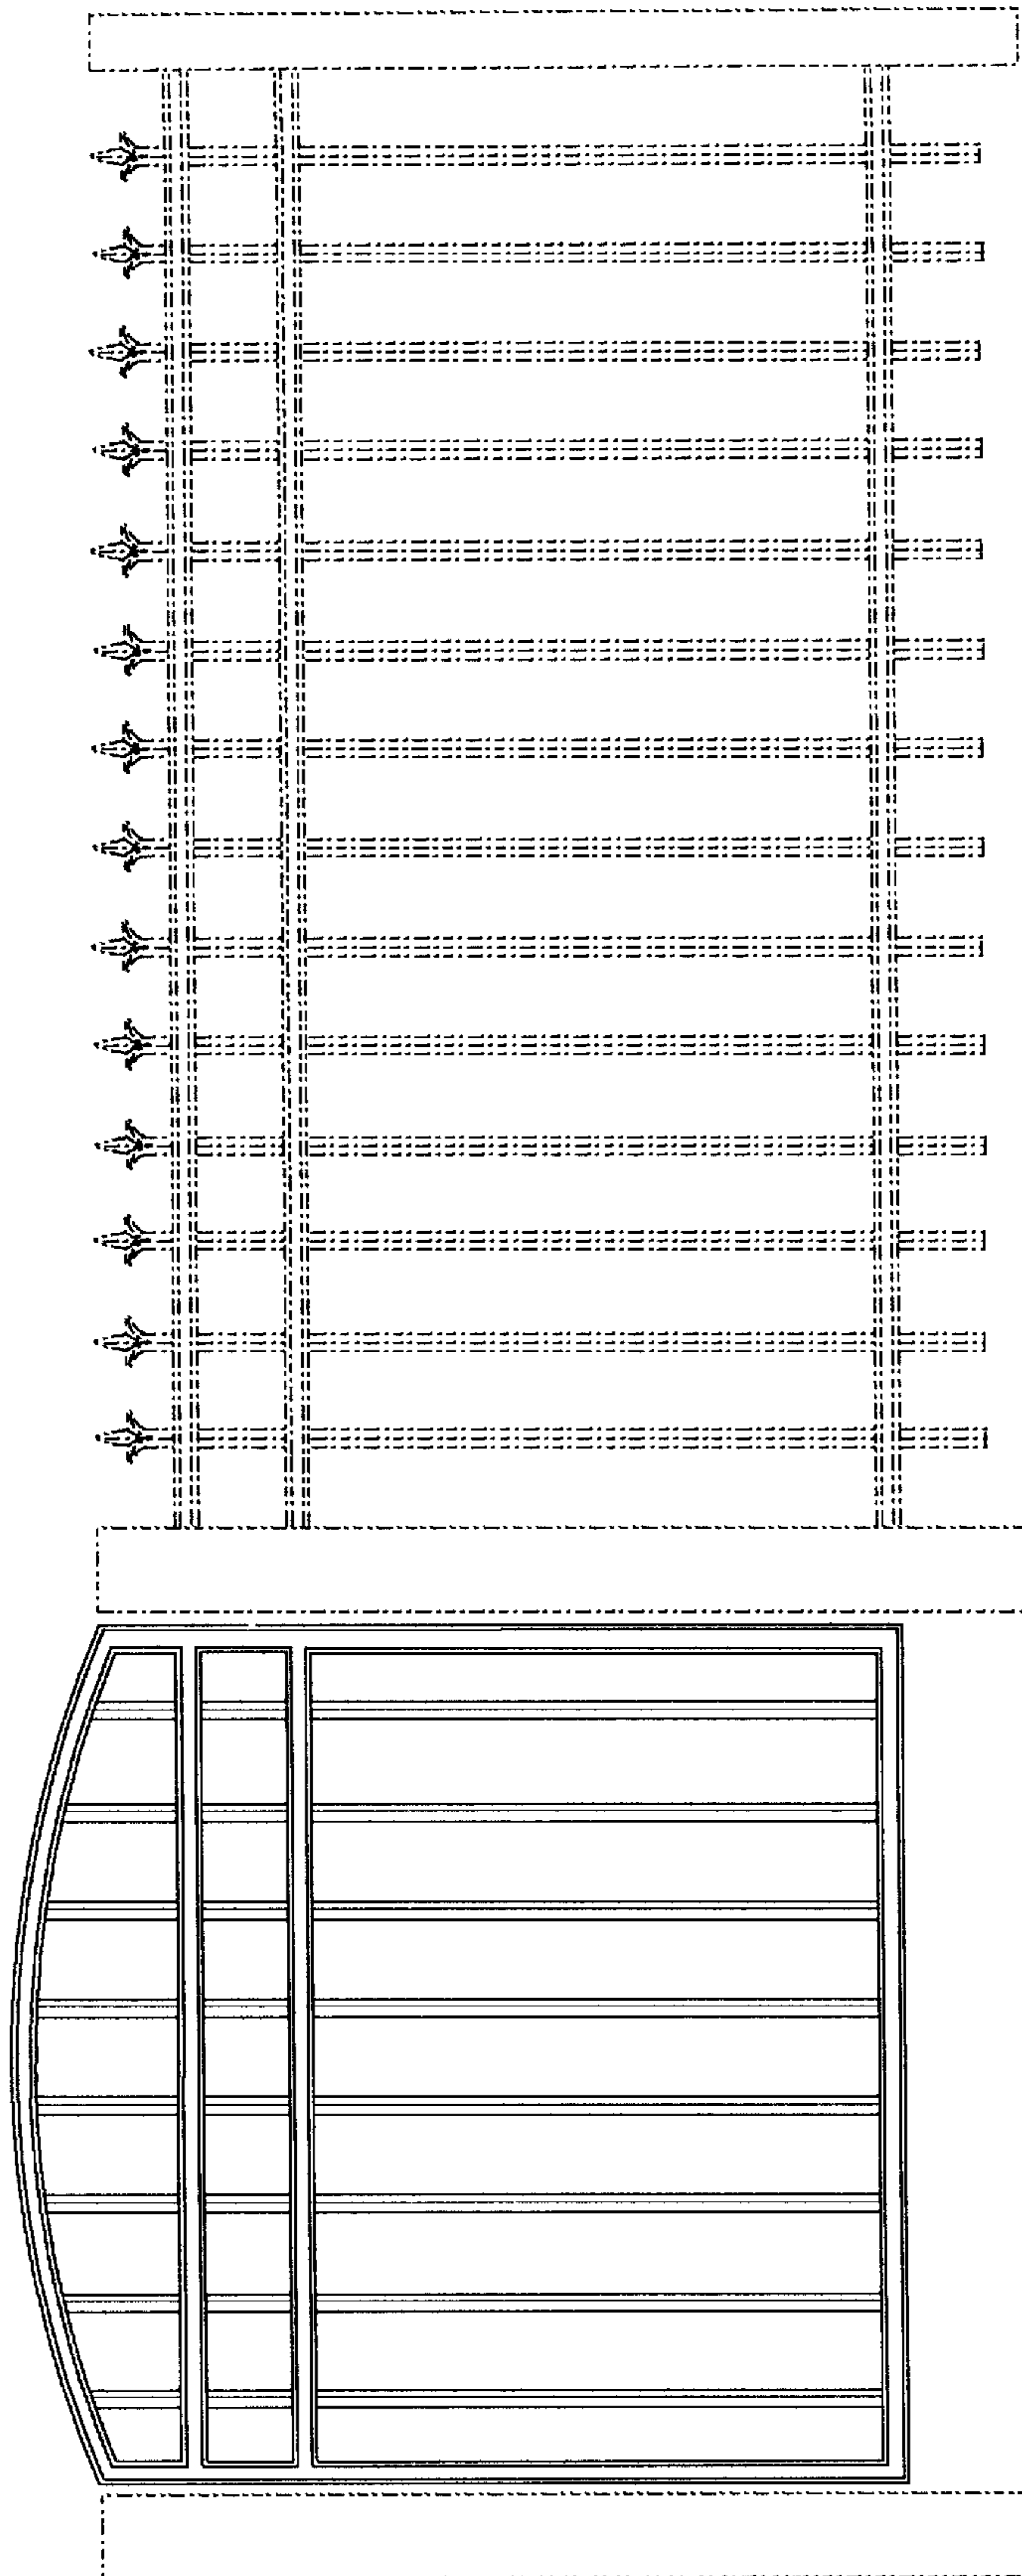

FIG. 3 is a side elevational view of the plastic fence gate according to the present invention, the other side view being identical thereto;

FIG. 4 is a bottom view of the plastic fence gate according to the present invention, the top view being identical thereto; and,

FIG. 5 is a cross-sectional side view of the plastic fence gate according to the present invention, taken along lines 5—5 in FIG. 2.
