(57) **CLAIM**

The ornamental design for an automobile window screen, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the automobile window screen with broken lines indicating an environment in which said screens are placed, the broken lines not part of the invention.

FIG. 2 is a front view of the automobile window screen; FIG. 3 is a back view of the automobile window screen; FIG. 4 is a top view of the automobile window screen; FIG. 5 is a bottom view of the automobile window screen; FIG. 6 is a left side view of the automobile window screen; and, FIG. 7 is a right side view of the automobile window screen. The automobile window screen is shown on an enlarged scale in FIGS. 2-7.
