(57) **CLAIM**

This ornamental design for an apparatus for framing and hanging a sheet-like display item, as shown and described.

DESCRIPTION

This apparatus for framing and hanging a sheet-like display item is characterized by two generally identical elongate members having decorative ornaments on the front.

FIG. 1 is a perspective view of an apparatus for framing and hanging a sheet like display item, showing my new design; FIG. 2 is a front elevational view of the top portion, the bottom being a mirror image thereof;

FIG. 3 is a top plan view, the bottom being a mirror image thereof;

FIG. 4 is a left side elevational view, the right side being a mirror image thereof;

FIG. 5 is a perspective view of an apparatus for framing and hanging a sheet like display item, showing an alternate embodiment of my new design;

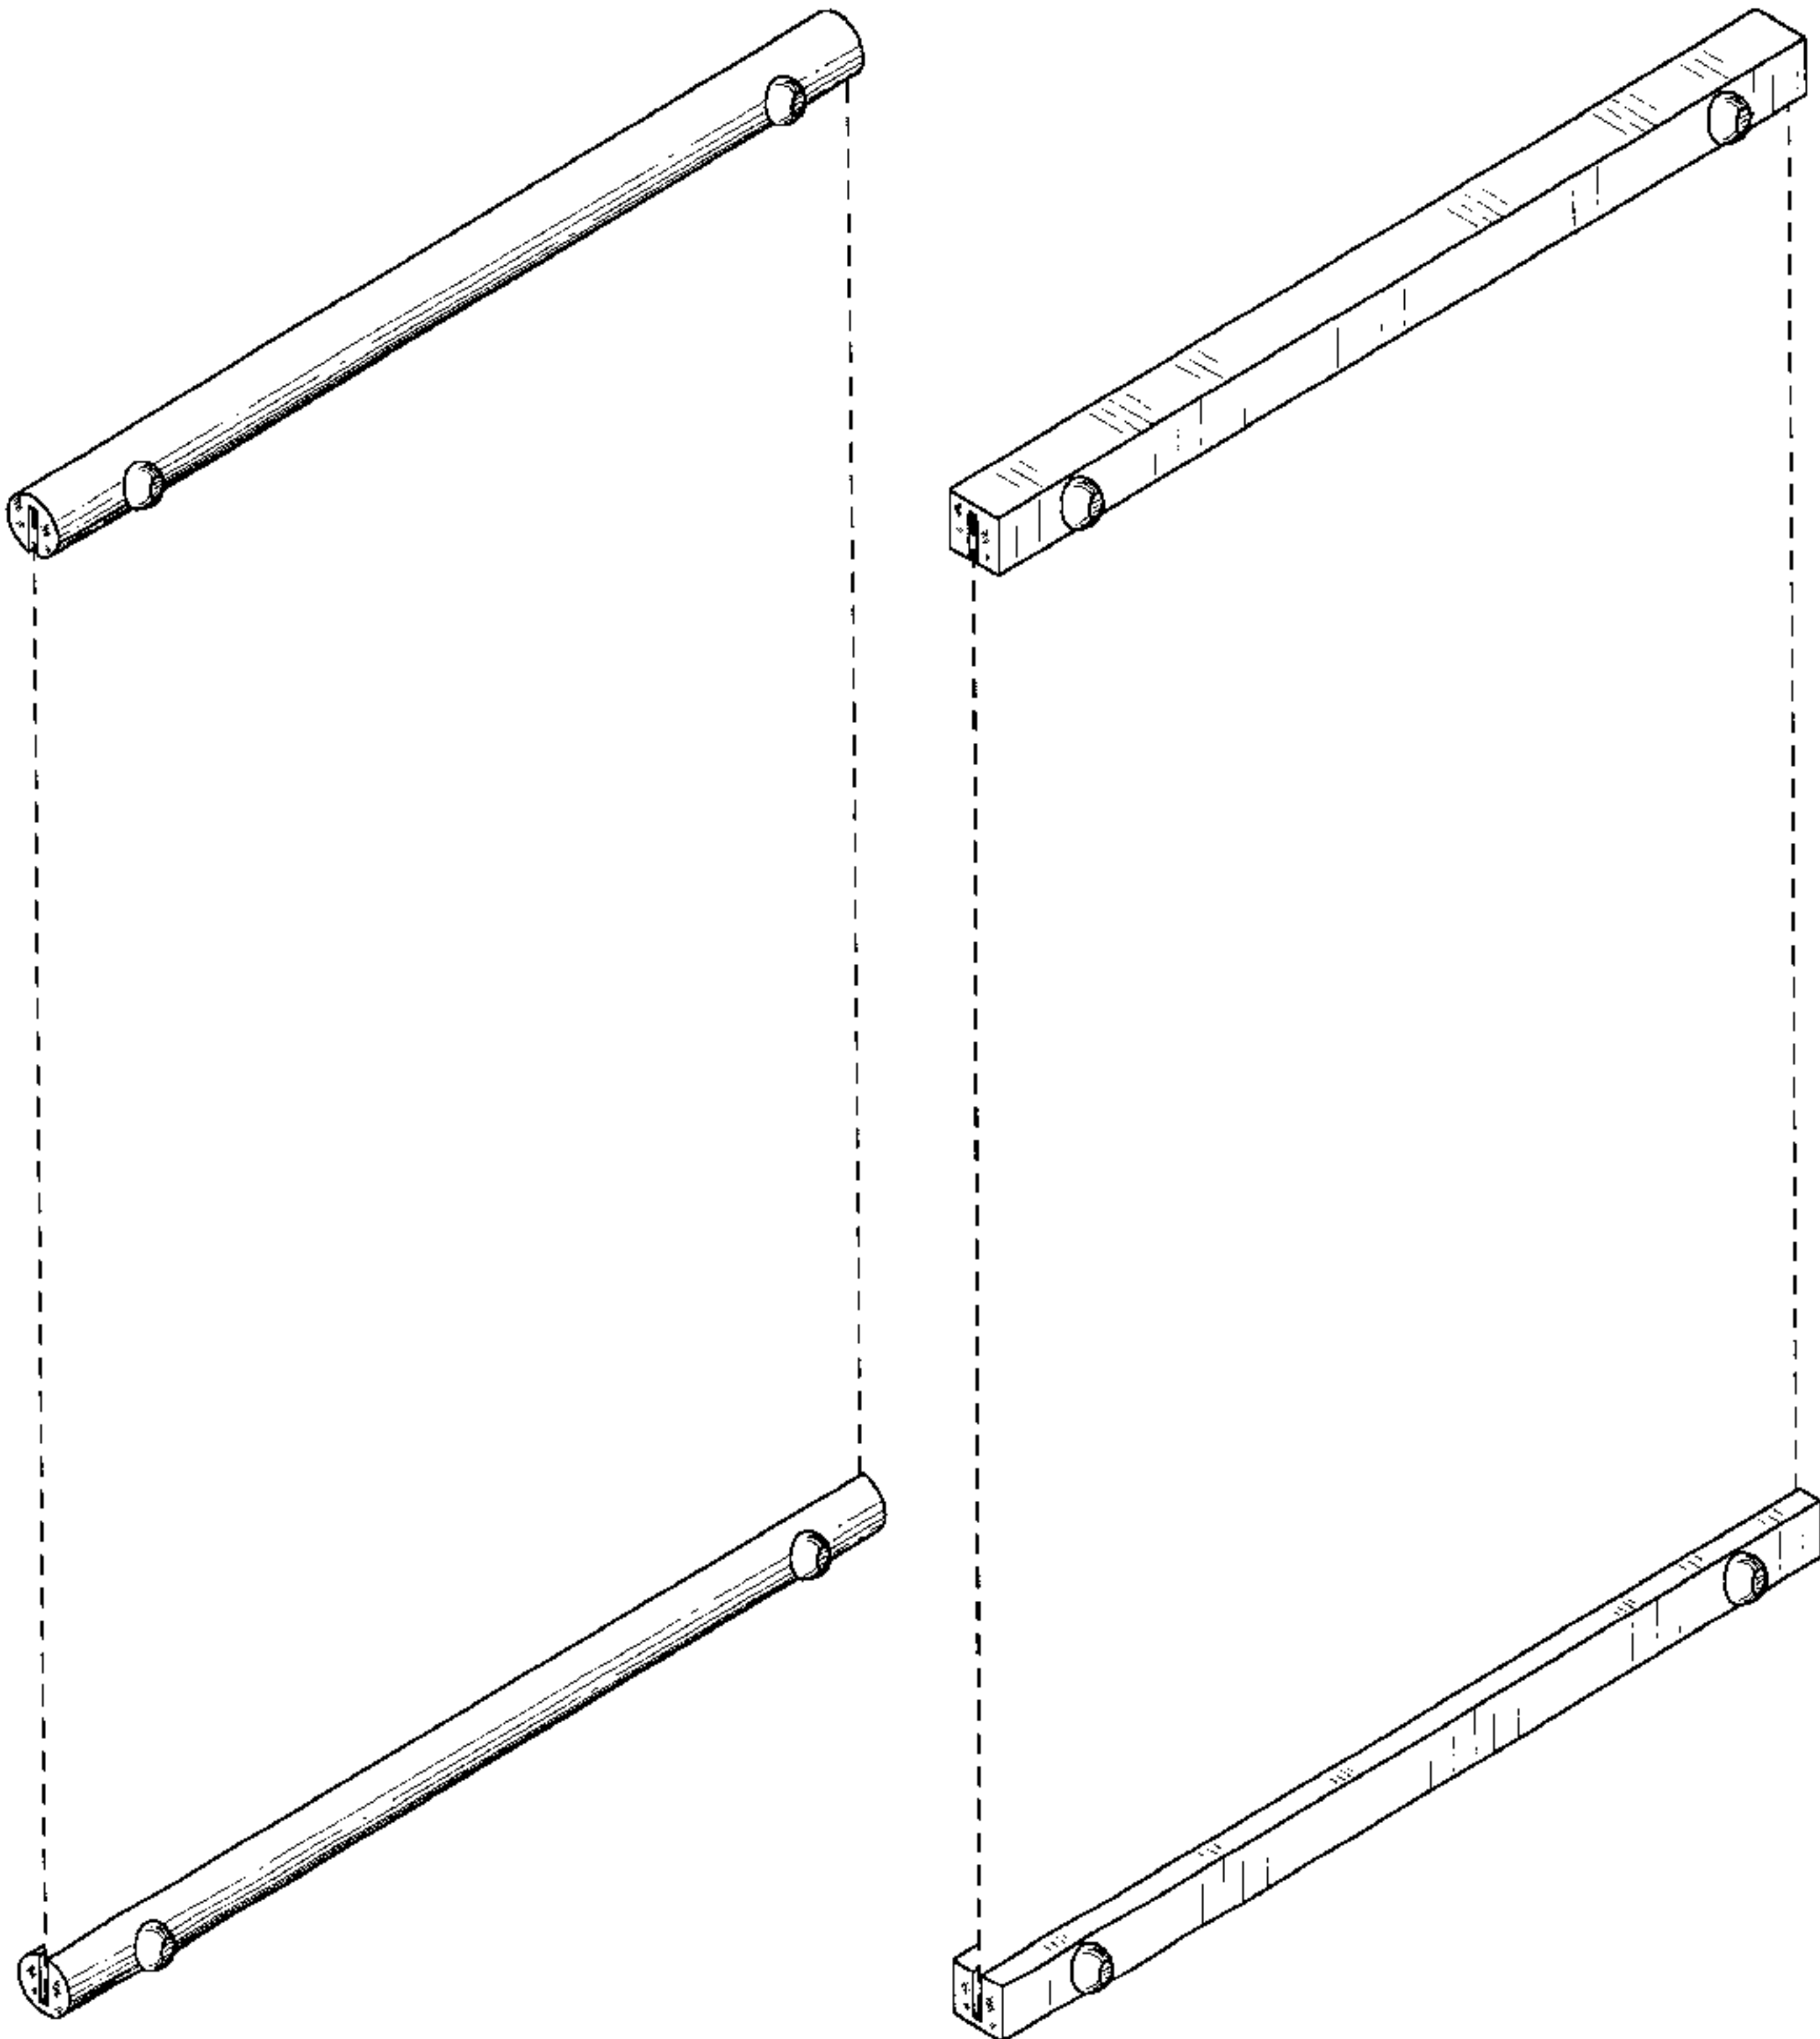

FIG. 6 is a front elevational view of the top portion, the bottom being a mirror image thereof;

FIG. 7 is a top plan view, the bottom being a mirror image thereof; and,

FIG. 8 is a left side elevational view, the right side being a mirror image thereof.

The rear views are omitted and form no part of the claimed design. The dashed lines are shown for environmental purposes only and form no part of the claimed design.
