(57) **CLAIM**

The ornamental design for a dental tool, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view showing the top, front, and left sides of a dental tool according to the new design; FIG. 2 is a top plan view thereof, the front and rear elevation and the bottom plan views being identical to the top plan view as shown; FIG. 3 is a left side elevational view thereof; and, FIG. 4 is a right side elevational view thereof. The dotted line depiction of a dental implement in FIGS. 1 and 2 are for illustrative purposes only, and does not form any part of the claimed design.
