(57) **CLAIM**

I claim the ornamental design for a vehicle air deflector, as shown and described.

DESCRIPTION

FIG. 1 is a rear left side perspective view of my new design for a vehicle air deflector with broken lines illustrating environment that does not constitute part of the design; FIG. 2 is a front right side perspective view of my new design for a vehicle air deflector with broken lines illustrating environment that does not constitute part of the design; FIG. 3 is a left side elevational view thereof, of which the right side elevational view is a mirror image thereof; FIG. 4 is a front view thereof with broken lines illustrating environment that does not constitute part of the design; FIG. 5 is a rear view thereof, with broken lines illustrating environment that does not constitute part of the design; FIG. 6 is a top elevational view thereof; FIG. 7 is a vertical cross sectional view taken along line 7—7 in FIG. 6, in which the broken lines are illustrating environment that does not constitute part of the design, it being understood that a cross-section view taken in the opposite direction is a mirror image thereof; and, FIG. 8 is a bottom elevational view thereof. FIGS. 2, 4, 5, 6 and 8 have been shown with a central section broken away for convenience of illustration to shown the design in larger scale.
